

REBELS AFTER GARRISON AT JAUREZ CITY

El Paso, Texas, April 28.—Carranza officials in El Paso and Juarez tonight were prepared to move against a threatened attempt to swing the Chihuahua revolution, which was launched in the State capital yesterday.

Funds of the customs office in Juarez were brought to an El Paso bank late this afternoon.

American troops in El Paso tonight were ordered to be prepared for action in event a threatened uprising in Juarez endangered this city.

Military police in the city have been issued rifles and ammunition, and the city police have made arrangements to patrol the deadline in part of the city beyond which civilians will not be permitted to go in the direction of the Rio Grande.

Gonzales Arrives at El Paso

General Francisco Gonzales, commander of the Juarez garrison when the city was attacked by Villa in June 1919, and until recently provisional Governor of Tamaulipas, arrived in El Paso this afternoon. He comes with authority from Carranza to take charge of loyal troops in Juarez in event there is an uprising.

Three hundred cavalrymen of the Villa Ahumada garrison, declared to be loyal forces, marched into Juarez late this afternoon after a forced hike from their post, eighty miles south of the border. Lieutenant Colonel Marroquin, commander of the Villa Ahumada garrison, who is said to be loyal to the Carranza Government arrived in Juarez last night.

At the same time arrangements were being made late today to rush to Juarez troops from Casas Grandes where they were mobilized last week for the campaign against Sonora, which has been temporarily postponed.

Fighting is known to have taken place Tuesday between the Federal General Quiroga's troops and the Chihuahua City rebels, but no details have been received. General Quiroga's entire command is said to number 4,000.

Troops from Torreon were on the march to join Quiroga's column with the idea of surrounding and cutting off the rebel garrison, it was said at the Mexican consulate here. One detachment from Santa Rosalia headed north of Chihuahua City to attack the rebels, who had begun destruction of the railroad line to Juarez. It was in that region that fighting was said to have taken place.

Wire communication with Chihuahua City has not been re-established beyond Terrazas, about midway between Juarez and Chihuahua City, but Consul General Luis Sandoval said it was expected to effect communication via Eagle Pass, Texas and Torreon before night. That line also has been cut south of Piedras Negras.

About 200 soldiers from the Juarez garrison started south last night "to repair bridges" according to official announcement, but it developed today that a complete artillery unit and machine gun company were included in the detachment.

Trouble Started Several Days Ago.

The revolting Chihuahua garrison is said to consist of 600 men under Colonel Francisco del Arco and Colonel Figueroa. The trouble was said to have started several days ago when forty men belonging to Del Arco's command revolted. Del Arco was called from La Cruz, south of Chihuahua City, where he was stationed with a small detachment, to quell the mutinous soldiers. The defection spread to the remaining troops with the result that the entire garrison rebelled.

The paint crew of the Santa Fe system is in Cameron this week painting and beautifying the park posts and fences. A great deal of care is taken to keep the flower gardens about the station intact and the property is as pretty as will be found in the larger cities.

Diamond Tires at Parma's

PRECINCT PRESIDENTIAL PRIMARIES TO BE HELD IN MILAM COUNTY SATURDAY

HUNDREDS IN CITY HEAR ARTISTS IN EDISON TONE TEST

GREAT SINGER AND PHONOGRAPH WIN WAY INTO HEARTS OF MUSIC LOVERS

The concert held at Cameron High School Auditorium Tuesday evening was a unique affair. The guests, whose number included most of the music lovers of Cameron and neighboring towns assembled delighted at the prospect of hearing a recital by the celebrated Miss Betsy Lane Shepherd, assisted by Mr. Wm. Reed with his flute. But a surprise was in store for them. Not one Miss Shepherd, but two, sang to the spell-bound audience, and the flute selections were played by Mr. Wm. Reed. And this performance was brought about by means of a graceful cabinet, which stood beside the artists on the stage, and matched their performance, note for note and tone for tone.

The first performance of the miracle was in the initial number on the program, when Miss Shepherd, standing beside the cabinet, sang in unison with Mr. Edison's Re-Creation of her own voice. In the midst of the song, Miss Shepherd's lips ceased to move but her song went on without a break. Slowly it dawned upon the astonished audience that the artist was no longer singing, though her voice came forth to them as clear and sweet as ever. She sang again—and the only perceptible difference was the motion of her lips. She ceased—but her voice did not. Veritably it seemed that there were two singers upon the stage—two voices, but only one voice. For the tones which came from the New Edison matched those from the living artist so perfectly that it was impossible to detect any difference. The instrument produced not an echo or copy, but the real thing—Miss Shepherd's voice unspoiled by any mechanical transformation; untainted by any metallic ring.

After the applause which followed this remarkable exhibition, Mr. Wm. Reed came forward to share the stage with his fellow musician, the New Edison. Again two artists were before us, for Mr. Reed with his flute played in unison with the Re-Creation of his art. Only by watching him could we tell when we were hearing Mr. Reed and when his music came to us in double measure. The instrumental Re-Creation was as perfect as that of Miss Shepherd's delightful voice. It was identical with the original in every particular.

Successive numbers on the program proved that the field of the New Edison is not limited to vocal and flute records. An orchestra selection was Re-Created with such fidelity that it was possible to follow the notes of any single instrument throughout the piece, for the identity of each was preserved, contributing its special color to the ensemble. A Re-Creation of a number on the piano was a revelation to those who had decided after hearing talking machine records, that the piano tone could not be reproduced. Further numbers in which Miss Shepherd and Mr. Reed performed with themselves served to convince the audience of their inability to distinguish between Re-Created art and its original.

One of the most interesting novelties in this evening of unique experience was when Miss Shepherd sang a duet with her own voice. It was as though two artists with voices of exactly the same tone-quality, the same expression, the same timbre, were singing together. The effect was somehow unreal and weird, as though one artist had been bewitched into two by some magician's art.

The climax of the evening's entertainment was when the room was darkened in the middle of one of Miss Shepherd's selections, and the listeners were left with no means but their ears of determining when they were hearing her voice in double volume, and when it reached them only from the New Edison. At first everyone doubted his own ability to judge, but as her previous proofs were forgotten in the spell of the song, they became more and more convinced that no instrument could sing as this voice was singing, and that Miss Shepherd was making no more breaks in her own performance. Suddenly the lights were snapped on. The audience was astonished to discover that Miss Shepherd was not there at all and that the New Edison had furnished the song alone.

A large delegation of Odd Fellows of Cameron went to Sharpe Wednesday night to attend a meeting of Odd Fellows Lodge there. The meeting was in the nature of a social gathering with a supper. The friends and members of the Lodge were invited.

Hear Dipping Vat Is Blown Up With Dynamite Explosion

A rumor was current in Cameron this morning that the Lewis dipping vat several miles southeast of Cameron had been blown up by a charge of dynamite. This rumor could not be confirmed an the Sheriff's Department, although had received reports from several source that the vat had been wrecked, no facts have been established.

The rumors calls to mind that some time ago a cattle dipping vat was blown up to the northeast of the city. Recently an intensive cattle dipping campaign was carried on in Milam county following federal quarantine against the county on account of the existence of the cattle fever tick.

COAL USERS URGED BY JETER TO BUY SUPPLIES EARLY

BY PLACING ORDERS NOW CAN AVOID SHORTAGE AND RAISE IN FREIGHT

R. P. Jeter of the Jeter Lumber Company has issued a timely appeal to consumers of coal to get their orders in early in order to get shipment and delivery in their winter needs before the season of consumption sets in.

This effort on the part of Mr. Jeter to bring to the attention of the people the conditions with reference to the supply of coal and delivery difficulties is very commendable and will quite relieve the situation of any possible recurrence of conditions of the past year, for the people are taking advantage of his advice to buy coal now.

Mr. Jeter is impressing upon the people the necessity for buying and having delivered their coal supply during the summer months because if they wait until the season sets in and the the consumption reaches maximum little opportunity will be had in which to supply needs. Production of coal has been short of the demand for a long time and this condition becomes especially acute during the winter months when consumption reaches maximum.

The railroads as Mr. Jeter very wisely points out, are after an increase in the freight rate. This new rate is expected to go into effect the latter part of June or in July. Consumers of coal who get their orders in before that date will avoid additional charges on coal because they can get the advantage of their present freight rates.

Delivery is going to be difficult and it is possible that Mr. Jeter will not be able to accommodate all his orders but is helping Cameron coal users get their supply early and as fast as delivery can be made.

Ollie McCrary, who has been warehouse foreman here for the Santa railroad for the past several years, has accepted a position as ticket agent for the Santa Fe and the Houston & Texas Central at Brenham. He left Cameron Wednesday afternoon. Mr. Reed of Moody has succeeded Mr. McCrary as warehouse foreman here.

E. A. Owens, Texas and Oklahoma agent for the American Underwriting Company of New York, arrived in Cameron last night to look after the interests of the company. The American Underwriting Company of New York has secured extensive leases in this county and are now drilling at Tracy. The Huffman well is the first deep test of the company. The company has taken its Tanglewood rig to Maysfield and will soon begin a deep test there in a few days.

CALL ISSUED TO DEMOCRATS TO ATTEND CONVENTIONS IN COUNTY.

Democratic Presidential Primary Conventions will be held at all the voting boxes in Milam County Saturday, May 1, 1920 for the purpose of sending delegates to the county convention which will be held in Cameron May 4 to elect delegates to the State Convention, which will be held Dallas May 25. From the Dallas convention delegates will be sent to the San Francisco convention.

Organization meeting was held here last Saturday and the Precinct Chairmen appointed.

W. W. Chambers, County Executive Chairman has given out an official statement which is as follows:

By virtue of the authority vested in me as Chairman of the Democratic Executive Committee of Milam County, Texas, and in pursuance of the instructions given at the meeting of the Democratic Executive Committee held in Cameron, Texas, on the 23rd day of April A. D. 1920, directing me so to do, I hereby direct that a Democratic Presidential Primary Convention be held at the voting boxes in Milam County, Texas, of which voting boxes the persons hereinafter named were appointed Chairmen, and at the following voting boxes and hours, to-wit, on May 1st, 1920.

TYSON IN RACE FOR COUNTY TREASURER

HAS SERVED AS COMMISSIONER IN PRECINCT NO. 2 OF MILAM COUNTY FOUR YEARS

M. V. Tyson, native citizen of Milam County and for four years Commissioner of Precinct Two in this county, has announced his candidacy for County Treasurer subject to the action of the Democratic Primary in July. The name of Mr. Tyson will be found in the proper announcement column this week.

Mr. Tyson, as a native son of Milam county, has resided in the Maysfield and Branchville communities all of his life. He moved to Cameron in September of 1919 and has been a citizen of this city since that time. He is well and favorably known and he needs no introduction to the people of this county, whom he served as county commissioner for two terms.

Mr. Tyson made two successful races for commissioner and in the first election had five opponents and the second time had two opponents and carried his home box both times without a dissenting vote. He retired as Commissioner of his Precinct not standing for a third term although urged to do so by his friends.

The announcement that he would be a candidate for the office of County Treasurer was made by Mr. Tyson Monday of this week. Prior to the time that the county auditor's office was created Mr. Tyson as Commissioner helped check the reports of the treasurer and says that by this means has become to some extent familiar with the duties of the office to which he now aspires.

For Pure Mebane Planting Seed see Stedman and Rogers.

ent will elect a secretary, and after so doing the said voters will elect their delegates and alternates to the County Convention to be held in Cameron, Texas, May 4th, 1920, at 3:00 o'clock p. m., and which convention is hereby called.

The Democratic Executive Committee ruled that each box would be entitled to one vote for each 25 votes cast for Governor at the last preceding General Election and one vote additional for each major fraction of 25 in excess of 25 votes; provided that each box shall be entitled to at least one vote. Under this ruling the respective voting boxes will be entitled to votes in the County Convention, as follows:

Cameron 7; Curry 1; Salem 1; Ad Hall 1; Elm Ridge 1; Rice School House 1; Minerva 1; Maysfield 2; Jones Prairie 1; Branchville 1; Baileyville 1; Milano 2; Gause 3; Hanover 1; Marlow 1; Rockdale 3; New Salem 1; Hamilton Chapel 1; Gay Hill 1; Kolb 1; San Grove 1; Sandy Creek 1; Bushdale 1; Davilla 1; Lilac 1; Tracy 1; Sharpe 1; San Gabriel 2; Crush 1; Buckholts 3; Sandy Ridge 1; Burlington 2; Ben Arnold 1; Walkers Creek 1; Marak 1; Yarrellton 1; Salty 1; Connelly 1; Watson Branch 1; Thorndale 2; Ellison Ridge 1; Briary 1; Oak Hill 1.

In case the presiding officer for any box herein named should fail to attend, then the voters present are authorized to elect a presiding officer.

Written minutes of the proceedings including a list of the voters present and the names of the delegates and alternates, shall be made by the Secretary and signed by him and the presiding officer and sent to me at Cameron, Texas. These papers will constitute the credentials of the delegates and must be in my hands before 10:00 o'clock a. m., Tuesday, May 4, 1920.

Please return to me WITHOUT FAIL, the Certified List of Voters Voters furnished each Chairman as this must be used in the uly Primaries.

W. W. CHAMBERS
Chairman Milam County Democratic Executive Committee.

METHODIST CHURCH WILL BUILD NEW \$70,000 BUILDING

PLANS FOR NEW EDIFICE NOW IN HANDS OF BOARD OF STEWARDS

The Methodist Church in Cameron will erect a new church building which will cost approximately \$70,000.

The Board of Stewards now have under advisement plans submitted by the architect and have practically decided upon the architectural style of the new building which will be the most modern and thoroughly equipped church building in Central Texas.

It is expected that the plans will be available for publication within the next few weeks as the architect was in Cameron Monday with the revised plans made following the first conference which was held several weeks ago.

The building program of the Methodists of Cameron has in view the moving of the parsonage from its present location on corner property west of the Federal building to a site to be selected in the residence portion of the city and the erection of the new church on the present parsonage site.

This gives the church an ideal location for the new building which will have a dimension of more than 50 by 120 feet. It will face the street south and extend back to the site of present church building. The site affords plenty of room for the new building. The old church will be torn down and a great volume of the material will be used in so far as it is applicable to the construction of the building.

The Methodist Church in Cameron, under the pastorate of Rev. Ira F. Key in undertaking the new building movement, deserves the active endorsement of the progressive people of Cameron and the church is being congratulated on its splendid movement.

CONTRACT LET FOR NEW BANK BUILDING

FIRST NATIONAL BANK TO HAVE FINEST HOME IN COUNTY WHEN COMPLETED

Contract has been let by the First National Bank of Cameron for the erection of its new home which will occupy the site where the business is now located. Final details of the construction program are expected to be closed within a few days.

The new home of the bank will be one of the most attractive buildings used by any bank in Central Texas and when completed will be a distinct feature in the business section of the city.

The old building will be used in forming the new structure. Some of the west walls will be torn away and the banking room made approximately twice the size of the present room. The exterior will be finished out with special face brick and trimmed with stone or other suitable material.

During the course of the construction of this improvement the banking business will be carried on in the rear of the old vault. The new vault fixtures will be installed and a safety deposit vault for the convenience of the customers will be installed.

The floors will be laid out in tile and new fixtures thought will be put in.

Construction on the new bank building will begin as soon as material can be assembled and when some of the detail matters closed up.

The First National Bank was organized in 1889 by the late John M. Hefley, beloved Milam County citizen, in association with a number of his friends. For nearly a half century this bank has been a bulwark in the finance of Milam County and the new improvement is but the latest of the successive growth undergone during its history.

OAKDALE NEWS

By Mrs. S. Hause

Guess everybody feels good after the little shower. Most every one has learned to take things as they come.

Mrs. Lettie Shelton spent the week end with home folks.

The school at Prospect taught by Mrs. Roy Hawbaker will last a few days longer.

Monday morning Mr. Homan drove an ox in Sid Hause's lot and rode it. About one-half hour he returned, saying he was hurt. He said, "I don't know, but I am hurt bad some way." They phoned for help. Did not think he was hurt very bad, but later decided, as he did not remember anything longer than it took to tell it, then phoned for Dr. Liddell. He had no bones broken but he has been in bed most of the time since, but very very much better Saturday evening.

Mr. and Mrs. Floyd Johnson of Fox School neighborhood, passed on their way to Cedar Creek to visit the Claude Bansen family.

Miss Adella Gunnells of Liberty was in Rogers last week to see relatives.

J. K. Miller and son of Liberty and son Martin motored to Rogers last week to spend a while with Mrs. Ashcraft, and Mrs. Davidson at Hewitt, and Mr. Miller's two daughters.

Mr. and Mrs. Young Hayes of Cameron, passed on their way to Summit to see the C. M. Beard family.

I see in the Gazette that Mr. W. E. Peel is going to try for the Justice of the Peace office.

Mr. Joe Schiller of Cameron and Mr. Claude Chatman of Ad Hall have been out this way to buy cattle. They are so busy that they came at night. They brought a flash light with them so they could see.

Let me say once more that everybody is well pleased, because we have had such a very nice rain.

Mr. Sid Hause and A. L. Chatman went to Milano Monday morning to get some more plants, to set out, and some corn ground for their little chicks. Chicks are the order of the day now. Everybody thinks they will get all they can. Seventy-five or one hundred does not start to satisfy them these days. Yet eggs bring a very good price.

Mr. and Mrs. Allison, who live in the Calvin Pressley house, gave the young people a nice party Friday night. All seemed to have the time of their lives.

Mr. Theo Ashenbeck and mother and Clyde Fisher went to Cameron Saturday evening.

Mr. and Mrs. Sid Hause was in Cameron Saturday for the first time in about a month, and while there they saw Mr. Green Tracy and son, Henry from Salem, Ike Looney and wife of Ben Arnold and Mr. Geo. Chatman of Yarellton.

Mr. and Mrs. Joe Harvel, wife and daughter of Belmena, Mr. and Mrs. Bob Davis and little son of Tracy and Bonnie Laird of Tracy. There was a great number of ladies from Buckholts trading about with the different merchants.

Mr. and Mrs. John Thompson of Oakwood came in last Saturday to see their son, Homan, who got hurt so bad Monday. They are old settlers of Milam county, having lived in Cameron and are well known there and over the county.

Mrs. Hill and son, Henry, of near Cameron, came one day last week and spent the day with her daughter, Mrs. John Wilkerson, and they returned the visit Saturday.

Mrs. L. A. Chatman went to Cedar Creek Wednesday and spent the day with her parents, Mr. and Mrs. McDonald.

Mr. O'Neal and Mr. A. W. Belt, his father, H. B. Belt and a few other men were in Cameron Saturday.

Mr. and Mrs. John Bethard were in Cameron Saturday. While there Mrs. Bethard was at the Sanitarium to see her neighbor, Mrs. A. W. Belt, who has been there several weeks.

Mr. and Mrs. Eugene Hause and Children were in the Prospect neighborhood Sunday evening.

BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, April 28.—The Sons of Herman gave a dance at their hall on Saturday night. Music was rendered by the Baca Brothers Band. A goodly number of tickets were sold.

Mr. T. W. Allen and family and Miss Hope Blankenship motored to Temple Saturday to see Miss Mildred Allen, who has recently undergone an operation for appendicitis. Miss Mildred is doing splendidly and is expected to return home about the middle of this week.

Misses Bessie and Lola Little, formerly of this place, but now of Cameron, were here during this week end to visit friends and relatives.

Miss Aubyn Hitt, first assistant of Jones Prairie school, was here last week to visit in the home of her parents, Mr. and Mrs. M. N. Hitt.

Miss Lucille Hooks spent Sunday with relatives in Cameron.

Mrs. T. D. Bryant of Waco, spent several days in this city, the guest of relatives.

Reverend Mr. Kelly from Baylor, Waco, filled his appointment at the Baptist church here Saturday night

and Sunday morning and night. Owing to the inclement weather there was an unusually small crowd in attendance.

Mrs. Jim Barclay of near Sharpe, was here the latter part of the week. She was guest in the home of her parents, Mr. and Mrs. Bud Robinson.

Mrs. Bessie Lowe and son, Robert, of Cameron, were week-end visitors in the home of Mr. and Mrs. Alex Henderson.

On Friday night Miss Mary Newton entertained her school pupils with a "backward party" at the school auditorium. The boys and girls were well entertained by playing various games and contests. Those assisting Miss Newton in entertaining were Mesdames A. W. Mowdy, K. Henderson, and Mrs. John Oliver.

Dr. and Mrs. W. T. Mowdy of Cameron are here visiting in the home of their brother, Mr. A. W. Mowdy.

Mrs. Tom Harris was in Temple last week to meet her niece who will be her guest for some time.

A good rain fell here Sunday afternoon about six o'clock. Some hail fell also, but not enough to damage what little corn there may be up. A brisk norther followed the rain and this will cause the ground to dry very quickly.

Mrs. Bert Ray was shopping in Cameron last Saturday.

I think Splenlox is wonderful for the hair

Grace Jones

You can have Lovely Hair.

of the MAKINELLO BEAUTY SHOP DALLAS

It's not the hat but the hair under the hat that gives the general effect of smartness and charm that every woman and man, too, admires.

You can have lustrous, perfectly groomed hair easily when you know the secret. And the secret is simply - health. A healthy scalp is the foundation of glossy, luxuriant tresses.

Try the following scalp health treatment and note the improvement in your hair:

Every three days lightly massage your scalp with a thoroughly reliable tonic which will cleanse dandruff clogged pores and invigorate and nourish the hair. This massage stimulates the growth of new hair. Shampoo your hair once in two weeks and, after washing, apply the tonic as usual. Every day give your hair a hundred strokes with a firm bristled brush to impart a silky sheen. Never use over-hot curling irons on your hair.

Begin today the above simple treatment and make your hair the envy of your friends.

Splenlox, the Guaranteed Dandruff Remedy and Tonic, stimulates growth and nourishes and preserves the hair.

If your druggist doesn't carry Splenlox, send \$1.00 for bottle postpaid.

SPLENLOX

Splenlox Coconut Oil Shampoo keeps the hair soft and fluffy.

Makes Healthy Hair

Your money cheerfully refunded if you are not satisfied with results.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

CHURCH MEMBERSHIP ACCEPTS CHALLENGE TO GREAT REVIVAL

Sixteen Million Dollar Fund Will be Raised, Say United Presbyterian Leaders After Personal Tours of America

Leaders in the United Presbyterian church, returning from hurried speaking tours to all parts of America, report at national headquarters of the New World Movement in Pittsburgh, Pa., that there is little doubt that the denomination will achieve an overwhelming success in its campaign from April 25 to May 2 for \$16,715,208 to widen the field of church work at home and abroad.

DR. GEORGE E. RAITT

During March and April more than a dozen of the most widely known men in the church visited every part of the country where United Presbyterianism is represented. Enthusiasm for the campaign, which is one of the 30 denominational drives comprised in the Interchurch World Movement united campaign, is steadily increasing say all the leaders.

Rev. George E. Raitt, D. D., general secretary of the New World Movement, crossed the country, speaking at Omaha and Pawnee, Nebraska; Loveland, Greeley, Denver and Pueblo, Colorado, and in Los Angeles and Long Beach, California.

"In one congregation I found that 25 men had pledged themselves to give \$1,000 each to the movement," said Dr. Raitt. "I found the congregations everywhere accepting their allotments and determined to raise their share of the fund. It is the greatest forward movement in the history of our church."

Rev. J. Knox Montgomery, D. D., president of Muskingum College, brought a similar report after a three weeks' trip through Washington, Oregon and Idaho. "Generally speaking, I found the situation quite beyond what I had expected," he said.

Rev. T. D. Edgar, D. D., of Pittsburgh, Pa., just home from an 8,000 mile trip through the west, said particular strength was being shown by congregations in Texas and California. "Success will be made certain by an active and thorough canvass at the finish," he declared.

A remarkable feature of the movement is the announcement from the foreign mission fields that the synods of the Punjab in India and of the Nile in Egypt also will put on New World Movement campaigns. Leaders in these synods are calling for a delegation of workers from the home church to assist them in their campaign which will be conducted about the middle of September.

RURAL CONGREGATION LEADS AMERICA IN RATIO OF TITHERS

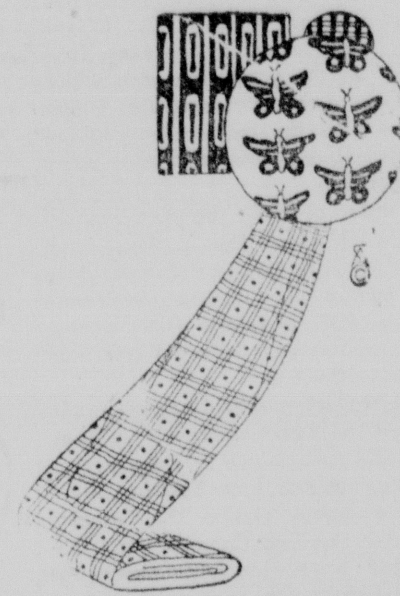

Campaigns by dozens of Protestant denominations throughout America to revitalize the Biblical practice of tithing has brought into national prominence a little church in Burgettstown, Pa. It is probable, say churchmen, that no other congregation in America has been able to show such a percentage of tithing stewards, pledged to give one-tenth of their income to Christian service.

The church is the First United Presbyterian congregation which has enrolled 150 tithers out of a total membership of 178. This enrollment is official, pledge cards of the 150 tithers having been sent to headquarters of the New World Movement of the denomination at Pittsburgh, Pa. An unofficial report is that this proportion of 73 per cent of the membership enrolled as tithers has been increased to 80 per cent.

Remarkable enrollments are resulting from the New World Movement campaign for enrollment of tithers and official reports already show enrollment of 12,772 members of the United Presbyterian church.

"The outlook for the church is exceedingly hopeful," says Rev. J. H. White, D. D., secretary of the department of stewardship, of the movement. "Many congregations have not reported, some have submitted only partial reports and if the present rate of enlistment carries through the entire church we will have more than 50,000 enrolled."

Temporarily Arrayed are the Glorious NEW FABRICS FOR SPRING

All the charms of Springtime seem to have been captured and incorporated into the exquisite textures and designs of these lovely materials. Rich in coloring and weave, these distinctive, shimmering silks, soft woollens and attractively patterned cotton await the touch of the master hand to convert them into irresistible interpretations of the Season's most pleasing modes. Among these inspiring presentations you will find not only an appropriate fabric for every occasion, but utter dependability and the best qualities.

Voile Assumes Leadership in Spring Wash Fabrics

The new Wash Fabrics for Spring are lovelier than ever especially the voiles, which impertinently parade the patterns, which in the past we have only associated with foulards. Some take smart silk stripes to accentuate the smartness of their clever patterns. Others choose dainty pinks, blues and greens in solid colors. Either way they are wonderfully effective and in close rivalry with sheer organdies and sturdy gingham for popular favor. Prices are very encouraging.

Here Are Yards of Crisp New Gingham Awaiting Your Selection.

There is no telling what Gingham will do next. Indulgent Fashion allows it to be made into smart Parasols and lovely Frocks, but when you see how charming are the patterns and how fine the qualities are, you will certainly find many more excellent uses for these very economically priced Gingham.

Distinctively Styled Wash Skirts

Every skirt in this lot may be tubbed without the least danger of losing its attractiveness for the fabrics are most dependable and guaranteed to resist constant laundering. There is considerable variety in materials and styles, though markings are unexpectedly moderate.

QUALITY LUGGAGE

More people would travel, perhaps, if all luggage were as distinctive in appearance, as carefully constructed of quality materials and as practically designed as our offerings. Pack your apparel in our traveling bags, suitcases or trunks and at the end of your trip you will find it in the same fresh condition as when you started.

R. R. RATES MUST BE ADJUSTED

Dean of the Wharton School of Finance on the Need of Good Railroad Credit.

TO MAKE INVESTMENT SAFE.

National Authority on Railroad Transportation Says Roads Must Be Self-Supporting or Become Bankrupt.

In an address on "The Railroad Puzzle," delivered in Philadelphia, January 3, Dr. Emory R. Johnson, dean of the Wharton School of Finance, and one of the nation's leading authorities on railroad transportation, declared that "after the first of March the companies must be self-supporting or become bankrupt." Continuing, he said: "Can the railroads be successfully financed and operated when they are returned to their owners? For two years the government has drawn upon the public treasury to sustain the credit of carriers.

"If the carriers avoid failure their income must cover operating expenses, maintenance and capital charges; if the companies succeed to the extent that is demanded in public interest, they must not only be able to meet unavoidable expenses, they must have some surplus revenue.

"If there is no income to be used in part for betterments and in part for building up a surplus or reserve fund, the public will not invest in the railroads, their credit cannot be re-established and maintained and corporate ownership and operation of the railroads will fail.

"The income of the carriers is determined by public regulation, and properly so; but from this it follows that the country must decide between a policy of adequate revenues to the railroad corporations of the future and a policy of government ownership.

"The government is entitled to credit for having given greater unity to railroad operation, both line and terminal. It has done much that the carriers were prohibited from doing. The public now realize that co-operation of the carriers in the joint use of equipment and terminals should be encouraged, instead of prevented.

"The railroad legislation now pending in Congress must solve many difficult questions, but the most critical one is that of providing for the future regulation of railroads in accordance with a policy that will cause the carriers to secure revenue sufficient to enable them to perform their services adequately and with progressive efficiency. The railroad business must be made attractive to private investments or the country will have to adopt government ownership and operation of the railroads. There is no other alternative."

CHURCH WILL BUILD COMMUNITY CENTERS IN ASIA AND AFRICA

The community center movement has spread from America to the land of the pyramids. Fifteen community centers will be erected in as many towns in Egypt by the Women's General Missionary Society of the United Presbyterian Church, says Mrs. J. D. Sands of Pittsburgh, Pa., president of the society. Although all building materials are unusually high now in Egypt the organization plans to erect the community centers at a cost of not more than \$20,000 each.

The community center has been found a most necessary part of the modern mission and efficient mission. The fifteen buildings planned will be erected during the next five years, says Mrs. Sands. This work will be a part of the New World Movement program for enlarging the scope of the mission work abroad.

There is one community house at present, situated at Benha, Egypt, and all the new missionaries who sailed for Egypt last fall and early this spring will remain at Benha for one year while they are studying the language.

The missionary society, Mrs. Sands says, expects to recruit a large number of native women who will be trained in mission work and these will live at the various community houses while they are receiving their training. It is expected that the largest training school will be located at Cairo and smaller centers will be placed in other cities and towns.

In addition to the \$300,000 to be spent for building these centers the women of the organization plan to build five boarding schools for girls in Egypt, at a total cost of \$225,000 and one sanitarium to cost \$95,500. Altogether the budget for extended work in Egypt during the next five years calls for an expenditure of \$625,000.

This sum will be apportioned from the \$16,715,000 fund that the United Presbyterian Church will raise during its financial campaign which will run simultaneously with the Interchurch World Movement campaign from April 1 to May 1.

SINGER DELIGHTS LOVERS OF MUSIC

APPEARANCE HERE OF MISS SHEPHERD A TREAT TO ALL OF CAMERON

Music lovers in Cameron and the people generally will not soon forget the appearance here of Miss Betsy Lane Shepherd and Mr. Wm. Reed in the Edison Phonograph tone test held at the High School Auditorium Tuesday night.

Aside from the features of the entertainment from a purely musical standpoint the people witnessed the most remarkable test to which any musical instrument was ever put. Hundreds who believed they could detect the original voice as apart from the re-creation on the New Edison were surprised and at the same time thrilled at the perfection with which the voice of the celebrated singer was produced on the instrument and are now convinced that the re-creation was perfect.

In order to make the test convincing enough a New Edison phonograph owned by Miss Myrtle Caldwell which has been in use for three years was used in the concert. This phonograph, a Laboratory model was subjected to the test.

The concert was held under the auspices of the New Cameron Drug Company, Edison dealers in Cameron.

Following the test Tuesday night Miss Shepherd visited the display rooms of the New Cameron Drug Co. and there for several hours during the day delighted the throng of visitors to the store with her songs and recreation on the New Edison.

The appearance here of Miss Shepherd was a great treat to all Cameron and to music lovers.

WINS PRIZE FOR BEST LETTER ON TRADE AT HOME

The Herald calls attention to its readers this week to the prize letter in our "Trade at Home" Campaign, written by Elbert Martin, postal employee of Cameron. This letter is published in the center of the "Trade at Home" page published elsewhere in this issue.

The Herald is giving a weekly prize for ten weeks for the best letter written on the subject of trade at home and invites you to contribute. The school children are especially urged to write these letters. All letters will be published whether they are prize winning letters or not. Get busy today and write a good trade at home letter.

Seed for planting cotton, \$1.65 to \$3.50 per bushel at Oil Mill.

PUTS ON TRUCK LINES

S. R. McCown announces the installation of a ship by truck system from Cameron to all inland points in the trade territory and to surrounding towns. Mr. McCown now has three trucks in operation and will add more as the transportation system grows.

Ship by truck is now the big factor in the transportation system of the country. While many merchants in the smaller towns operate their own truck fleets there is room for developing the ship by truck operated on a system basis just as the bigger bureaus are carried on in the cities.

Merchants and others find that where they have the facilities of a truck system in operation their shipping needs can be met more promptly and more efficiently. Mr. McCown is not catering to inter-city hauls.

For Pure Mebane Planting Seed see Stedman and Rogers.

Hastings' 1920 Seed Catalogue is now ready. Brilliant cover in natural colors, 100 pages of garden and farm information, profusely illustrated. It's the one worth while seed book for southern gardeners and farmers. This catalogue is absolutely free to you on request. Your name and address on a postal card or in letter, will bring it to you by return mail.

This 1920 Catalogue will show you just how you can get five packets of flower seeds (five different sorts) absolutely free of cost this spring. Send for this catalogue today without fail. No obligation to buy anything unless you want to. H. G. HASTINGS CO. Seedsmen, Atlanta, Ga.—(Adv't.)

COMMERCIAL CLUB MEETS

The Cameron Commercial Club held its regular meeting last Friday night and a number of important matters were discussed among the recent movement to secure State and Federal aid on the Milano road.

The club also received the report of T. S. Henderson, Sr., chairman of the cotton committee which had in hand the matter of securing a cotton classifier for the ensuing year. The club voted to await the action of the committee.

at that time soliciting the farmers to determine whether they want the station.

Judge W. G. Gillis made a report on the trip to Austin to secure Federal and State aid for the Milano road projects.

THE HOUSING PROBLEM

There is only one way to solve the Housing Problem--Build Homes. Figure it out for yourself. Lumber prices are higher than they were a few year ago, but the returns on investing in a home take the sting out of costs.

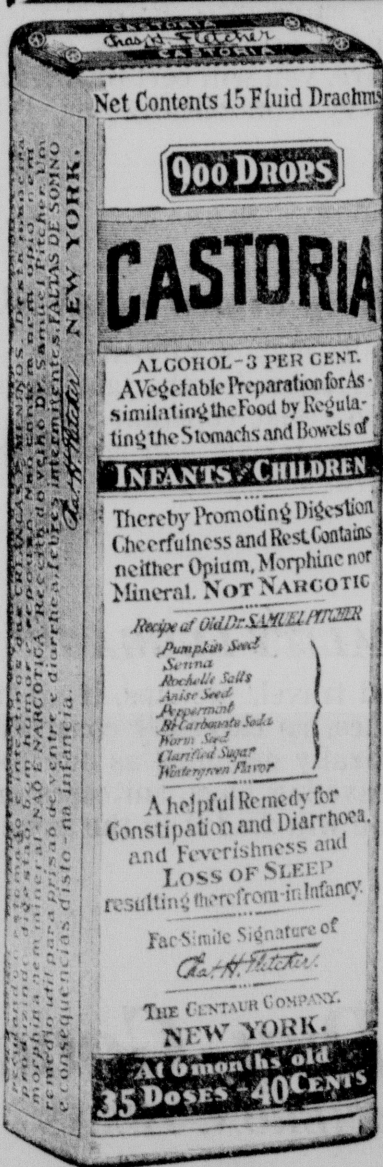

Lumber lasts for a lifetime. It is good for a hundred years. Don't you think it is cheap even at present prices?

You have been thinking of repairing that roof and screening your home; it is time to do your screening; things need to be set in order for the Hot Summer Days.

Great stocks of screens are here for you to select from. Come and see us right away. We want to fit you out in building materials.

PRIZE WINNING LETTER

TRADE AT HOME

(By Elbert Martin.)

The wonderful influences of trading at home are first visible in community appearance. Smoothly paved streets and walks lined by tall stately shade trees; well-kept, velvety green lawns; clean, newly painted buildings and homes; broad, grassy parks and playgrounds; large modern school buildings—these are unmistakable signs of Trade At Home.

All these modern features of Community Environment find their birth in the revenues derived from Trade at Home. Money circulated at home, sent out each day to home merchants for the necessities and the luxuries daily consumed in each community home, brings forth a fund of taxes and donations from the merchants which is a great part in the financial stimulus to Civic Improvements. The home merchants is a dyed-in-the-wool booster. He wants to see his community grow. He wants it to flourish, prosper, and keep pace with Civic Progress of the most advanced character.

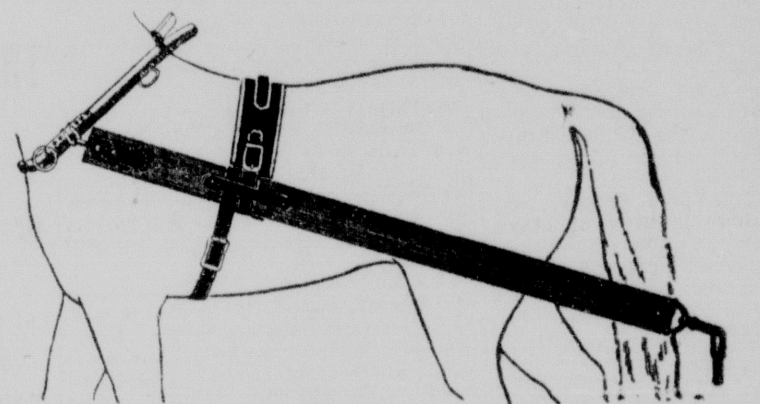

Walk into a community grocery, a community pharmacy, a community jewelry shop, a community dry goods store—and home boosting place of business—and look around. You will find stuck here and there around the cash register, on the counter, atop the show cases, tickets for school entertainments, Woman's Club Bazaars, Y. M. C. A. Progress and Church Socials; Membership Cards for Good

Roads, Chamber of Commerce, Get-together Clubs, and every conceivable kind of character of Home Activity. Those tickets and cards represent hundreds of dollars yearly that home merchants donate to home advancement, community progress.

Now are the home merchants the sole beneficiaries of the splendid things making up community progress? Not at all. In fact, it is the plain citizen—man, woman and child—who derives the greatest pleasures. The child of the community probably enjoys them most. Paved streets to ride a wheel upon, parks and playgrounds to romp, magnificent schools to learn in—these are the environments that develop healthy, happy, dependable children—sound morally, mentally and physically.

Are you trading at home? Are you supporting your home merchant in his loyal effort to bring the best things of clean civic life to your community? Are you figuring that goods bought at home are cheaper in the long run than those secured out of town even though the price in money may be slightly greater? Are you counting the goods thing of life brought about by trading at home as worth a few cents to your children? Or do you never lose sight of the penny itself and think not at all of the mutual welfare of your community.

ANOTHER S. O. S. FROM MEXICO

Again the United States has been
asked to send warships to Mexican
waters to bring Americans from that
country to places of safety, their lives
being in danger on account of the re-
volution of secession which originated
in the State of Sonora and which is
spreading rapidly throughout the
southern republic.

Again, the authorities at Washing-
ton have announced that "investiga-
tions" would be made to determine
if the appeals for help are "justified."

During 1914 several hundred Ameri-
cans in the vicinity of Tampico and
Vera Cruz appealed to the State De-
partment at Washington for assist-
ance in leaving Mexico. "Investiga-
tions" were undertaken, meanwhile a
number of American subjects losing
their lives and others suffering un-
mentionable insults at the hands of
defiant Mexicans.

Later, those same American were
forced to board German and English
ships and flee to the United States.
Their property abandoned and their
homes destroyed.

"Investigations" are proper, pro-
viding that there is little at stake,
but the life of an American citizen
should be protected first and the in-
vestigations carried on afterwards.

True, a citizen of this country
should bear in mind that "there is no
place like home," but at the same time
should be strayed under the shadow
of the Stars and Stripes, he should
have the faith in his country that the
great American Eagle is forever
watchful of him and stands ready to
defend when danger threatens.

THE OUTLAW STRIKE

The strike of the outlaw switchmen
who quit work individually, is enter-
ing its last phase. Without the sup-
port of any part of the great public
and with more than a score of its
leaders under arrest the strike will
soon end. It has never received the
sanction of the officials of organized
labor.

The strike has demonstrated again
the lack of control which responsible
labor leaders have over their own
members. It looks like the only
thing that binds the laborers to their
leaders is the promise of more money.
When another gang offers them more
for less work the switchmen quit,
contract and no contract. The fact
that the responsible heads of the
switchmen refuse to sanction the in-
surgent move proves that they real-
ize the force of public opinion, which
is definitely aligned to the view that
labor must respect its contracts at all
times.

As for the railroads they have no
worries. The government has guar-
anteed their income until September.
Trains or no trains. The loss of
money involved in the stoppage of
traffic is costing the government a
lot of money, but not a cent comes
from the managers and operators of
the roads. They are safe. The
strikers are only hurting the United

States government by their action.
This means that you and your free
American fellow citizens must pay
the bill. Think it over.

THE SUPPLY OF PAPER

Have you ever thought what would
happen if the supply of printing pa-
per ran out? What would you do
for books, paper and magazines? Yet
the supply of paper is nothing like
sufficient today to meet the demands
of the printing presses all over the
country.

American manufacturers of print
paper long ago began to run out of
necessary wood pulp, and began im-
porting from Canada. By legislation
however, Canada helped stem this
current, and now much paper is manu-
factured and proportionately less
pulp. This makes us pay Canadian
laborers rather than Americans.

In addition to the scarcity of the
supply of pulp, many other causes
have gone into combination to push
the price of paper sky-high. A large
manufacturing company in this coun-
try had in 1915 a pay roll of around
\$3,800,000. In 1919 the pay roll was
over \$10,000,000. Besides, the per
capita production dropped from 82 to
65 tons. The laborers were not only
getting more but doing less!

Furthermore, increases in the cost of
coal needed to manufacture; in the
transportation charges necessary to
deliver, and higher prices for essen-
tial chemical ingredients, have all
made the cost of manufacturing paper
considerably higher than ever be-
fore. The printing industries have
therefore, been hit hard in the face of
a rising market upon the very great-
est necessary, the sine qua non of
their industry. The publisher of this
paper, for example, pays four times
what he bought paper for a few years
ago, and quotations on coming ship-
ments run even higher.

The remedy is paper conservation.
This is being practiced by many large
newspapers; but is being disregarded
by many others. A higher rate for
for advertising and a more careful
choice of reading matter to reduce
the space requirements are both help-
ful towards this end, although there
is a limit to the price for advertising
justly to be charged, and the postal
law requires a certain amount of read-
ing matter. Therefore, the matter of
space conservation is not entirely
unfettered.

Another remedy is in better care of
our forests, especially in the replen-
ishing of those which are cut. Prodi-
gal and wasteful methods in defores-
tation and pulp mills method have had
much to do with bringing the public
face to face with the alarming paper
shortage, in the opinion of G. W. Sis-
sion, Jr., president of the American
Paper and Pulp Association.

Then, too, there are some chances
of increasing production—but, this
bear in mind, looks to a more rapid
consumption of natural resources un-
less conservation in the wide sense of
the proper forestation is practiced.
In 1919 185,000 more tons of paper
were manufactured than in 1918, and
new machines in 1920 are expected to
turn out 90,000 tons increase for the
year. Two years from now some in-
dustrial calculators assert the paper
situation will be nearer normal con-
ditions.

In the meantime, what is to become
of many newspapers? The cannot be
continued in the face of a prohibitory
price for their staff of life.

Marcus Williams was in Cameron
last several days this week visiting his
brother, R. L. Williams. Mr. Will-
iams was formerly with the Santa Fe
railroad in Cameron and is now lo-
cated in Houston with the company.

J. H. Becker, traveling freight and
passenger agent of the Chicago, Mil-
waukee and St. Paul Railway, with
headquarters in Dallas was in Cam-
eron Wednesday in the interest of the
road he represents. Mr. Becker re-
turned to Dallas Wednesday night.

\$35,000 PAID FOR TRACY OIL LEASE

TULSA MEN EXPECT TO DEVEL-
OP 100 ACRE TRACT IN THE
NEAR FUTURE

Lease on one hundred acres of land
in the Tracy oil field of Milam coun-
ty was sold this week by Paul and
George Graves to Col. E. Mays of
Tulsa, Oklahoma, and his associates,
for \$35,000.

This is among the largest single
lease deals that has been consummated
in the local fields. This tract will be
developed. The acreage lies in the
heart of the field and is surrounded
by shallow oil wells which have been
drilled for some time but never put
on a production basis.

J. R. Mays now in Cameron has
been advised by his father of Tulsa
and others that they expect to prose-
cute a vigorous drilling campaign on
their acreage in the Tracy field. This
land was purchased during the visit
of Mr. Mays here two weeks ago.

Announcement of this drilling
campaign was made here yesterday by
Mr. Mays.

Just unloaded a car of Rice Bran
and Rice Polish. Fine feed for your
pigs.—F. A. Green, Phone 283.

TRAFFIC INCREASE TREBLED SINCE 1898

Greater Efficiency Enabled Rail-
roads to Meet Country's
Growing Demands.

The American railroads are more
than one-third of the railways of the
world. The traffic hauled on the rail-
ways of the United States is now three
times as great as it was twenty years
ago. In four months now the railroads
carry as much freight and as many
passengers as they did then in a year.

In the three months alone of the har-
vest movement in 1919 the traffic equal-
ed that of the whole year of 1898.

In 1898 freight ton miles carried by
the railroads of the country were more
than 100,000,000,000 a year. In 1910
they were more than 250,000,000,000,
in 1913 more than 300,000,000,000 and
in 1918 more than 400,000,000,000. Al-
though the railway mileage increased
only about 65 per cent since 1890, im-
provements in tracks, terminals, equip-
ment, etc., have been so marked that
the volume of goods carried (measured
in the number of freight tons carried
one mile) increased more than five
times from 1890 to 1917.

Increased Efficiency.

Taking account of both freight and
passenger service, the railroads in 1900
hauled 186,000 traffic units (freight
tons carried one mile, plus passengers
carried one mile) for each railway em-
ployee. By 1917, the last year of pri-
vate operation of the railroads prior to
the entry of the United States into the
war, that 186,000 had been increased
to 296,000.

The following table shows the in-
crease in efficiency of American rail-
roads since 1900, which enabled the
railroads to keep pace with the growth
of the country:

| | |
|------------------------------|------|
| Ton miles increased..... | 190% |
| Passenger miles increased.. | 170% |
| Trackage increased | 56% |
| Cars and engine increased.. | 75% |
| Workers increased | 85% |
| Output per worker increased | 60% |
| Average train load increased | 130% |

These figures show that the traffic
hauled by the railroads of the country
has increased more than three times
as fast as the trackage, more than
twice as fast as the equipment and
more than twice as fast as the number
of workers. This has been made pos-
sible by far-sighted investment of new
capital to increase the efficiency of the
transportation facilities and thereby
enable the railroads to increase the
amount of traffic handled and reduce
the amount of labor required to handle
it.

Urge Adequate Rates.

In a resolution adopted by the Asso-
ciation of Life Insurance Presidents
the heads of the country's large insur-
ance companies express their attitude
toward the railroad situation as fol-
lows:

"Rehabilitation of the railroads and
establishment by law of rates adequate
to provide for the present and future
demands of our growing commerce and
to stabilize the credit and securities of
the roads."

Protection for Public.

The executive council of the Nation-
al Association of Credit Men in a pub-
lic statement on the credit situation of
the country says:

"The council in its consideration of
the transfer of the railways to private
control felt that it is of the highest im-
portance that the railways be protect-
ed from the dangers of receivership
and the public assured against unin-
terrupted service."

True Economy

Is practiced by buying good merchandise—Suits and Furnish-
ings that will give you long and serviceable wear. Value for
every cent you pay for them.

You will find this kind of goods and tailoring at our place.

Come in and look over our Spring and Summer Suits.

Do not throw away your last Summer suit. We will dye it so
it will look new. Also clean and block your hats.

COLLINS & MITCHELL

Phone 18

Cameron, Texas

POSTAL EMPLOYEES WILL ORGANIZE

An effort will be made to perfect
an organization of Postal Employees
in Cameron in conjunction with an as-
sociation of employees who recently
met in Waco, their object being to
devise ways and means to sponsor
legislation in congress looking to re-
lief from salary shortage.

Announcement of this movement
was made Wednesday by Elbert Mar-
tin, employee at the Cameron office.

Mr. Martin has received a com-
munication addressed to the postal
employees of Cameron setting forth
the purpose of the Waco meeting and
asking that the employees here co-op-
erate in the movement.

A state-wide campaign will be wag-
ed to get influence on the side of the
employees for the passage of the pro-
posed salary bill which will give the

increase in pay. Postal employees interests and later a drilling conces-
and those behind the movement say sion made the Underwriters of New
that their salaries are inadequate to York. The well and all operations
meet the demands of the living costs are under the supervision of J. T.
today and they will ask more. Leach, pioneer driller in the Milam
county field. Scores of Cameron citi-
zens have visited the well during the
past two weeks.

Mr. Martin in conjunction with
other employees here will seek to co-
operate in the movement. Pressure
will be brought to bear on congress-
men and senators to use their influ-
ence to help the employees.

The Huffman farm well of the
American Underwriting Company of
New York which attracted such wide
attention here last week is down near
1900 feet and drilling is being con-
tinued. With the exception of gas
little indication of oil has been en-
countered.

It is said that the drilling will be
continued on this well until production
is reached or a thorough test has
been made in that location. This
acreage is an offset to the Pettibone
and Brooks wells of the Cameron Oil
& Refining Company, the tract hav-
ing been leased to the Buckingham

Good clean West Texas Seed at Oil
Mill, \$1.65 bushel.

Mrs. Bowman, of Mooreville, was
the guest of her daughter, Mrs. Jim
Watson last week.

Storey Myrick and Jones Mebane
Seed, \$3.50 bushel at Oil Mill.

This is not a War Film

'Yankee Doodle' in Berlin

MONDAY and Tuesday, May 3-4

It was filmed since the signing of
the armistice. It is all alive, up-to-
date material.

This play takes the Hohenzol-
lers from an entirely new angle. It
remained for the eye of the satirist
to the All Highest as he really was—
as a pompous, conceited rounder, a
rival of his rabbit-faced son, and a
disaster for the German people.

—There is not a foot of film in
this play that could not be shown to
women and children.

—It is clean, fast satire with some-
thing doing every minute.

—Sennett's whole array of comedi-
ans and the famous Bathing Beauties
keep you in a roar of laughter.

DRILLING RESUMED ON MAYSFIELD TEST

LOCAL COMPANY GETS SHIPMENT OF CASING TO RESUME OPERATIONS

Drilling has been resumed on the deep test well of the Tracy-Maysfield Oil & Gas Company at Maysfield. Operations were stopped at the well on account of casing shortage but a shipment has been received and work has been resumed.

This theater of activity has attracted

ANTONIO MORENO

Inspired by the advice of an American actress, Antonio Moreno joined a stock company at Northampton, Mass., after completing his course at Willistown Seminary. Soon he was engaged by Leslie Carter and later appeared with Constance Collier in "Thais." Then he went into silent drama and played with Edith Storey, Irene Castle and Pearl White. Then Albert E. Smith, president of Vitagraph, placed him under a long-term contract and introduced him to the serial. His fiery black eyes, black hair, complexion of "golden pailor" and a talent for expression make him the ideal type for the screen.

WILL SOON SPUD IN DEEP TEST WELL

UNDERWRITERS OF NEW YORK MOVES ROTARY RIG TO MAYSFIELD

The second deep test well of the American Underwriting Company of New York to be drilled in Milam county will be spudded in at Maysfield within the next few days according to announcement made here today.

The company has abandoned its wild cat at Tanglewood in Lee County and has shipped the big rotary rig to the Maysfield location, a lease which was obtained two months ago when G. C. Vaughn, president of the company visited Cameron.

These operations will be under the direction of J. T. Leach, field man for the company who has been in the Milam County field for the past three years. The company is still drilling on the Huffman farm well.

This is the second deep test well to have been arranged for in Maysfield. A third test will be made by E. J. Buckingham of San Antonio. This location has been made but so far no rig has been assembled.

ed wide attention because of the geological report on that section and the deep test of this company as well as the wells of other companies will be watched with eager interest. The test is down over 200 feet. Some quicksand was encountered when the well was first spudded in but nothing is expected to impede further progress of the well.

The Tracy-Maysfield Oil & Gas Company has also placed two shallow rigs on its holdings at Tracy field and expects to begin operations in that theater as soon as casing and other equipment can be secured. On the lease at Tracy several wells have been drilled and all of them are standing full of oil. Some have said that they will make from one to three barrels a day when properly cased and pumped. The company feels certain of production in view of the showings in the field and has made plans and bought equipment for pumping the wells when they are brought in.

PRECINCT PRIMARY HERE SATURDAY

WILL SELECT DELEGATES TO THE COUNTY CONVENTION MAY 4.

The presidential primary convention for Precinct No. 1 of which J. D. Hefley is chairman, will be held in Cameron Saturday night beginning at 7:30 o'clock.

This convention will select a delegation to represent it in the county convention which will be held here on May 4. Precinct chairmen were appointed at a meeting held here last Saturday under call of executive chairman W. W. Chambers.

The precinct chairmen will meet in Cameron on May 4 in the forenoon with chairman Chambers to form reports to the county convention which is to be held at 7:30 p. m.

An active canvass has been made of the Democrats of the Precinct so that a good representation may be had at the meeting to be held May 1 which is Saturday. An active interest is being taken all over the county as precinct primaries will be held Saturday at every voting box in the county to direct delegates to the county convention.

G. C. Walters, manager of the Milam County Lumber Company, who recently moved here from Kansas will erect a home in Cameron. Mr. Walters is now looking for a site on which to build and as soon as this matter has been settled construction will be started. Finding no housing accommodations available in Cameron Mr. Walters is forced to build, but says Cameron real estate is a good investment and he will take pleasure and pride in investing his money in the metropolis of Milam county.

Miss Lucile Chapman of Waco, was the week end guest of Miss Grace Lindsay last week.

Lockhart Seed direct from Storey Myrick, \$3.50 at Oil Mill.

BUYERS HERE PAY MORE FOR COTTON

MANY BALES MARKETED HERE DURING WEEK FROM BARTLETT BY FARMERS

That Cameron is the best cotton market in Central Texas and offers at all seasons of the year a ready purchase facility for the product of the farmer is shown by the fact that during the past week many bales of cotton have been transported here and sold from Bartlett and other points.

In one instance it is said that J. T. Heath, farmer of Bartlett, received \$50 a bale more for his cotton in Cameron than he was offered in his home town. This is also said to be true of Herman Miller, another Bartlett farmer who hauled 12 bales to Cameron this week and disposed of it. Mr. Heath also hauled 12 bales here.

This cotton was transported to Cameron by the truck service of S. R. McCown and the farmers paid \$4 a bale to have this cotton brought here in order to get advantage of the excellent market facilities. These lots of cotton were purchased by W. H. Triggs.

The cotton was taken from the Warehouse at Bartlett. It is predicted that much more cotton will be brought to Cameron and the buyers are prepared to buy all that is brought here.

It is said that the farmers had some low grade cotton for which they found no market in Bartlett but the product was bought here at fair market prices. This is a distinct and true testimonial of the value of Cameron as a market center.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and costs of suit in cause No. 425 in said Court, Styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77 1/2 acres of land being a part of the William Punchard Grant in Milam County. Being that certain tract of 87 1/2 acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87 1/2 acres sold to R. Cran, by deed dated Feb. 15, 1906, recorded in Book 66, Page 289 of said Deed Records.

SECOND TRACT: 139 4-5 acres, a part of the W. Punchard grant in Milam County, being all that tract of 200 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 186 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894, recorded in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 100 1/2 acres of land, a part of the Newson Guanyey survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book 56, Page 118, Deed Records, less 2 1/2 acres South of Cameron and Wilder.

FOURTH TRACT: 93 1/2 acres, being a part of the Newson Guanyey survey and being the 93 1/2 acre tract described in deed recorded in Book 25, page 615 above mentioned, deed and records thereof are here referred to further description of said tracts of land, and levied upon as the property of said L. F. Wingo and J. F. Wingo. And on Tuesday, the 1st day of June, 1920, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I well sell said real estate at public vendue, for cash, to the highest bidder, as the property of said L. F. Wingo and J. F. Wingo by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 9th day of April, 1920. L. L. BLAYLOCK, Sheriff Milam County, Texas. By D. B. GUNN, Deputy.

INCREASED WAGES TOOK 97% OF INCREASED RATES.

Increases in freight and passenger rates made during federal control amounted to \$1,835,000,000 when applied to the traffic moved up to July 31, 1919, while the increases in wages applied to the number of employees and the hours or days worked in July, 1919, amounted to \$1,774,800,000, or 97 per cent of the revenue from the increased rates, according to a statement compiled by the Interstate Commerce Commission at the request of Senator E. D. Smith of South Carolina and presented by him in the senate on December 23.

Haul 160,000 Feet of Lumber From Ben Arnold Yard

Probably the largest single transport of lumber ever seen in Milam county was that in which the Milam County Lumber Company, owned by Wm. B. Carey Lumber Company, hauled to Cameron this week from Ben Arnold 160,000 feet of lumber.

The yard at Ben Arnold owned and operated by the Wm. B. Carey Lumber Company, has been discontinued and the stock placed in the Cameron yard. This leaves the company three yards in Milam county, one at Burlington, Buckholts and Cameron.

The movement of this stock from Ben Arnold gives the Cameron yard a very material increase in stock, the lumber being in all sizes and grades. Special preparations was necessary to stock the material after it was received here.

West Texas Cotton Seed, \$1.65 per bushel at Oil Mill.

Japanese Force IS Annihilated; Hundreds Slain

Washington, April 28.—Japanese guards near Nikolaevsk, Eastern Siberia, are believed to have been annihilated and several hundred Japanese, including the Consul there, massacred, according to an official statement by the Japanese Foreign Office made public today by the State Department.

The Japanese statement said suspension of communication with the district made it impossible to get at the real state of affairs but that it was evident that the "serious upheaval" had taken place. Efforts of the Japanese to dispatch a military relief expedition into the district have failed because of the ice.

Meantime, however, the Japanese have sent an expedition to Alexandrovski, accompanied by the warships Mikasa and Mishima. The forces reached their destination April 22 and found the Japanese in that district safe. Most of them were taken aboard the Mikasa.

Mothers' Club to Help Out Library.

As we all know a good library is the best recommendation that a school can have. Although our library now is better than it was last year, still it is not up to the standard. As we are going to have a new school building next year, we are in great need of a good library, which can not only be used by the town people as well.

In view of this the Mothers' Club has decided to take subscriptions next week to Holland's Magazine, and if as many as fifty subscriptions are obtained, the proceeds that comes to the Mothers' Club will be donated to a new library. The donation will amount to the sum of \$50.00 if the goal aimed for is reached.

This kindness of the Mothers' Club is needless to say, greatly appreciated by all members of the High School.

GIRLS CLUB. (April 15)

This Girls Club of the Cameron High School met in regular session April 15, 1920. The club having been called to order and the reports of the committees having been given, the following program was rendered:

1. Being Good Friends With One's Own Family.—Joe Smith
2. Identification Bureau.—Verna Roberts.
3. Music.—Florence Butts, soprano; Katy Cone, Violinist.
4. Current Events.—Eleanor Sapp.
5. The Handful of Clay.—Short Story.—Oleta Jackson.

After the critics report had been given, the club adjourned.

On Thursday afternoon, April 22, the Girls Club met in regular session. The club having been called to order, a very interesting program was carried out. After the critics report was given the club adjourned.

All members of the Girls Club be sure to come to the meeting next week for a very clever program has been planned for that meeting.

BASEBALL NEWS.

April 15—The result of the game between Rockdale High and Cameron High, which was played on the latter's ground on Friday was 10 to 1 in favor of Cam Hi.

Willis, who pitched the game, held Rockdale down until the Cam Hi nine agreed to let Rockdale make one score in order to encourage them and make the game interesting for the Cam Hi boys. The chief reason for letting them score, however, was the simple reason that if Cam Hi beat them to a "Hove" game, Rockdale would be afraid to play us again, and we want a return game.

Cameron vs. Caldwell

Last Wednesday, San Jacinto Day, the Cameron High School nine went to Caldwell and took their second defeat in baseball this season. The game started off in Cam-Hi's favor in the first three innings the score being six to nothing. After that, the boys thought they had the game cinched, and of course played carelessly. Pretty soon, however, the Caldwell boys began running in scores as well as the Cameron boys, and before the Cameron boys knew it, they had no chance at the bat to catch up with Caldwell. Had they had one more chance, it is certain that they would have surpassed the Caldwell boys, but as that chance was not forthcoming, the final score of a necessity remained 17 to 12 in Caldwell's favor.

Cam Hi vs. Belton High

Last Friday evening the Belton baseball boys came down and played a game of ball against the Cameron nine. The game was very exciting. Every player did fairly good on the field, and excellent at the bat, as can be seen from the fact that Belton ended up with 21 scores.

Before the game Mr. Crawford offered one dollar worth of bannanana splits to the one who guessed nearest the final score of the game. It would probably be unfair to give the name of the winner, as the score was 21 to five in favor of Belton.

The Cameron boys have lost only three games this season. The first two defeats, they took easy, but this last one doesn't serve them well. They take an optimistic view of the matter, however, and are expecting to win every other game.

Mr. Crawford Takes Band On Overnight Camp.

Last Friday afternoon, Mr. Crawford took the band boys for an overnight camp at Sandy Hook. About thirty boys went along. Late in the afternoon nearly everyone went in swimming. After supper the boys went wild and had lots of fun. Many jokes were played on various ones, as for instance, Mr. Rube Johnson's tent was taken down, leaving some boys under it.

About three o'clock everyone began to get sleepy. Suddenly the boys found out that someone had stolen the ice cream, and a search was made for it through the woods. Also about a case of soda water mysteriously disappeared from the tent.

After breakfast Mr. Crawford brought some of the boys to town who had to work, while a few of the boys stayed on the river until about noon. Fishing lines were taken on the camp. However, no fish were caught because of so much noise. After having had a very pleasant time, they turned their weary steps homeward.

ANNOUNCEMENT.

The Cameron Concert Band will give a concert on Sunday, May 2, 1920 in the Cameron High School Auditorium.

C. L. C.

On account of Mrs. Crawford being out of town, the C. L. C. did not have a meeting last Thursday.

DEAR OLD CAM HI

There's a dear old Texas school Where tactful teachers rule, And students fair, sincere, and earnest, come and go;

There be brave, be pure, be true, Are things they learn to do, Besides the many other things they learn—But Lo!

If you list, I'll tell you where You may find this school so fair: 'Tis praise of dear old Cam Hi That I sing!

So now the truth has been made known— In this school I plod on Let my dreamy love-notes wring.

Favorite Expressions of the Faculty.

Mr. Crawford—"combined together."

Miss Reid: "I'm going to boil you in oil."

Mr. Kidd: "You are all doing fine work, but—"

Miss Williams: "Oh, pshaw!"

Miss Work: "How am I ever to get you Freshmen down to good, hard work?"

Mr. Cameron: "tut, tut!" and "just so, just so, just so"

Miss Kean: "Of course."

Miss Bass: "Now, study hall, this"

talking has got to stop." (Irritatedly)—"I mean just exactly what I say."

Mrs. Crawford: "So much for that"

Sweet Papa Cameron Will Return Tonight.

The Cam Hi widow says that it is her idea that a special branch of instruction should be established among the Seniors to teach them not to order anything that they do not intend to pay for. Invitations for instance.

Lessons are being piled up this week for some unknown reason. We guess, maybe, they are trying to bury us.

Mr. Crawford was seen jazzing around in his buzz wagon the other day.

Mr. Flinn: "Eber, how far is it from here to Hoyte?"

Eber: "It used to be six miles, but things have gone up so, I suspect it is more now."

Young lady: "Papa, Walter Walker will probably call on you tonight." Well, Father, tell him gently, but firmly that I shall never be his.

Father: "See here, girl, don't send that young man to me. I owe him for a banana split."

BOX SUPPER

A box supper will be given at Walkers Creek School House Friday night, April 30. The proceeds from the supper will go for the benefit of the school and Cameron is invited to attend the supper. Announcement of the supper was made Tuesday.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Gabriel, Texas, April 27.—We wish to make our greeting to our readers, in recognition of the glorious rain that fell here Sunday night. The surface had become very dry and cotton planted during the last ten days had refused to come up. Oats were needing rain, also. The ugly gaps of old mother earth drank their fill and all nature seems to rejoice over the refreshing drout.

Henry Yeager of Austin, spent the past week end with home folks.

Fred Stigall was a business visitor in Cameron Friday.

Mr. and Mrs. Webb Stockton and children of Bartlett, were guests of their niece, Mrs. Edna Felton, Saturday and Sunday.

Will Lee was a visitor to Rockdale Thursday last.

Mrs. Mary Camp Leachman of Dal-

las, has been a visitor in the home of her parents, Mr. and Mrs. H. H. Camp of our village.

Dr. Ellis of the State University of Texas, made a most interesting and helpful talk on "Child-Diagnosis" to a number of the members of the Parent-Teachers' Association in this village last Thursday afternoon. His subject for discussion Thursday night was "Education," which was heard and appreciated by a large attendance.

He vividly impressed each parent as to the cloudy future of our children unless more money is expended in securing capable teachers for our schools.

Dr. Ellis was the guest of Mr. and W. H. Camp while here and before his departure for Austin Friday morning he showed his skill in botany, by grafting some of the trees that grace the lawn around Mr. Camp's beautiful home.

Seth Moseley and children were guests of Mr. and Mrs. Smir of Connelly Saturday night and Sunday.

J. S. Woody and family visited relatives at Rockdale Saturday and Sunday.

Clarence Kirkman has lately bought

for his comfort a handsome Dodge automobile.

Joe Yeager was a visitor in Rockdale Saturday.

Fred Stigall was in Rockdale Wednesday.

John Woody motored to Circleville Thursday.

Mr. and Mrs. Hope Camp motored to Thorndale Friday.

Adolph Taegel of Thorndale, was among friends in San Gabriel Wednesday last.

Mr. Willheit of Rockdale, was a visitor in this berg last Thursday.

Mrs. F. M. Amason visited in Thorndale part of last week.

Mr. R. L. Peeney of Freeport, has been visiting relatives and old friends of this vicinity since last Friday.

Mrs. John Penney leaves today for a visit to relatives in Oklahoma.

Arthur Penney of Thorndale, was with friends in San Gabriel a while Sunday.

Mr. and Mrs. John Worley attended the funeral of little Lucile Rouse in Thorndale Thursday.

Building Your Character

The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you momentary returns from your investment but it returns a dividend in good reputation.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

ATTENTION

DEMOCRATS

Men and Women

During the past seven years the Democratic National Administration under the leadership of Woodrow Wilson has to its credit many splendid achievements among which are the following:

1. It revised the robber tariff, reducing all schedules and putting the necessities of life on the free list; and taxing luxuries.

2. It passed a progressive income tax law requiring wealth to pay its just proportions of the cost of government.

3. It passed the Farm Loan Law enabling farmers and producers to obtain money to purchase homes at a low rate of interest and this act has had the effect of compelling loan companies to lower their rate of interest on loans.

4. It passed the good roads act whereby the National Government co-operated with the States in building hard-surfaced roads connecting the farms with the cities, to the advantage of both.

5. It established a Department of Labor; has developed it; has made it useful in steadily improving the condition of life for those who labor; helping to settle disputes between labor and capital.

6. It passed the Federal Reserve Act; placing money reserves under direct control of the government of the United States, and taking the financial sceptre from the money trusts of Wall Street. This wise measure has made money panics impossible.

7. It kept this Nation out of war until it became clear that the liberties of America and of the world were in jeopardy. And when war became necessary for protecting the dignity and liberty of the American people, the Democratic Administration passed the declaration of war, and the great war measures; established the War Industries Board and War Trade Board; passed the War Marine Insurance Act; set up the War Risk Insurance Bureau; called to the color 10,000,000 Americans; raised an army of over 4,000,

000 men; expanded the Navy and Merchants Marine; provided the munitions of war; trained and transported the required forces to Europe; protected them from disease and vice as far as humanly possible; broke up the German submarine campaign; crumpled the lines of the German troops in France; crushed the morale of the Teutonic forces and compelled their military leaders to beg for an armistice. And in the short period of 18 months won victory for our arms on land and sea, and brought peace to a war torn and bleeding world.

For the above reasons, we urge all loyal Democrats to endorse the achievements of the Democratic Administration and its matchless leader, Woodrow Wilson, and we deplore the efforts of enemies within and without the party to discredit and repudiate that splendid record. We further urge our friends to attend their precinct conventions on May 1, 1920, and use every honorable effort to send delegates to the County Convention who are in sympathy with the National Administration and its achievements.

Ex-Senator J. W. Bailey, who represented Texas for 22 years in the House and Senate of our National Congress asserts in his speech that he does not approve of or endorse a single achievement of our National Administration. Not a single act as set above meets his approval, according to his own statements. Compare his 22 years with the Wilson 7 years. Can you name a single Bailey Bill or Bailey act or Bailey law? When Bailey was in Congress cotton was 5 cents per pound. Last year you got 40 cent per pound. Do you want to go back to the "good old days?"

Attend your Box Convention on May 1st and endorse your National Administration.

Men and women, who are qualified voters in a primary election, are qualified to participate in the Box Conventions.

National Democratic Administration Executive Committee of Milam County

JOHN L. DENSON, Chairman

SPECIAL TEN WEEK "TRADE AT HOME" CAMPAIGN STARTED

MERCHANTS WITH HERALD WILL
GIVE PRIZE EACH WEEK FOR
LETTER

A ten week, instructive, educational campaign, putting forth the advantages to be derived from spending your money with your home merchants is begun in this week's issue of The Cameron Herald.

In starting the campaign The Herald in connection with the merchants represented on the page will give away a cash prize each week to the person writing the best Trade at Home letter. Turn to the page and note in the center of this page the prize letter written to the trade at home campaign.

Progressive merchants and business men of Cameron in connection with The Herald have inaugurated a ten week "Trade at Home" campaign which should have the attention of everyone living in the city or surrounding territory. By referring to the page you may acquaint yourself with the merchants who are interested in putting some plain facts before

you.

To stimulate interest in this movement and to get together a variety of views on the subject of trading at Home they have decided to run a friendly contest, conditions of which follow:

Rules of the Contest

The contest is open to all. All that is necessary to be done is to write a letter not to exceed 150 words on the subject of "TRADING AT HOME." Address your letters to Trade at Home Editor, care Cameron Herald. These letters should state in clear concise words, the best reasons, in your opinion why the people of your city and surrounding territory should spend their money with their home town merchants.

As many letter as possible will be printed. The letter chosen as the best letter each week will be printed and appear in the space provided in the center of the page ad on the Trade at Home page.

A cash prize of \$1.50 per week will be paid for the best letter. One prize each week for a period of ten weeks.

We hope everyone of you will do their best to write us a letter on this subject. We want to give the Trade at Home idea all the publicity we can possibly give it. To be a real dyed-in-the-wool, patriotic, home boosting citizen, it is absolutely necessary that one should contribute in every possible way to the industries of their home town.

Get a line on yourself today, your

own success depends in a large measure upon the progress of your home town. Boost your merchants and watch them expand. Get that trade at home letter written today and let your home town merchants know you are behind them in this Trade At Home Movement.

INCREASED WAGES TOOK 97% OF INCREASED RATES.

Increases in freight and passenger rates made during federal control amounted to \$1,835,000,000 when applied to the traffic moved up to July 31, 1919, while the increases in wages applied to the number of employees and the hours or days worked in July, 1919, amounted to \$1,774,800,000, or 97 per cent of the revenue from the increased rates, according to a statement compiled by the Interstate Commerce Commission at the request of Senator E. D. Smith of South Carolina and presented by him in the senate on December 29.

Use Diamond Tires.

Mr. and Mrs. J. C. Tucker came in Saturday from a few days stay at Galveston and Houston, and spent until Sunday morning with Mrs. Tucker's father, Mr. T. F. Hardy, thence they went to Dallas for a few days before going to their home at Garland.

Floor Covering, all kinds at bargain at Exchange Furniture Co. 11.

Miss Amy Wade left Sunday for her home at Belton, after attending the nuptials of Mr. and Mrs. J. C. Tucker and visiting Mrs. Mattie Batte.

Use Diamond Tires.

Mesdames C. D. Lay, Howard Baskin and Miss Beth Jeter went to Rosbud Sunday to report their of their quarterly conference, which they attended some time ago and are now reporting over this district.

Use Diamond Tires.

Mr. and Mrs. W. H. Triggs, Mr. and Mrs. Albert Triggs, Mr. and Mrs. W. O. Triggs, Mrs. Howard Baskin and Miss Beth Jeter spent Sunday and were served an elegant dinner by Mr. and Mrs. Alex Triggs at Rosbud.

Best Cane Seed for planting at Batte's Store.

R. L. Batte is having his big cotton gin in southwest Cameron near the Santa Fe Depot improved and remodeled preparatory to the opening of the ginning season this fall. Mr. Batte in addition to his gin interests owns and operates the Cameron Cotton Oil Mill and an oil mill at Thornedale. He also operates a large number of cotton gins in the county.

Sorghum and Early Amber Cane Seed at Batte's Store.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and cost of suit in cause No. 425 in said Court, Styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77½ acres of land being a part of the William Punchard Grant in Milam County. Being that certain tract of 87½ acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87½ acres sold to R. Oran, by deed dated Feb. 15, 1905 recorded in Book 65, Page 289 of said Deed Records.

SECOND TRACT: 133 4-5 acres, a part of the W. Punchard grant in Milam County, being all that tract of 230 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 180 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894 recorded in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 100½ acres of land, a part of the Newson Guatney survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book 56, Page 118, Deed Records, less 2½ acres South of Cameron and Wilder-

ville Road.

FOURTH TRACT: 93½ acres, being a part of the Newson Guatney survey, and being the 93½ acre tract described in deed recorded in Book 25, page 615 above mentioned, deed and records thereof are here referred to further description of said tracts of land, and levied upon as the property of said L. F. Wingo and J. F. Wingo. And on Tuesday, the 1st day of June, 1920, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said L. F. Wingo and J. F. Wingo by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 9th day of April, 1920.

L. L. BLAYLOCK,
Sheriff Milam County, Texas.

By D. B. GUNN, Deputy.

A. N. Weems, owner and operator of the Weems gin in Cameron, Wednesday received a shipment of two car loads of gin machinery for the improvement of his gin here.

Mrs. C. Miller and son, Cyrus, returned from Fort Worth Sunday, where they have been visiting relatives and friends the past week.

Go to Batte's Store for Sorghum and Early Amber Cane Seed.

TO THE VOTERS OF MILAM COUNTY:

Political Advertisement by W. T. Hefley.

The Primary Conventions will be held next Saturday, May 1. The friends of Senator J. W. Bailey hope that a delegation to the State Convention will be chosen, pledged to the principles of government he is so bravely fighting for. We have no doubt that if each individual Democrat in Texas had been allowed to cast his vote in a primary election, these principles would have been adopted by one hundred thousand majority. But be the result what it may, the fight for a return to Constitutional Government and State Rights is just beginning, in Texas, and our victory in July will be the most glorious one in Texas since Sam Houston overcame his enemies after his famous defeat for Governor.

A short while ago, in this campaign, I had printed the greatest tribute ever delivered to the heroes of the Alamo and George Washington, and I had to pay \$3.50 for it, as political advertisement. I paid the bill, attached a copy of the tribute to the Alamo and Washington to it, and have filed it away, that my children may know the subserviency of the press today.

That the people may know that I am not afraid of the truth, I now publish and pay for this, from LaFollette's Magazine, as follows:

"Ye shall know the truth and the truth shall make you free."

The Truth is beginning to break through at last.

It has been buried beneath a mass of lies—lies inspired by greed.

The liars were organized, merciless, malignant. They were millionaires—the rich and the near rich, hungry for more. They had their tools everywhere,—in office and out.

They owned or controlled the press, the magazines, and news associations.

They commanded every avenue of publicity,—the advertising agencies, the art associations, the movies, the bill boards. They enlisted the chambers of commerce. They dominated the social clubs. They invaded the school, the universities and even the churches.

They lied us into the war and fed us on lies after we were in the war.

Hating democracy, they bawled

themselves hoarse in proclaiming that it was a war "to make the world safe for democracy." They knew well that the powers back of the war were determined to make wealth and imperialism dominant in the world over.

They controlled the markets of all the products of land and labor and made billions in extortionate prices upon food and fuel, clothing and rents, and everything necessary to life and comfort.

Drunk with power and unrestrained by authority, they are increasing their profiteering prices and grinding the faces of the poor day by day.

But they have run their course. They are being called to answer at

the bar of an indignant public.

We demand economy in government, to replace the extravagance run riot under the present administration. The expenses of the present year of peace, it has been estimated, will be approximately \$11,000,000,000, or ten times the annual pre-war expense.

We condemn the system that permits 18,000 millionaires to be produced from war-profits—one millionaire for every three American soldiers killed in France. We demand that taxes be paid upon wealth in proportion to ability to pay, in such manner as will prevent such tax burdens being shifted to the backs of the poor, in higher prices and increased cost of living.

We denounce the alarming usurpation of legislative power, by the federal courts, as subversive of democracy, and we favor such amendments to the constitution, and thereupon, the enactment of such statutes as may be necessary, to provide for the election of all federal judges, for fixed terms not exceeding ten years, by direct vote of the people.

O my fellow Democrats I appeal to you! We are fighting for the principles of Democratic Government as the heroes of the Alamo fought for Liberty and under the great leadership of Joseph Weldon Bailey we will make the primary July 28, 1920 our San Jacinto for untarnished Democrats of Texas and a new birth of Freedom and Liberty.

Sincerely,
W. T. HEFLEY.

J. W. Guffey and family left Cameron Wednesday for Yoakum where they will make their future home. Mr. Guffey has been in Cameron for several years as road master of the San Antonio & Aransas Pass Railroad. He will continue his connection with the Sap in Yoakum and the best wishes go with them in their new home.

666 quickly relieves Constipation, Biliousness, Loss of Appetite and Headaches, due to Torpid Liver.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Sold by Pace-Marshall Drug Co.

RETURN OF ROADS PLEASES FARMERS

Urge Policy to Insure Best Service at Lowest Cost Consistent With Fair Returns.

OPPOSE NATIONALIZATION

Representative Agricultural Organizations and Rural Press State Farmers' Attitude Toward Railroads. Want Private Operation.

Private ownership of the railroads under a policy of government regulation which will insure the best possible service at the lowest cost consistent with fair returns on money invested in them is favored by representative farmer organizations throughout the country. This policy also is supported generally by agricultural newspapers, which state emphatically that the farmers are opposed not only to government ownership of railroads, but also to all nationalization plans.

In a letter to the members of the United States Senate T. C. Atkeson, Washington representative of the National Grange, which is said to be the largest organization of its kind in the world, representing more than 1,000,000 farm owners in the United States, states that the agricultural interests of the country approve of private ownership of the railroads and further declares that persons purporting to speak for the farmers in support of government ownership are neither farmers nor representatives of any considerable number of farmers.

For Pure Mebane Cotton Planting Seed see Stedman and Gogers.

O. H. Roberts, editor and manager of the Sweetwater Reporter was in Cameron last week on his way from San Antonio and Kerrville, where he had been in the interest of the Terrell Publishing Company. Mr. Roberts is making an eminent success with the new western daily and reports conditions in Sweetwater prosperous and altogether favorable.

Diamond Tires at Parma's.

Grove's Tasteless chili Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

LOCAL AND PERSONAL

Pete Leavson, florist and superintendent of the grounds at the Federal Building, has been quite busily engaged recently in planning and beautifying the grounds for spring and summer. Flowers and shrubbery has been planted and the grass on the lawns beautified and trimmed.

Diamond Tires at Parma's.

Mrs. H. J. Wofford has just returned from Fort Worth, where she has been for several days visiting her son, who has been ill.

Mr. and Mrs. Boyd Wells of Austin spent the week end with Mrs. Boyd's parents, Mr. and Mrs. T. S. Henderson, Sr.

Fountain Flinn, who is attending the Agricultural and Mechanical College at College Station, was in Cameron this week visiting with his parents, Mr. and Mrs. E. A. Flinn.

Dr. Carlton McKinney of Olney, spent Saturday in Cameron as the guest of Mr. and Mrs. E. A. Flinn. Dr. McKinney is a brother of Mrs. Flinn.

Diamond Tires at Parma's.

Miss Louise Green who is attending Baylor University, spent the week end with her parents, Mr. and Mrs. A. N. Green.

Robert McLane, of the Robert McLane Company, wholesale, in Cameron, has purchased a Franklin roadster. Mr. McLane also has a Franklin touring car.

Diamond Tires at Parma's.

E. A. Flinn of the Daugherty Motor Company, was in San Antonio the past week on business and attending the Fiesta and battle of flowers celebration held there.

John Mangum, Jim F. Chadwick and John Mangum, Jim F. Chadwick and Hilliard Stedman were in Austin this week attending a Masonic meeting.

Lowest prices on Cane Seed at Batte's Store.

Dr. T. G. VanZandt has gone to New Orleans, where he will be for several weeks attending a special medical lecture course. Dr. VanZandt was recently appointed city health physician of Cameron.

H. S. Vaughn has purchased farm lands near Somerville and will leave Cameron with Mrs. Vaughn to make that their future home. Their many friends here will regret that they are leaving Cameron. Mr. Vaughn was formerly in business in this city.

The Cameron Fire Department will be represented in the contests at the State Firemen's Convention to be held May 14. Already a crew of men are making daily runs and practicing other events that will come in the tests to be made by the firemen. Chief Monta Thomas will accompany the men to the convention. Among those who are preparing for the convention are Will Michalka, Will Crane, Will Marek, Roy Weems, Melvin Weems and Frank Richter.

Miss Willie Fontaine of Baylor University was here several days the past week end to visit relatives and Jones Prairie.

J. E. Mangum who was taken suddenly ill last week is improving and his many friends will be glad to know he is improving from his illness.

Diamond Tires at Parma's.

Mr. and Mrs. Frank Brock of El Paso, were here Friday and Saturday of last week visiting in the home of Mr. and Mrs. John Brock.

Mrs. J. B. Simpson was in Cameron several days the past week from Dallas. Mr. Simpson is the head of the Federal Government Cotton Classing Station here.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.

If you want good bright alfalfa go to the Oil Mill.

O. A. Baker of Ben Arnold, owner and operator of the famous Baker wheat farms in Milam county, was in Cameron Tuesday and spent several hours in transacting business.

Mr. Baker says that his wheat crops are in fair shape and he expects a good yield this year. The farm has 300 acres devoted to raising wheat, a splendid agricultural industry that has grown up under the progressive management of Mr. Baker.

This farm has clearly demonstrated that the grain countries of north and west Texas have not by any means monopolized the growth of food stuff.

During the past year considerable difficulty was experienced by Mr. Baker in harvesting the wheat, much of the valuable grain having gone to waste in the fields on account of the shortage of labor and bad weather conditions. Mr. Baker is lining up his labor problems early this year in order to head off any recurrence of the conditions of last year.

"YANKEE DOODLE IN BERLIN" COMING HERE

Sam Hefley, owner and operator of the Wonderland theater, announces the booking of "Yankoo Doodle in Berlin," a master fun film by the renowned Mack Sennett. This film will be shown in Cameron Monday and Tuesday, May 3 and 4.

This is one of the most popular fun films ever made and some of the master comedians of the screen are seen at their best in this super-comedy.

Mr. Hefley has shown some nationally acclaimed films in Cameron during the past few weeks and among them no greater is there than "Yankoo Doodle in Berlin."

CAMERON 11; SCHOOL TEAM 5

In the first match game of the season the Cameron baseball team met and defeated the High School team Wednesday afternoon on Weems diamond. The Cameron team has been practicing only a few days and the game was designed as a practice for the veterans who have recently been organized.

For pure Mebane Cotton Planting Seed see Stedman & Rogers 36-1f

LUMBERMAN VISITS HERE

J. F. Grant, owner of the Grant Lumber Company, was in Cameron several days this week in the interest of the company. The Grant Lumber Company maintains a line yard in Cameron. J. A. Evans is the manager of the local yard.

Mr. Grant resides in Houston and makes frequent trips to points where the company maintains yards. This is his first visit to Cameron in several months.

West Texas Cotton Seed, \$1.65 per bushel at Oil Mill.

Postmaster Jeff T. Kemp is now inspecting the rural route out of the city of Cameron. This work has been in progress for several days. Mr. Kemp finds the routes in fine shape. The inspection will be completed soon. Recently the interior of the federal building was redecorated and other improvement made.

Miss Harriett Henderson spent last week end visiting home folks.

Lockhart Seed direct from Storey Myrick, \$3.50 at Oil Mill.

PURCHASE UNIFORMS FOR BASEBALL CLUB

MONEY SUBSCRIBED BY FANS
FOR NEEDED EQUIPMENT—
TO HAVE TEAM IN FIELD

Uniform equipment has been purchased for the High School baseball team in Cameron and has been received here from Houston. The purchase of this equipment is made possible through the public spirit of a number of fans solicited for subscriptions in Cameron and the initiative of S. A. Cottle and A. F. Braun, who took the matter in hand and have been actively behind the movement.

Last week a call was issued to the "old time" players to meet and to form a club and so far good success has been attained and a number of practice periods filled. The uniforms will be given the high school team and after they complete the season the equipment will revert to the home club. The total amount raised was \$100. The charge for the uniforms was \$53.83. The balance will be held in the treasury for any other equipment that might be needed.

Following is the list of those who contributed to the purchase of the uniforms:

PRECINCT PRIMARIES

Notice of Republican Primary Convention Call of April 20th, 1920, Precinct No. 1 of Milam County, Texas.

In compliance with the action of the Milam County Republican Executive Committee, State and County Chairman; and in compliance with the election of the State of Texas.

I hereby call a Precinct Primary Convention of Precinct No. 1 of Milam County, to be held at Cameron, Texas (in Colored Masonic Hall) on Saturday, May 1, 1920, at 7:30 P. M., for the purpose of electing delegates and alternate delegates to the Republican County Convention to be held at Cameron, Texas, May 4th, in accordance with the call of the County Executive Committee and for the purpose of voting for four delegates and four alternate delegates from the State at Large, and one delegate and one alternate from the Sixth Congressional District, to the Republican National Convention, which is to be held in Chicago, Illinois, June 8th, and one Presidential Elector for the Sixth Congressional District of Texas; and for such other business as may properly come before such Primary Convention.

This Precinct is entitled to elect delegates to cast one vote for every five (5) votes cast in this Precinct for only legal voters are entitled to participate in the Convention as is specified in the State and County call.

E. T. Johnson,
Chairman Precinct No. 1.
Sam L. Stephens, Secretary.

CREAM SUPPER AT DAVILLA

The Ladies Missionary Society of Methodist Church in Davilla will give an ice cream supper Friday night in the Tabernacle in that place and an invitation has been extended to all Cameron to meet with the people of Davilla and to enjoy the supper.

A special invitation has been given to candidates for public office to attend the supper and arrangements will be made for them to speak to the crowd. This is the first supper to have been given in that neighborhood this season.

It is expected that a large crowd will go out from Cameron and among them will be several of the candidates for office.

SPEAKS IN THORNDALE

Judge W. G. Gillis, county judge of Milam County, spoke in Thorndale Saturday afternoon in defense of the National Democratic Administration. A large crowd gathered to hear Judge Gillis discuss the record of the administration which he declared was the greatest of any national administration in several decades.

Administration Democrats in Thorndale declare they will be very active in directing delegates to the convention here and will do all in their power to influence for the National Administration.

For every purpose for which a liniment is usually applied the modern remedy, Liquid Borozone, will do the work more pleasantly. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Co.

ROAD BOND ELECTION NOTICE

THE STATE OF TEXAS,
County of Milam.

On this the 15th day of April, 1920, the Commissioners' Court of Milam County, Texas, convened in regular session, at the regular meeting place thereof in the courthouse at Cameron, Texas, all members of the court to-wit: W. G. Gillis, County Judge; Henry Reaves, Commissioner of Precinct No. 1; N. H. Butts, Commissioner of Precinct No. 2; O. K. Phillips, Commissioner of Precinct No. 3; W. A. Allcorn, Commissioner of Precinct No. 4, being present, came on to be considered the petition of H. Black and fifty-six other persons, praying that bonds be issued by Road District No. 15 of Milam County, Texas, in the sum of \$10,000, bearing 5½ per cent rate of interest maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District No. 15 of Milam County, Texas; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 15 of Milam County, Texas; and

It further appearing that said Road District No. 15 of Milam County, Texas, has been duly established by an order of the Commissioners' Court of Milam County, dated the 14th day of February A. D. 1919, of record in Book 6, Page 484, of the minutes of said court, and the boundaries thereof are herein described as described and defined in the order of the Commissioners' Court establishing such district, as follows, to-wit:

Beginning at the S. W. cor. of the Monroe Edwards League for the S. E. cor. of this said cor. being on the west bank of the Brazos River from which a Cottonwood 24 in. in dia. marked K hrs. N. 26 E. 14 vrs. and a Box Elder marked X hrs. S. 76 W. 9½ vrs. Thence with south line of the said Edwards League S. 60 W. 8890 vrs. to a point where said line crosses the center of the Harls Creek for cor. of this from which a P. O. marked X hrs. S. 81 E. 11 vrs. and a P. O. marked X hrs. N. 51 W. 7 3/4 vrs. Thence up said Harls Creek with its meanderings to a point where the said creek crosses the south line of Susie Butts 100 acre tract of land in the J. P. Jones survey for a cor. of this, said cor. being N. 24 W. 2960 vrs. from the last above mentioned cor. from which a P. O. marked X hrs. N. 45 W. 10 vrs. Thence S. 60 W. 2052 vrs. to cor. in west line of Jones League from which a Mesq. hrs. N. 14 E. 25 vrs. Thence with the dividing line between the said J. P. Jones and Lewis Lamos surveys S. 30 E. 140 vrs. to rock for cor. Thence S. 19 E. 1206 vrs. to rock for cor. from which a P. O. hrs. S. 1½ W. 4 vrs. Thence N. 71 W. 1600 vrs. to cor. in the dividing line between the Lewis Lamos and J. K. Tyler survey, from which a Mesq. hrs. S. 44 W. 9 vrs. Thence with the dividing line between said survey S. 19 W. 240 vrs. to stk. for cor. Thence N. 71 W. 1050 vrs. to cor. from which a P. O. hrs. N. 25 E. 6 vrs. Thence N. 71 W. 255 vrs. S. 19 W. 80 vrs. Thence N. 71 W. 1270 vrs. to cor. in dividing line between the J. K. Tyler and W. H. Walker surveys. Thence with said dividing line S. 19 W. 100 vrs. rock for cor. from which a P. O. hrs. S. 76 W. 11 vrs. Thence N. 71 W. 820 vrs. to stk. from which a Mesq. hrs. N. 66 E. 5 vrs. and a P. O. hrs. S. 26 W. 12 vrs. Thence N. 19 E. 100 vrs. to rock for cor. Thence N. 71 W. 1740 vrs. to the S. W. cor. of this at the junction of the Cameron and Clarkson Public Road with the Cameron and Jones Prairie Public Road, said cor. being the S. W. cor. of the C. A. Boeker 58 acre tract and in the W. line of the W. H. Walker league. Thence with said W. line N. 19 E. 750 vrs. to the S. W. cor. of the P. L. Bergum 103 acre tract. Thence S. 71 E. 340 vrs. to stk. for cor. Thence N. 19 E. 903 vrs. to cor. in north line of said Bergum tract. Thence S. 71 E. 298 vrs. to the S. E. cor. of the M. Schwarting 50 acre tract. Thence N. 19 E. 1335 vrs. to the N. E. cor. of the Julius Lorenz 123 acre tract. Thence N. 71 W. 226 vrs. to the S. E. cor. of the William Kohring tract. Thence N. 19 E. 1026 vrs. to the N. E. cor. of said Kohring tract, said cor. being in dividing line between the W. H. Walker and A. Frazier surveys. Thence with said dividing line S. 71 E. 1335 vrs. to stk. for cor. Thence N. 60 E. 570 vrs. to stk. for cor. Thence N. 30 W. 1808 vrs. to cor. in north line of said Frazier survey. Thence N. 60 E. 1238 vrs. to the N. E. cor. of said Frazier survey, said cor. being in the west line of the J. J. Whitesides survey. Thence N. 30 W. with said west line 1351 vrs. to stk. for cor. from which an Elm hrs. N. 44 E. 16 vrs. Thence N. 60 E. 1678 vrs. to rock for cor. Thence N. 30 W. 1081 vrs. to stk. for cor. from which a double Elm hrs. N. 26 W. 16 vrs. Thence N. 60 E. 628 vrs. to stk. for cor. Thence S. 30 E. 703 vrs. to rock for cor. Thence N. 60 E. 1401 vrs. to rock for cor. from which a Mesq. hrs. N. 11 E. 6 vrs. Thence N. 30 W. 703 vrs. to stk. for cor. from which a wild wild china hrs. S. 66 E. 5 vrs. Thence N. 60 E. 468 vrs. to cor. from which a Mesq. hrs. S. 45 E. 4 vrs. Thence N. 30 W. 1602 vrs. to cor. in north line of said Whiteside survey, from which an Elm hrs. N. 54 W. 21 vrs. and a blackberry hrs. N. 72 E. 11 vrs. Thence N. 60 E. 431 vrs. to cor. in Pond Creek. Thence down said creek with its meanderings to the N. E. cor. of the John Stewart tract of land, said

cor. being N. 88 E. 6220 vrs. from the last above mentioned cor. Thence S. 30 E. 1200 vrs. to the dividing line between the BBryan Wickson and J. Walters League from which a P. O. hrs. S. 26 E. 11 vrs. Thence with said dividing line N. 60 E. 1760 vrs. to a point where said line crosses the Port Sullivan and Waco Public Road. Thence with said public road S. 19 W. 250 vrs. S. 4 E. 600 vrs. S. 20 E. 500 vrs. to a point where said line crosses the dividing line of the J. Walter league for a cor. of this from which a P. O. hrs. S. 46 E. 11 vrs. and a P. O. hrs. S. 51 W. 5 vrs. Thence N. 60 E. 3584 vrs. to cor. on the North Bank of the Brazos River for the N. E. cor. of this from which a cottonwood hrs. S. 88 W. 4 vrs. and a wild china hrs. S. 73 E. 2 vrs. Thence down said river with its meanderings to the place of beginning and containing:

Niles F. Smith survey, 4428 acres.
David Gallegler, 4428 acres.
Mathew Dunn survey, 1107 acres.
H. P. Kind survey, 320 acres.
Out of the J. Walters survey, 3600 acres.

Out of the Lewis Lomas survey, 538 acres.

Out of the J. P. Jones survey, 4120 acres.

Out of the A. Frazier survey, 837 acres.

Out of the J. J. Whiteside survey, 2564 acres.

Out of the Byron Wickson survey, 1200 acres.

Out of the Monroe Edwards survey, 3750 acres.

Out of the W. H. Walker survey, 1425 acres.

Total, 28,317.

It further appearing that said district does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid.

It is therefore considered and ordered by the court that an election be held in said Road District No. 15 of Milam County, Texas, on the 22nd day of May 1920, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 15 of Milam County, Texas, shall be issued in the amount of \$10,000, bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the Commissioners' Court serially or otherwise, not to exceed thirty years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this county, and who are resident property taxpayers in said Road District No. 15 of Milam County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballot the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling place and presiding officer of said election shall be respectively as follows:

At Jones Prairie, with B. F. Stidham as Presiding Officer.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in a newspaper published in the county, there being no newspaper published in said district for four successive weeks before the date of said election and in addition thereto, here shall be posted othr copies of this order at three public places in said Road District No. 15 of Milam County, Texas, for three weeks prior to said election.

The county judge is hereby direct-

ed to cause said notice to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this court.

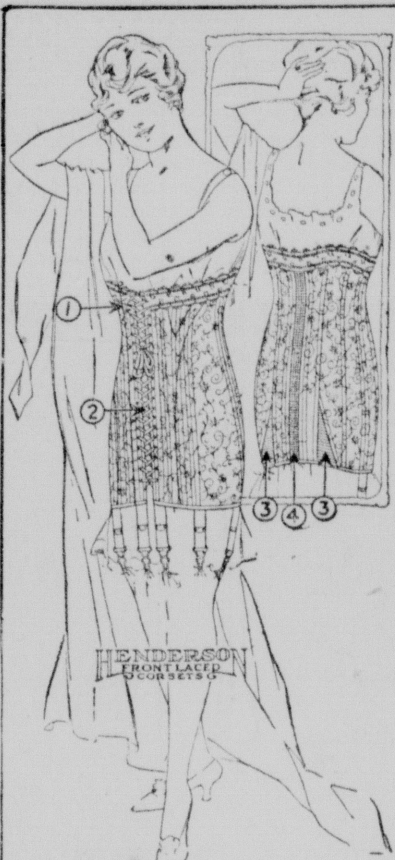

A true copy I certify.
51-4t
W. G. GILLIS,
County Judge, Milam County, Texas.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs
Kidneys, Then the Back
Hurts

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the Salts from any good drug store here, take a tablespoonful in a glass of water.

Special Features Henderson Front Laced Corsets

No. 1—The better models have a flexible top clasp which relieves pressure over the bust.

No. 2—A ventilated tongue under the lacing which prevents the protruding of the flesh or clothing.

No. 3—Elastic sections and gorges inserted in the corset skirt comfortably adjust the corset to every body motion.

No. 4—A ventilated section in back made of a soft mesh material which relieves all pressure of heavy boning or bulky seams over the spine so objectionable in some front laced models.

Henderson Front and
Back Laced Corsets

Are designed for all types of figures. They are Stylish, Comfortable and Serviceable.

We invite you to inspect the season's newest models.

Triggs Dry Goods Co.

er before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

PRESENTED WITH CARE

Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, is the proud owner of a new Chevrolet touring car, the gift of his friends and members in the church. The car was purchased from the Daugherty Motor Company, local distributors for the Chevrolet car.

C. H. Carringer, division freight and passenger agent of the Santa Fe railroad at Waco, was in Cameron Friday of last week in the interest of the company. He was the guest of H. C. Keith, supervisory agent for Santa Fe in Cameron. While here Mr. Carringer attended a meeting of the Cameron Commercial Club.

Tuesday night's audience mystified

**Tries vainly to detect difference between voice of famous soprano and
RE-CREATION by Edison's new phonograph**

Those present at Cameron High School Auditorium last Tuesday night saw Betsy Lane Shepherd walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Home, Sweet Home. Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Shepherd's voice, yet Miss Shepherd was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Shepherd's voice and the RE-CREATION of that voice by the the New Edison.

This was the daring test undertaken last Tuesday

night at Cameron High School auditorium by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Cameron were invited to pass judgment. No Test could have been more exacting.

Miss Shepherd made comparison after comparison. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

THE NEW EDISON

"The Phonograph With A Soul"

The instrument used in Tuesday night's Tone-Test is the regular model which sells for \$285 [in Canada, \$431]. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustain-

ing this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present last night. Learn the amazing truth. Then come in and let us prove it personally to you.

AMONG THE CHURCHES

INTERCHURCH MOVE MEETING IS HELD

PRESBYTERIAN CHURCH IN
CAMERON HOST TO TEAM
REPRESENTING WORK

The Interchurch team arrived on Monday night and held an all day session at the Methodist church.

C. E. Robinson of Port Arthur, was the team leader. He was assisted by Mrs. B. E. McMaster of Fort Worth, and Rev. A. A. Leifeste of Brenham.

The significance of the movement was discussed and a great many facts put before us as to what had been done and what is to be done. The various departments of our church life the movement is fostering were spoken on. Some of these were, Spiritual Resources, meaning by this prayer, family worship, and evangelism. There was the Stewardship plans of the Interchurch. There was Life Enlistment. Few of us realize how many workers are needed to carry on the work. Not hundreds but multiplied thousands of young people must offer themselves if the work is to be done. There was the Department of the Missionary Education, and in the report of the surveys of this land and of all the foreign lands we had something of the sort of missionary information the movement is trying to get before the people.

In the evening there was an address by Mrs. McMaster on Woman's Work, followed by an illustrated lecture. We are appalled by the task before us but after looking on the ability

we have no one of us can truthfully say that it is impossible if we will take hold of it.

Not a great many people came out for any of the service. Those who came and stayed were repaid for the time they gave. It was an opportunity to see first hand what the Movement stands for. More of us ought to have come and learned.

The cool weather made having a lunch in the park impractical, but a company brought their baskets and with the visiting team a very delightful time at noon in the Sunday School room at the Methodist church.

H. R. MacFADYEN.

ATTENTION! VERY IMPORTANT!

To all Methodists take Notice!

The Water Color of the proposed new Methodist church will be displayed for the first time at the eleven service next Sunday morning. The last Board of Stewards meeting with all present but members, decided that the time had arrived to take some steps toward the building of a new church. The Architect was requested to draw up a floor plan and make a Water Color which he had done. Come and see how you like it. Get ready to dig up for that comes next. There will be no collection Sunday, but you will be able to get an idea about what you will have to do in order to have a building equipped for modern church work.

The subject Sunday morning will be "Temple Scenes" and in the evening it will be "The Essence of Christianity." The hours of service are as follows. Sunday School, 9:45 a. m., Preaching 11 a. m., Senior and Intermediate League separately 6:45 p. m., and Preaching again at 7:45 p. m.

CHRISTIAN CHURCH

Beginning next Sunday morning, May 2nd, we will have a few days' revival meeting. Brother J. A. Mason, Pastor of Marlin church, will arrive Monday evening and will assist in the meeting.

A cordial invitation is extended to all.

R. E. ROBERTS, Pastor.

PRESBYTERIAN CHURCH

On last Sunday we began on our every member canvass but have not yet been able to finish. We have good hopes that when we report on Sunday morning that we will be able to say that we have gone over the top and raised all necessary funds for our local expenses, and all for outside causes and will have our own Foreign Missionary.

After the morning service the congregation will meet for the purpose of electing two new deacons. We hope to have all our people out.

H. R. MacFADYEN, Pastor.

NEXT SUNDAY AT THE BAPTIST CHURCH

Services next Sunday as follows: Sunday School at 9:30; Junior and Senior Unions at 6:45 p. m.

At the morning hour of worship, the Lord's Supper will be observed. Our membership, especially, is urged to be present.

At the evening hour, the pastor will speak on the subject of the **Modern Dance**. You are assured in advance, that the discussion of this subject will be sane, dispassionate, and informing. All young people of our city, who may or may not dance are cordially invited to hear this discussion. Fathers and mothers are asked to come with their children.

The Junior Choir will furnish music

for the evening service.
B. B. BLAYLOCK, Pastor.

COMPLETE EQUIPMENT ESSENTIAL TO OWNERS

"An automobile must be fully equipped if it is to satisfy completely," says E. A. Flinn, Manager Daugherty Motor Co., local dealer in Chevrolet passenger and commercial cars.

"In addition to economical and dependable transportation, the up-to-date car must afford every comfort and convenience.

"The average automobile is in active service most of the time. At work or leisure the owner is in and out of it a great deal. He spends

in it on long trips. He wants to enjoy the utmost ease in riding. He wants to be prepared for all conditions that arise from its use.

"In the first place an electric starter is required to save time, effort and gasoline.

"An efficient lighting system is essential—electric lamps, adjustable to the driver's vision and independent of the variations of the motor. On them depend the comfort, security and pleasure of night driving.

"A speedometer, too, is important. It is really the driver's time-table indispensable to motor travel.

"There is not only comfort but protection in a properly tilted and adjustable windshield. The same is true of a well made top with its snug fitting

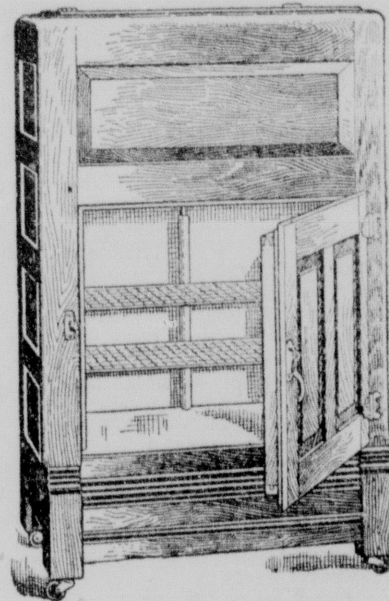

side curtains

"An extra rim and carrier and complete tool equipment including pump and jack are necessities.

"No car is complete without these features. The experienced owner has come to depend upon them in the use of his car. The manufacturer can supply them more easily and for less than the individual can buy them. They should be included in the purchase price."

When your breath is bad, appetite poor, and you feel "blue" and discouraged, you need Herbine. One of two doses will set you right. It is a great system purifier. Price, 60c. Sold by Pace-Marshall Drug Co

Summer Time Needs In FURNITURE

Gurney Refrigerators

When you buy a GURNEY REFRIGERATOR you have invested your money in one that will give satisfaction. The one made right, finished nicely, medium in price compared with many other lines. A good refrigerator will soon pay for itself. See our line of GURNEYS before you buy.

Aurelux Porch Shades

Keeps the sun and rain out. Make any porch a cool place to stay. We have them in 5-6-8-10 ft. widths. Colors tan or olive green.

TEN YEAR OLD GIRL DROWNED IN RIVER

LUCILE ROUSE SWIFT TO DEATH
IN STREAM NEAR CITY OF
THORNDALE

All Thorndale mourns with Mr. and Mrs. H. M. Rouse, whose home is desolate over the death yesterday, by drowning of their precious, bright little daughter, Lucile, which occurred about 2:30 o'clock in the afternoon, near Salty crossing on Turkey Creek. Mrs. Rouse and Lucile and Mr. and Mrs. Wilford Wilson and children, Howard and Eloise, and little filmer, Stevenson had gone down on the creek to enjoy a picnic, on account of San Jacinto day, and after lunch, Lucile Howard and Eloise were wading in the creek, when Lucile stepped into a deep hole, and in trying to pull her out Eloise was drawn in also. Howard then ran to their rescue and was also pulled into the deep water and carried under. Mesdames Wilson and Rouse then called Mr. Wilson, who had gone off about 150 yards to take a nap. He hurried to the scene as quickly as possible, and was just in time to get his little girl, who was just going down for the third time, little Lucile Rouse having sunk before he reached the creek.

Being able to swim a little, Howard Wilson had managed to extricate himself from the girls and swan out. As soon as Mr. Wilson had secured the safety of Eloise, he began diving for the body of Lucile, and when he had about become exhausted found her about ten feet down the stream from where she had gone down, the little life having already been crowded out by the cruel waters.

The body was rushed to the home of Dr. Crockett, where for an hour or so everything that was possible was done to revive the little girl, but all in vain.

Little Lucile was a bright, sweet child, ten years of age, was in the fourth grade at school and Prof. Romack says was one of the brightest in the grade.

The funeral, conducted by Rev. P. E. White of the Methodist church, was held at the First Baptist church this morning at 11 o'clock, and the edifice was inadequate to accommodate the host of friends of the family who came to pay a last tribute to the memory of this lovely child. Following the funeral the remains were taken to Pleasant Hill cemetery and laid to rest. Thorndale Champion.

Says Tanlac Has Overcome His
REV. A. J. VALLERY
MAKES STATEMENT

Troubles and He Feels Like a
New Man

"I feel that it would be helping others to tell what Tanlac has done for me," said Rev. A. J. Vallery, living at 834 Chelsea Ave., Memphis, Tenn.

"About three years ago," he continued, "I had a general breakdown that made me very nervous. I had a sour stomach and would spit up undigested food. The pains in my stomach hurt so at times that I thought they would kill me. I also suffered with rheumatic pains in my joints and my kidneys were in so bad shape, my sleep was poor and I felt so tired all the time that I could not do my work."

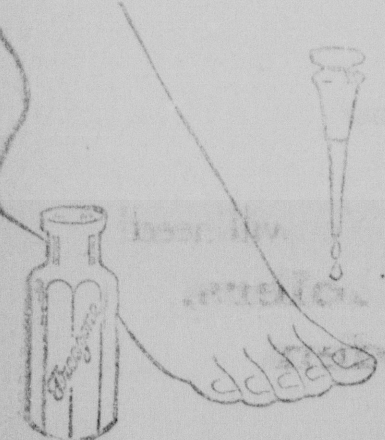

"Since taking Tanlac I have been relieved of indigestion and those pains are all gone. My kidneys don't trouble me any, I am not nervous like I was and I can sleep fine every night. My strength and energy have been restored and I feel like a new man."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

Choice alfalfa for sale at the Oil Mill.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

MILANO NEWS

By Chas. Howes.

Milano, Texas, April 26.—We had a tent show all last week in Milano. Mr. Thos. Hobson of Marlow, was in Milano on business last Friday. Hon. Oscar Kidd made a political address Saturday afternoon.

It has rained enough to lay the dust.

School will be out in another week. There are five graduates from Milano High School this year: Misses Mary and Verna White, Ara Lee Corbett and Virgie Butts.

COUNTY COURT

THE STATE OF TEXAS

To the Sheriff for any Constable of Milam County—Greeting:

You are hereby commanded to summon the unknown heirs of John Chance and the unknown heirs of Annie Price, wife of George Price by making publication of this citation in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 3rd day of May 1920, the same being the First Monday in May 1920 then and there to answer a petition filed in said court on the 6th day of April 1920, a suit numbered on the docket of said court No. 8163, wherein D. A. Chance is plaintiff and the unknown heirs of John Chance and the unknown heirs of Annie Price are defendants, said petition alleging: That he is the owner and in possession of certain lot or parcel of land, lying and being situated in Milam county, Texas to survey and particularly described as follows, to-wit:

Beginning at a Mosquito Mrs. Sarah Norman's S. E. corner and the S. E. corner of this survey. Thence N. 70 W. 335 vrs. to a stake for S. W. of this survey from which a Mesquite bears N. 23 E. 8 vrs. Thence N. 20 E. 760 vrs to a stake for N. W. corner of this survey. From which a Box Elder bears N. 22 W. 5 vrs, and a Mulberry bears S. 76 W. 9 vrs. Thence S. 70 E. 335 vrs. to a stake for N. E. corner of this survey in Mrs. Sarah Norman's original East Boundary Line from which an Elm bears N. W. 7 vrs. Thence S. 20 W. 760 vrs. with said East Boundary Line to the place of beginning, containing 45 acres of land.

That he obtained said land, by devise from his mother who acquired the same during the life time of her husband, David Chance who died intestate and that John Chance and An-

nie Price were children of said David and S. E. Chance and each of them died intestate leaving surviving children which facts cast a cloud upon plaintiff's title. That plaintiff claims title to said land, by purchase and by ten years limitation and he prays for judgment, removing cloud from title and quieting same, for title and possession and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this 6th day of April A. D. 1920.

PENN WOLF,
Clerk of the District Court, Milam County, Texas.

LITTLE CHILD KICKED BY
A MULE AT CONOLEY.

Dr. L. L. Lee was hurriedly called to Conoley Monday morning to see little Gertrude, the daughter of Mr. and Mrs. W. A. McDaniel, who had been kicked by a mule, and thought to be dangerously hurt. The little lady, about four years old, had followed her father to the lot, and in some way got too close to the animal, being kicked in the side. Mr. McDaniel was in town Tuesday, and stated that little Gertrude's injury was not serious, and that she was getting along all right.—Thorndale Champion.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chili TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chili TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chili TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chili TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

NEW OIL DRILLING MOVE IS NOW UNDER HEADWAY

A mass meeting of the land owners north of Milano was called for by the Commercial Club Tuesday night for the purpose of considering the leasing of their lands in a block for an oil drilling company that seems very anxious to get to work on the northern limits of town. Each land owner received notice by mail of the meeting and a good attendance was present. The land un-

der lease negotiations lies north and northwest of town, and a number of oil geologists have lately been looking the ground over and were surprised at the wonderful oil indications that are exposed to the scientific eye. The rocky ridge formation running from southwest to northeast across the town limits seems to have attracted the geologists' attention more than anything, and their idea is that drilling should be done somewhere north of this ridge which is supposed to have been caused by a

gas upheaval in ages past. At the meeting Tuesday night good results and some headway were made by land owners signifying their willingness to lease their land in a solid block and it will require some time to get these leases prepared and other necessary papers to the satisfaction of the oil men and also the land owners.—Milano Gazette.

Buy your bright alfalfa at the Oil Mill.

More Outlets--- MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more.

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any appliance without the bother of removing light bulbs, or to use two appliances at the same time if desired.

THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Bureau of Education, Department of the Interior.)

The Enchanted Princess Who Lives in Every Garden

"The next morning she was nowhere to be found. All the world was searched for her, but no one had seen anything of the beautiful Princess. People said she was too beautiful and too good for the earth, and so was spirited away to some enchanted land where beauty never fades. But they said that she would come back some day."

"Now, the Princess, you know, was, at heart, really good, and really beautiful, in spite of her great fault. Now, real goodness and real beauty can never be killed no matter what happens."

"Therefore the little Princess kept her real beauty in her wonderful eyes, and her real goodness in her wish to do good for the love of others. She was very lonely with no one to praise her, and no one to see her real beauty, hidden in her ugly form, and no power to do any good for anyone. She was so used to being seen and praised that she missed that pleasure very much. But, worst of all, was the thought that she could not do good any more. She felt so little and helpless."

"Once a lively little boy ran through the garden and chased the Enchanted Princess, and caught her her somewhat roughly in his hand. Her old pride rose up in horror that she had been a Princess should be treated this way."

"So, a sort of stinging juice broke out on her, and made the boy's hand smart so that he let her drop. Then she was ashamed of her pride. The boy called it a 'stinging juice,' but his teacher said the 'Toad's glands had secreted an acid fluid.' But, anyway, Garden Lady, I'm sure you'll understand. And the little enchanted Princess was ashamed of her pride, because she thought that if she had not hurt the boy with the 'stinging juice' that perhaps he would have taken her home. You see, she wanted a chance to do some good."

"Then the Spirit of the Garden came to the little princess. She came just at the moment which is neither night nor day. She was as beautiful as if all made of flowers and fruits, and her robe seemed woven of the pink cloudiness of an apple orchard in bloom."

"Little Enchanted Princess," she said, "You still want to do GOOD? I will tell you how. There are creeping and flying, and biting, and sucking enemies that harm my Garden Babies. You may keep the gardens clear of these."

"So the Enchanted Princess watched in the gardens for the enemies of the Plant Babies. She selected a good location, partly buried herself in the soil and sat quietly until an enemy insect came by. Then, quick as a

flash, the little Enchanted Princess shot out her sticky tongue, struck the insect, and pulled it quickly inside her jaws. You see, the thick, ugly skin of the toad so protected it that birds and animals left it alone."

"Thus the gardens grew more lovely every day, with their flowers and fruits, and beautiful vegetable creatures all protected by the efforts of the little Princess."

"Still she was lonely, for there had been a Prince who loved her. He always felt that she would come back, and he often walked in the palace gardens dreaming of her."

"One evening, just at the time that is neither light nor dark, he sat down to rest on the marble bench beside the fountain."

"The little Toad Princess saw him, and, hopping out of her hiding place, sat down very timidly close to his sandaled feet. He felt there, but he was careful not to move, for fear of frightening the little creature, because he was very gentle, although he was very brave. He looked down straight into the wonderful eyes, and then it seemed that he could not take his eyes away from those eyes, for they reminded him of his lost princess."

"As he looked and looked, tears seemed to tremble in the toad's beautiful eyes, and the tears seemed to change to a white mist, which rose and shaped itself into a lovely form. It was his Princess, dressed all in softest white, with a girdle of rich, glittering jewels. Her dark hair, floating away from her lovely face, fell far below her waist and seemed to mingle with the twilight shadows. Her eyes were very sweet and sad, yet full of a far-away hope. She asked, oh, so earnestly, to be allowed to speak to him, and was allowed. She told him all her story."

"The Prince cried out then: 'Oh, Spirit-of-the-Gardens, let me be like my Princess and live with her in the garden and keep it clear of things that harm the Plant Children.'"

"His request was answered. He was a great Prince, and he might have been a great king with people to wait on him and praise him. He was a handsome prince, with fine clothes to wear and fine palaces to live in; but he chose to be a humble toad and work with his Princess for the good of the gardens."

"So the years went on and on, and the children's and great-great-ever-so-great grandchildren of these two spread all over the world."

"Now, wherever there are gardens, these creatures are happy in living their lives and carrying on their work."

"Now, Garden Lady," said the little toad, "I am one of those great-great-ever-so-great grandchildren. Tell the soldiers of the United States School Garden Army to look out for us, for we are on their side. We are glad to be in the garden army ranks in the effort to help the whole world. We see better and better times coming. It is whispered in the garden world that when all people are good-for-the-sake-of-goodness and not for the love of self, when there are no princes and princesses in worldly rank and all people are simple, kind and humble, then our beautiful great-great-ever-so-great grandmother may come back to her first lovely form."

"Indeed, she will be more beautiful than ever, because she will no longer be proud and she will no longer think only of herself. But that does not matter really, for in that day our true beauty will be enough. This was the use of our great-great-ever-so-great Grandmother's ADVERSITY and of our hard times. We have learned the True Goodness and the True Beauty."

When the Garden Lady had finished the story that was told her by the little toad, Big-Sister-Peggy softly repeated the words that she had first spoken about to the Garden Lady. She said—

Sweet are the uses of adversity, Which, like the toad, ugly and venomous, Bears yet a precious jewel in its head.

Tommy Thoughtful was the first to suggest that every garden soldier should have an enchanted prince or princess in his or her garden. If there is no little brown toad in your garden, you will surely find one along the roadside. Lift it gently up and take it home with you. It will do no harm to have several of them fighting your garden battles for you.—By Ethel Allen Murphy.

The End.

UTILIZE YOUR SPARE MOMENTS

Why not use your leisure time wisely? What have you gained from your spare time the past year? In every city, town and community in our great Union, some ambitious persons are studying by correspondence, are climbing upward, while their associates are standing around the foot of the ladder of success. Already thousands too busy or too poor to attend college are finding education at their door; already they are studying, mastering, succeeding. We are as near to you as your mail box. An hour a day for three months devoted to one of our courses will make you stronger, wiser, better fitted to cope with the world and wrest success from her hands, success which can be won only by those who are trained in their work.

The demand for trained office assistants, bookkeepers, stenographers, telegraph operators, is now greater than ever before, and salaries are in proportion to the demand. We are teaching, under our Money-Back Guarantee Plan, and have for years successfully taught by correspondence thorough courses of Bookkeeping, Shorthand, Typewriting, Telegraphy, Grammar, Spelling, Arithmetic, Business Law, Penmanship, Salesmanship, Advertising, etc. In a few months time, without interfering at all with our present employment we can equip you for a position as a trained office worker, and your income never ceases during the period of training. When you have completed a course of far better salary than you are now receiving. This is the age of specialization; the trained man gets the big salary.

The advantages of a correspondence course are in part as follows: Less cost, not one-sixth of that required to attend school. No lost time or salary. You "earn while you learn,"

save your leisure time that would otherwise be wasted. Make just as much salary as if you were not studying at odd times. You study at home,—the education comes to you. Three months free use of a standard typewriter is given with full shorthand course. If you decide when partly finished to enter for personal work you may do so without paying additional tuition.

For complete information as to our courses fill in and mail the coupon below for large free catalogue.

MENDENHALL'S CHILL AND FEVER TONIC CURED AFTER THE DOCTOR'S MEDICINE FAILED

"Nocatee, Fla., 9-9-1917. The doctor gave up our baby boy to die of malarial fever and bowel trouble. Mendenhall's Chill and Fever Tonic cured him in the last stage after the doctor's medicine failed. Praise the Lord for such a medicine; would to God that all mothers knew of its merits. I can recommend the medicine to all whom it may concern to be the best medicine that was ever made. Our babe was teething and had bad bowel trouble and fever."—O. J. Tooke. The foregoing is a sample of unsolicited letters we receive from grateful fathers and mothers. For sale by Avera's Drug Store.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

The lasting friendships made by
MAXWELL
are due to fine steels

You never forget the lasting qualities of fine shoes, fine gloves, or fine furniture. They linger in your memory.

So it is with a Maxwell. The lasting friendships for this remarkable car multiply day by day.

These are friendships built upon steels, fine steels.

Steels that equal, pound for pound, those in any car built.

They are steels that make possible that wonderful combination of light weight and great strength.

For a Maxwell is built to be light in weight. A light car means economical transportation—if its steels stand up.

Therefore, only those steels that are of brute strength combined with quality go into a Maxwell.

That means paying the very top price for its steels.

But it has earned ever-increasing friendships for Maxwell.

It has given impulse to Maxwell sales. It has spread all over the world ready acceptance for Maxwell.

Reduced to figures, it shows nearly 400,000 Maxwells now in operation. 100,000 more in 1920.

Yet this number will supply but 60 per cent of the demand.

CAMERON STUDENTS AT THE UNIVERSITY

Austin, Texas, April 29—The honor roll for the academic, educational and engineering departments of the University of Texas for the winter term contains the name of six students from Cameron, and one from Ben Arnold.

This honor roll takes into consideration both the quantity and the quality of the work of the students. In computing the scores of the students, an A is counted 12, a B as 9, a C as 6, and a D as 3. Practical courses, which run in thirds and are counted

proportionately; for example, a B made in chemistry 411, which is a four-thirds course, counts four-thirds of 9, that is 12, in the computation.

To make the honor roll, a score of 45 is required in the case of a freshman and a score of 51 in the case of an upperclassman.

Upperclassmen making a score of 65 and above are among the best one per cent of students; freshmen making 61 and above, best two per cent; freshmen, 60, best three per cent; upperclassmen, 60, best three per cent; freshmen, 55-59, best three per cent; upperclassmen, 57-59, best four per cent; freshmen, 54, best four per cent; upperclassmen, 54-56, best five, six and seven per cent; freshmen, 49-53, best five, six and seven per cent; upperclassmen, 51-53, best eight, nine and ten per cent; freshmen, 45-48, best eight, nine and ten per cent. The grades were higher this term than last, and upperclassmen make higher grades than freshmen.

The students from Cameron are: Marvin Wise McClendon of Ben Arnold, among the best one per cent; Henry Hyttl Hammer and Annie Laurie Middleton, among the best three per cent; Florence Gill and Jay Dean Howell, among the best four per cent; Lola Greer among the best 8-10 per cent.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the Medicine line.—adv.

BAND MASTERS FORM STATE ORGANIZATION

J. N. CRAWFORD OF CAMERON IS SECRETARY AND TREASURER OF NEW BODY

Waxahachie, Texas, April 21.—Waxahachie was host today to the organization meeting of the Texas Band Masters' Association and at the same time paid tribute to J. E. King, leader of the famous Lone Star Band of this city, who has resigned to head a new band at Eastland. The Lone Star Band is one of the institutions in which Waxahachie's citizenship takes greatest pride, and during the five years of his leadership Mr. King has been largely responsible for its development.

Seven band masters from North and Central Texas cities attended the meeting, starting a movement which is expected to spread over the State, having for its purpose the encouragement of local bands and musical organizations. Besides the Waxahachie band, the full bands from Maypearl, Midlothian and Grandview were here today for the celebration and meeting, and there were also large representations from Ennis, Corsicana, Cleburne and Cameron.

The day being also San Jacinto day, music and patriotism held full sway in Waxahachie, and the business houses of the city closed their doors this afternoon, both because of the holiday and as a tribute to the Lone Star Band. That band is the official band of the Texas Rotary Club and of the Texas Confederate Veterans, having attended the conventions of both National organizations, and now the band is seeking the place of official band for the International clubs.

Band Master Organize

The day's program was opened with a special meeting at the Lone Star Band's hall. Mr. King, director of the Waxahachie band, called the meeting to order as temporary chairman, making a talk on the benefits derived from a band leaders' association. Others present spoke along similar lines and the Texas Band Masters' Association was formally organized, the purpose being to "promote the interests of bands and band masters in the State and to set a standard for bands that will put them on a business and a musical basis."

J. E. King of Waxahachie was elected president and J. N. Crawford of Cameron secretary-treasurer. A

resolution was adopted making all band masters accepted for membership within the next thirty days charter members. Plans were made for a big band reunion each year on San Jacinto Day in some Texas city, to promote interest in bands and also in Texas patriotism. The reunion today, it was declared, will prove but a small start in this direction. Those King, Mr. Crawford EETA OAA AR attending the meeting were Mr. King, Mr. Crawford, Charles Parker of Waco, Conway King of Maypearl, Ralph Beck of Midlothian, O. E. Hale of Grandview and Admire Lewis of Cleburne.

Following the business session Mr. King entertained the visiting band masters at luncheon, at which one of the features was a menu prepared by Mr. King, with sixty musical titles woven into the menu and program. In a guessing contest as to the number of such titles, Mr. Crawford won the prize.

Massed Concert Given
The visiting bands paraded Waxahachie's streets and then went to Getzendaner Park, where a massed concert of all the visiting bandmen was held. Mr. King leading one-third of the time, Mr. Crawford one-third of the time and Mr. J. C. Trimble of Corsicana one-third. The Waxahachie Chamber of Commerce entertained all of the visiting bandmen at supper at the park, and then a band concert was given at the park at 7 o'clock, followed by the Waxahachie Spring Musical Festival at the Methodist auditorium.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative, excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c.

Made and recommended to the public by Parke Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless Chill Tonic.

HENRY FORD STARTED ON TRACTOR 15 YEARS AGO.

On February 19th at 9 a. m. Fordson tractors Number 100,000 left the assembly line in the Fordson Tractor Plant at Dearborn, Michigan, slightly less than two and one-half years after number one was completed. And here again has Henry Ford set a new high record in the manufacture of farm tractors via the quantity production route.

Although the Ford interests are very recent entrants in the ranks of the tractor manufacturers, yet Henry Ford really built a tractor—of the steam type before he started work on first gas car. And incidentally that tractor and the first car, still in very good running condition, and Mr. Ford occasionally demonstrates both to visitors at his farm in Dearborn.

Some fifteen years ago Mr. Ford began work on what has come to be the Fordson. This tractor was really a Ford Car equipped with special wheels and included of course some mechanical changes. By 1919 he had a workable tractor; it plowed, harrowed, and did much other work on the farm. Then ensued nine more years of experimental work before the first tractor was put on the market.

Fordson tractors are now being assembled at a rate of 350 daily at Dearborn, 100 at the St. Louis Assembling Plant, and it is estimated that within a short time the Des Moines Branch will be in operation. There is also an assembling plant in Cork, Ireland.

ANNOUNCEMENTS

The following announcements for election to office are made subject to the action of Democratic Primaries to be held in July and The Herald is authorized to publish the candidacy of those whose names appear below:

For Congress:
HON. RUFUS HARDY.

For County Attorney:
A. J. LEWIS.

For Tax Assessor:
DICK CLARK.

For Tax Assessor:
MISS LEILA WOOLLEY.

(Re-election.)

For County Treasurer:

R. TODD.

(Re-election.)

THE STATE OF TEXAS, County of Milam.

Notice is hereby given that an election will be held on the 29th day of April 1920 at San Grove School House in Common School District No. 27 of this county as established by order of the county board of trustees of date the 22nd day of February, 1920, which is of record in book designated Record of School Districts, on page 39 to determine whether a majority of the legally qualified property taxpaying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$1000, the bonds to be of the denomination of \$50 each, numbered consecutively from one to twenty, both inclusive, payable serially in 20 years from their date, and bearing 5 per cent interest per annum, payable annually to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material, and purchasing a site therefor, within said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and county and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words:

"For the Bonds."

And those opposed shall have written or printed on their ballot the words:

"Against the Bonds."

R. A. Hairston has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county by order made on the 24th day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 24th day of March A. D. 1920.

Unusual Value—In Tires for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely. Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites. In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

J72

SPUD NEW WELL ON GILLILAND TRACT

ACTIVITIES AT ROCKDALE SHOW BIG PREPARATION FOR OIL DEVELOPMENT

(Rockdale Reporter.)
The oil situation for this week is very quiet, little or no new developments having been reported. Several rigs have been placed in the Tracy field and preparations are being made for spudding in. Quite a number of oil scouts have been circulating in and around Rockdale the past week, but no exciting lease purchases have been reported.

Through the courtesy of Mr. M. T. Skinner, manager of the Avo Oil & Refining Association, a Reporter representative and family were driven over the Tracy field Sunday afternoon, viewing the different wells and inspecting the large and small rigs that are being placed on locations. Several wells were trickling over the top and all were standing full of the liquid gold waiting for the time to be placed on the pump or run into pipe lines. For the first time this writer viewed with interest the method of harnessing several wells to one pump. This was on the T. S. Henderson farm this side of the little town of Tracy. On this place there are some twelve or fifteen shallow wells, and of this number we saw from three to five connected by rods to one large pump. There were several large storage tanks close by, each filled with oil ready for transportation to a refinery. We understand the product of these wells is being put on the market at \$5.10 per barrel.

As we go to press we learn from Mr. M. T. Skinner that their Gilliland No. 1 was spudded in this (Thursday) morning. The rig for this well has been on the ground for some little time but owing to a mistake in a shipment of tools the driller has not been able to spud in. The well is now starting down and barring accidents and other things over which the operators have no control, the drill will not be stopped until oil is reached. The bearing sands in this neighborhood are reached at from 350 to 500 feet and the drilling in of a well should not take more than two or three weeks' time.

The New York-Texas Oil & Gas Co. are pushing the erection of the derrick and are getting their rig in shape to commence work in the near future. This is the deep test to be made on the Joe Brown farm west of Rockdale. This location is only a short distance from the two gas wells on the Doss farm and local oil men are confident this test will prove a good one. This company will also develop their shallow holdings.

With the Texas-Oklahoma Petroleum Products Co., and the Davidson Creek Oil & Gas Co. on the southeast, the Underwriters Oil & Gas Co. to the south; the New York-Texas Oil & Gas Co. to the west and ten or twelve oil companies operating and preparing to operate north and northeast, practically surrounds the town of Rockdale with tests, and with the bringing in of the usual percentage of producers, places Rockdale in the very center of what is predicted one of the largest shallow fields in the State. Time will tell and the next twelve months should bring wonderful improvements in the town.

A bad sprain heals slowly if not treated with a remedy that has the power to penetrate the flesh. Ballard's Snow Liniment is especially adapted for such ailments. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace Marshall Drug Co.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza. When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

GROVE'S TASTELESS CHIN TONIC Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

ANOTHER CAMERON CASE

It Proves That There's A Way Out for Many Suffering Cameron Folks.

Just another report of a case in Cameron. Another typical case. Kidney ailments relieved in Cameron with Doan's Kidney Pills.

F. A. Mossley, farmer, 2nd St., Cameron, says: "Doan's Kidney Pills have been a standard medicine with me for many years. Several years ago I was right down and out with my back, and was in such a condition that I could hardly do a thing. My back ached all the time and my kidneys were irregular and the secretions contained sediment, that looked like brick dust and the passages were very painful. I tried several kinds of kidney medicine but the only kind that did me any good was Doan's Kidney Pills. They cured me of the attack. I am sure am proud to recommend Doan's Kidney Pills for they are just what is claimed for them." 60c, at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

FEDERAL AID SECURED ROCKDALE ROAD

Federal Aid to Amount of \$11,000
Granted to Finish Rockdale-Milnerva Road

(Rockdale Reporter.)
Commissioner O. K. Phillips reports that federal aid has been obtained on the Rockdale-Milnerva road. This aid, amounting to \$11,000, has been granted to cover the gap in this road from the forks to Milnerva. This road constitutes part of the Sap Highway.

Mr. Phillips also states that Contractors Rice and Winder received a 3-ton grader Monday and took it immediately to the Milnerva road upon its arrival. This grader has a 12-foot blade.

The above mentioned contractors have also received a big Holt government tractor, which the County has turned over to them for use on the roads of this county. At present this tractor and grader are being used to finish up the work of grading on the Milnerva road. It is expected that this will be completed in the course of the week.

As soon as the Milnerva work is finished the grade will be used on the Kolb road across Brushy Creek. Graveling work is also progressing nicely. Jim Hamilton has started putting gravel on the Brushy bottom Kolb road. The graveling on the Holtzclaw road has been completed to the bridge from this side.

The latter part of last week the work on the Thorndale road was finished.

Mr. Phillips states that he is very well pleased with the progress of the road work. All roads that have been completed are of a quality not to be surpassed. C. B. Avery of the State Highway Commission, who was here last week, joined with Mr. Phillips commending Rockdale on the progress in road work and in speaking highly of the durability of the material used.

Banish Blood Sucking Insects and keep your chickens immune from them by feeding INSECTIMUNE to your chickens. Your money back if not satisfied. Ask Geo. A. Thomas & Sons.

TEACHERS EXAMINATIONS

Notice is hereby given that on Friday and Saturday, May 7 and 8, there will be held an examination for all grades of teachers' certificates. The examination will be held in the Civil Service Room of the New Postoffice at 6 a. m. and the usual fee of \$2.00 will be charged each applicant.

The State Superintendent also notifies us that there will be a teachers' examination held each month for the balance of the year so that every teacher desiring to teach may have all opportunity of holding a certificate.

Schedule of Examination.
Friday Forenoon—Physical Geography, Physiology, Composition, Arithmetic, Literature, Solid Geometry.

Friday Afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry, Psychology, Book-keeping.

Saturday Forenoon—Spelling, Writing, Methods and Management, Civics Reading, Chemistry, History of Education.

Saturday Afternoon—United States History, General History, Agriculture, Algebra, Physics, Plane Trigonometry.

The examinations will commence at 9:00 a. m. and at 1:30 o'clock p. m. each day and applicants are required to be present promptly.

Yours very truly,
JIM F. CHADWICK.

OFFICERS OF COMMERCIAL CLUB MET MONDAY NIGHT

The Executive Board of the Milnerva Commercial Club held its regular weekly meeting Monday night at the Odd Fellows' hall with about 10 members present. Road matters was the principal subject discussed and Road Representatives W. O. Newton made a report on his trip to Austin where he appeared before the Highway Commission Monday with several other parties from Cameron and Rockdale. He made a very favorable report on our Goldwell-Cameron highway and says that the State promised somewhere between forty and fifty thousand dollars to be used on this 19 miles of highway. The Milnerva road district to furnish a like amount and on which the Cameron people have decided to do their part. The oil situation was also thoroughly discussed at this meeting and from information given out it seems that Milnerva is about to pop open soon with an oil show that will attract statewide attention. The Commercial Club is going after business and if the Milnerva people will back it up it will produce some big results. The regular monthly meeting of the Club is held every second Monday night and the officers, directors and the chairmen of the various committees will meet every Monday night.—Milnerva Gazette.

A FOOL AT 40

It is an old proverb that every man is either a fool or a physician at 40. Well, I fooled along for 40 years in the practice of pharmacy and in the study of medicine and therapeutics before I discovered the wonderful prescription for Number 40 For The Blood. There is more of this wonderful prescription sold and used by the people of our home city than all other blood medicines combined. It is indicated in all depraved conditions of the system; in blood troubles, in sores, ulcers, eczema and skin diseases; in chronic rheumatism, catarrh, constipation, stomach, kidney and liver troubles. J. C. Mendenhall, Evansville, Ind., 40

years a druggist. "I suffered from 12 to 18 months with a nervous breakdown, said by physicians to be sciatic neuralgia, causing general toxic poisoning. Seeing your advertisement in the San Antonio Express, I called on Dr. A. M. Fisher, Druggist. He recommended Number 40 which I have been using for three months and I have received great benefit from it. Sleep well, good appetite, have gained several pounds, get up feeling fresh every morning. Have no pains. My nervous system has become nearly normal." Respectfully, J. L. Dupree, 1715 Common St., Houston, Texas.

DINNER AND PARTY AT THE WATT FARM

Miss Beatrice Rylander entertained all day last Friday at the home of her parents, Mr. and Mrs. R. B. Rylander.

A sumptuous dinner was served at high noon, after which all the delights of the farm life enjoyed and late in the afternoon Mrs. Rylander again refreshed the party by serving cream and angel food cake, and at a late hour they were brought back to Cameron in cars.

Those who were fortunate enough to be in the party were: Mrs. Lowe, Mary Sue Walker, Corrie Collins, Dorothy Blaylock, Ethel Collins and Catherine Atkinson.

WILTZ McCOWN ENTERTAINS

Mr. Wiltz McCown was host to a heavy of his crowd at a dance and stroll party last Friday night, the lawn and porch were beautifully lighted and a Columbia furnished music for the dance.

The interior of the house was decorated with red roses.

A contest of writing the lives of each other was enjoyed also, and it was not until a late hour that Mrs. McCown gave the signal of home-going time by serving brick ice cream and angel food cake.

BRIDGE CLUB

Mrs. J. C. Clinton entertained the

Bridge Club last Friday afternoon in a handsome way.

The color scheme was pink, pink roses everywhere, LaFrance, American beauties and others adorned the house throughout.

Tally pads and score cards were pink wild roses and the tables covered with pink.

Four tables were arranged and the following guests played in addition to the club members:

Mesdames Emily Swift, of Maine, Vernon McIntyre of Marathon, S. A. Cottle, J. N. Crawford, Henry Hefley, W. A. Bonds, Misses Clara Curtis and Aline Work.

At the conclusion of a number of interesting games it was found Miss Aetna Smith carried off the prize for the club members, a novel variety of geranium, and Miss Aline Work the prize for the guests, which was a lovely Martha Washington geranium.

Mrs. Clinton was then assisted most charmingly and sweetly by her three little daughters in serving a two course luncheon consisting of chicken salad, pineapple fruit salad, olive sandwiches and strawberry ice cream and white cake iced in pink.

PRISCILLA CLUB

Mrs. Oxsheer Smith entertained the Priscilla Club last Thursday, with her mother, Mrs. Emily Swift of Maine, as honor guest.

Mrs. Smith's parties are always perfect in every detail and this one was second to none. The home was resplendent in decoration. The living room in LaFrance and American beauty roses, the hall in white lillies and dining room in red lillies.

There was a short business session as usual, roll call, minutes read, and the following note read by the Secretary:

Dear Priscillas:

The "Grandmother" of the Priscilla Club sends greeting and invites you to a reunion at her home the 5th Thursday, April 29th at four o'clock. She invites all present members and all ex-members.

"Grandmothers" are proud and she wishes to gather her "children" together and show them her handiwork done since she last met with them four years ago.

Affectionately,
"Grandmother."

Mrs. Smith believing that "Variety is the spice of life," varied her entertainment from the usual needle work and had an observation contest. She invited her guests into the dining room where she had on display one hundred articles. They were given five minutes to observe the articles and ten in which to write down all they could remember.

Mrs. Judd Davis was winner in this contest and was given an individual butter mold.

Pink and green was carried out in a delicious two course luncheon, consisting of fruit salad, cheese balls, lettuce sandwiches, strawberry ice cream and watermelon cake. Plate favors were old fashioned bouquets.

Guests were: Mesdames T. S. Henderson, Sr., H. F. Smith, Sr., Geo. A. Thomas, Jeff Kemp, C. W. Lawrence, Cochran, R. H. McIntosh, Robert McLane, Ben Atkinson, C. N. Green and Tiff Moore.

WILL GIVE BOX SUPPER AT BEN ARNOLD SATURDAY

The announcement is made from Ben Arnold Wednesday that a box supper will be given there Saturday night under the auspices of the Parent-Teachers' Association.

The supper will be held in the High School Auditorium and the proceeds from the supper will go to the benefit of the school. The Parent-Teachers' Association of Ben Arnold extends an invitation to the citizens of Cameron to be present at the supper and to participate in the social features of the evening.

It is expected that a number of Cameronites will motor out to the little city of Ben Arnold for the supper.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

ty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and

draw it through your hair, taking the strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

About Your Winter Coal

We can easily dispose of all the coal we have contracted for this summer --and we cannot buy another car now--except low grade stuff you do not want, so it is not that we are trying to unload on anybody.

If you are going to burn coal we sincerely believe it is wisdom on your part to contract for your requirements

Now

and get it off your mind.

Our prices

now

are based on the present freight rates. When freights advance we will have to add to the increase of our present prices.

We cannot guarantee delivery of coal beyond our present contracts, and we have already booked a good tonnage.

Can you afford to wait?

REBELS AFTER GARRISON AT JUAREZ CITY

El Paso, Texas, April 28.—Carranza officials in El Paso and Juarez tonight were prepared to move against a threatened attempt to swing the Juarez garrison into line with the Chihuahua revolution, which was launched in the State capital yesterday.

Funds of the customs office in Juarez were brought to an El Paso bank late this afternoon.

American troops in El Paso tonight were ordered to be prepared for action in event a threatened uprising in Juarez endangered this city.

Military police in the city have been issued rifles and ammunition, and the city police have made arrangements to patrol the deadline in part of the city beyond which civilians will not be permitted to go in the direction of the Rio Grande.

Gonzales Arrives at El Paso

General Francisco Gonzales, commander of the Juarez garrison when the city was attacked by Villa in June 1919, and until recently provisional Governor of Tamaulipas, arrived in El Paso this afternoon. He comes with authority from Carranza to take charge of loyal troops in Juarez in event there is an uprising.

Three hundred cavalrymen of the Villa Ahumada garrison, declared to be loyal forces, marched into Juarez late this afternoon after a forced hike from their post, eighty miles south of the border. Lieutenant Colonel Marroquin, commander of the Villa Ahumada garrison, who is said to be loyal to the Carranza Government arrived in Juarez last night.

At the same time arrangements were being made late today to rush to Juarez troops from Casas Grandes where they were mobilized last week for the campaign against Sonora, which has been temporarily postponed.

Fighting is known to have taken place Tuesday between the Federal General Quiroga's troops and the Chihuahua City rebels, but no details have been received. General Quiroga's entire command is said to number 4,000.

Troops from Torreon were on the march to join Quiroga's column with the idea of surrounding and cutting off the rebel garrison, it was said at the Mexican consulate here. One detachment from Santa Rosalia headed north of Chihuahua City to attack the rebels, who had begun destruction of the railroad line to Juarez. It was in that region that fighting was said to have taken place.

Wire communication with Chihuahua City has not been re-established beyond Terrazas, about midway between Juarez and Chihuahua City, but Consul General Ruiz Sandoval said it was expected to effect communication via Eagle Pass, Texas and Torreon before night. That line also has been cut south of Piedras Negras.

About 200 soldiers from the Juarez garrison started south last night "to repair bridges" according to official announcement, but it developed today that a complete artillery unit and machine gun company were included in the detachment.

Trouble Started Several Days Ago

The revolting Chihuahua garrison is said to consist of 600 men under Colonel Francisco del Arco and Colonel Figueroa. The trouble was said to have started several days ago when forty men belonging to Del Arco's command revolted. Del Arco was called from La Cruz, south of Chihuahua City, where he was stationed with a small detachment, to quell the mutinous soldiers. The defection spread to the remaining troops with the result that the entire garrison rebelled.

The paint crew of the Santa Fe system is in Cameron this week painting and beautifying the park posts and fences. A great deal of care is taken to keep the flower gardens about the station intact and the property is as pretty as will be found in the larger cities.

PRECINCT PRESIDENTIAL PRIMARIES TO BE HELD IN MILAM COUNTY SATURDAY

HUNDREDS IN CITY HEAR ARTISTS IN EDISON TONE TEST

GREAT SINGER AND PHONOGRAPH WIN WAY INTO HEARTS OF MUSIC LOVERS

The concert held at Cameron High School Auditorium Tuesday evening was a unique affair. The guests, whose number included most of the music lovers of Cameron and neighboring towns assembled delighted at the prospect of hearing a recital by the celebrated Miss Betsy Lane Shepherd, assisted by Mr. Wm. Reed with his flute. But a surprise was in store for them. Not one Miss Shepherd, but two, sang to the spell-bound audience; and the flute selections were played by Mr. Wm. Reed. And this performance was brought about by means of a graceful cabinet, which stood beside the artists on the stage, and matched their performance, note for note and tone for tone.

The first performance of the miracle was in the initial number on the program, when Miss Shepherd, standing beside the cabinet, sang in unison with Mr. Edison's Re-Creation of her own voice. In the midst of the song, Miss Shepherd's lips ceased to move but her song went on without a break. Slowly it dawned upon the astonished audience that the artist was no longer singing, though her voice came forth to them as clear and sweet as ever. She sang again—and the only perceptible difference was the motion of her lips. She ceased—but her voice did not. Veritably it seemed that there were two singers upon the stage—two singers, but only one voice. For the tones which came from the New Edison matched those from the living artist so perfectly that it was impossible to detect any difference. The instrument produced not an echo or copy, but the real thing—Miss Shepherd's voice unspoiled by any mechanical transformation; untainted by any metallic ring.

After the applause which followed this remarkable exhibition, Mr. Wm. Reed came forward to share the stage with his fellow musician, the New Edison. Again two artists were before us, for Mr. Reed with his flute played in unison with the Re-Creation of his art. Only by watching him could we tell when we were hearing Mr. Reed and when his music came to us in double measure. The instrumental Re-Creation was as perfect as that of Miss Shepherd's delightful voice. It was identical with the original in every particular.

Successive numbers on the program proved that the field of the New Edison is not limited to vocal and flute records. An orchestra selection was Re-Created with such fidelity that it was possible to follow the notes of any single instrument throughout the piece, for the identity of each was preserved, contributing its special color to the ensemble. A Re-Creation of a number on the piano was a revelation to those who had decided after hearing talking machine records, that the piano tone could not be reproduced. Further numbers in which Miss Shepherd and Mr. Reed performed with themselves served to convince the audience of their inability to distinguish between Re-Created art and its original.

One of the most interesting novelties in this evening of unique experience was when Miss Shepherd sang a duet with her own voice. It was as though two artists with voices of exactly the same tone-quality, the same expression, the same timbre, were singing together. The effect was somehow unreal and weird, as though one artist had been beitched into two by some magician's art.

The climax of the evening's entertainment was when the room was darkened in the middle of one of Miss Shepherd's selections, and the listeners were left with no means but their ears of determining when they were hearing her voice in double volume, and when it reached them only from the New Edison. At first everyone doubted his own ability to judge, but as her previous proofs were forgotten in the spell of the song, they became more and more convinced that no instrument could sing as this voice was singing, and that Miss Shepherd was making no more breaks in her own performance. Suddenly the lights were snapped on. The audience was astonished to discover that Miss Shepherd was not there at all and that the New Edison had furnished the song alone.

A large delegation of Odd Fellows of Cameron went to Sharpe Wednesday night to attend a meeting of Odd Fellows Lodge there. The meeting was in the nature of a social gathering with a supper. The friends and members of the Lodge were invited.

Hear Dipping Vat Is Blown Up With Dynamite Explosion

A rumor was current in Cameron this morning that the Lewis dipping vat several miles southeast of Cameron had been blown up by a charge of dynamite. This rumor could not be confirmed an the Sheriff's Department, although had received reports from several source that the vat had been wrecked, no facts have been established.

The rumors calls to mind that some time ago a cattle dipping vat was blown up to the northeast of the city. Recently an intensive cattle dipping campaign was carried on in Milam county following federal quarantine against the county on account of the existence of the cattle fever tick.

COAL USERS URGED BY JETER TO BUY SUPPLIES EARLY

BY PLACING ORDERS NOW CAN AVOID SHORTAGE AND RAISE IN FREIGHT

R. P. Jeter of the Jeter Lumber Company has issued a timely appeal to consumers of coal to get their orders in early in order to get shipment and delivery in their winter needs before the season of consumption sets in.

This effort on the part of Mr. Jeter to bring to the attention of the people the conditions with reference to the supply of coal and delivery difficulties is very commendable and will quite relieve the situation of any possible recurrence of conditions of the past year, for the people are taking advantage of his advice to buy coal now.

Mr. Jeter is impressing upon the people the necessity for buying and having delivered their coal supply during the summer months because if they wait until the season sets in and the consumption reaches maximum little opportunity will be had in which to supply needs. Production of coal has been short of the demand for a long time and this condition becomes especially acute during the winter months when consumption reaches maximum.

The railroads as Mr. Jeter very wisely points out, are after an increase in the freight rate. This new rate is expected to go into effect the latter part of June or in July. Consumers of coal who get their orders in before that date will avoid additional charges on coal because they can get the advantage of their present freight rates.

Delivery is going to be difficult and it is possible that Mr. Jeter will not be able to accommodate all his orders but is helping Cameron coal users get their supply early and as fast as delivery can be made.

Ollie McCrary, who has been warehouse foreman here for the Santa railroad for the past several years, has accepted a position as ticket agent for the Santa Fe and the Houston & Texas Central at Brenham. He left Cameron Wednesday afternoon. Mr. Reed of Moody has succeeded Mr. McCrary as warehouse foreman here.

E. A. Owens, Texas and Oklahoma agent for the American Underwriting Company of New York, arrived in Cameron last night to look after the interests of the company. The American Underwriting Company of New York has secured extensive leases in this county and are now drilling at Tracy. The Huffman well is the first deep test of the company. The company has taken its Tanglewood rig to Maysfield and will soon begin a deep test there in a few days.

CALL ISSUED TO DEMOCRATS TO ATTEND CONVENTIONS IN COUNTY.

Democratic Presidential Primary Conventions will be held at all the voting boxes in Milam County Saturday, May 1, 1920 for the purpose of sending delegates to the county convention which will be held in Cameron May 4 to elect delegates to the State Convention, which will be held Dallas May 25. From the Dallas convention delegates will be sent to the San Francisco convention.

Organization meeting was held here last Saturday and the Precinct Chairmen appointed.

W. W. Chambers, County Executive Chairman has given out an official statement which is as follows:

By virtue of the authority vested in me as Chairman of the Democratic Executive Committee of Milam County, Texas, and in pursuance of the instructions given at the meeting of the Democratic Executive Committee held in Cameron, Texas, on the 23rd day of April A. D., 1920, directing me so to do, I hereby direct that a Democratic Presidential Primary Convention be held at the voting boxes in Milam County, Texas, of which voting boxes the persons hereinafter named were appointed Chairmen, and at the following voting boxes and hours, to-wit, on May 1st, 1920.

TYSON IN RACE FOR COUNTY TREASURER

HAS SERVED AS COMMISSIONER IN PRECINCT NO. 2 OF MILAM COUNTY FOUR YEARS

M. V. Tyson, native citizen of Milam County and for four years Commissioner of Precinct Two in this county, has announced his candidacy for County Treasurer subject to the action of the Democratic Primary in July. The name of Mr. Tyson will be found in the proper announcement column this week.

Mr. Tyson, as a native son of Milam County, has resided in the Maysfield and Branchville communities all of his life. He moved to Cameron in September of 1919 and has been a citizen of this city since that time. He is well and favorably known and he needs no introduction to the people of this county, whom he served as county commissioner for two terms.

Mr. Tyson made two successful races for commissioner and in the first election had five opponents and the second time had two opponents and carried his home box both times without a dissenting vote. He retired as Commissioner of his Precinct not standing for a third term although urged to do so by his friends.

The announcement that he would be a candidate for the office of County Treasurer was made by Mr. Tyson Monday of this week. Prior to the time that the county auditor's office was created Mr. Tyson as Commissioner helped check the reports of the treasurer and says that by this means has become to some extent familiar with the duties of the office to which he now aspires.

For Pure Mebane Planting Seed see Stedman and Rogers.

ent will elect a secretary, and after so doing the said voters will elect their delegates and alternates to the County Convention to be held in Cameron, Texas, May 4th, 1920, at 3:00 o'clock p. m., and which convention is hereby called.

The Democratic Executive Committee ruled that each box would be entitled to one vote for each 25 votes cast for Governor at the last preceding General Election and one vote additional for each major fraction of 25 in excess of 25 votes; provided that each box shall be entitled to at least one vote. Under this ruling the respective voting boxes will be entitled to votes in the County Convention, as follows:

Cameron 7; Curry 1; Salem 1; Ad Hall 1; Elm Ridge 1; Rice School House 1; Minerva 1; Maysfield 2; Jones Prairie 1; Branchville 1; Baileyville 1; Milano 2; Gause 3; Hanover 1; Marlow 1; Rockdale 3; New Salem 1; Hamilton Chapel 1; Gay Hill 1; Kolb 1; San Grove 1; Sandy Creek 1; Bushdale 1; Davilla 1; Lilac 1; Tracy 1; Sharpe 1; San Gabriel 2; Crush 1; Buckholts 3; Sandy Ridge 1; Burlington 2; Ben Arnold 1; Walkers Creek 1; Marak 1; Yarrellton 1; Salty 1; Connelly 1; Watson Branch 1; Thorndale 2; Ellison Ridge 1; Briary 1; Oak Hill 1.

In case the presiding officer for any box herein named should fail to attend, then the voters present are authorized to elect a presiding officer.

Written minutes of the proceedings including a list of the voters present and the names of the delegates and alternates, shall be made by the Secretary and signed by him and the presiding officer and sent to me at Cameron, Texas. These papers will constitute the credentials of the delegates and must be in my hands before 10:00 o'clock a. m., Tuesday, May 4, 1920.

Please return to me WITHOUT FAIL the Certified List of Voters furnished each Chairman as this must be used in the Primary.

W. W. CHAMBERS
Chairman Milam County Democratic Executive Committee.

METHODIST CHURCH WILL BUILD NEW \$70,000 BUILDING

PLANS FOR NEW EDIFICE NOW IN HANDS OF BOARD OF STEWARDS

The Methodist Church in Cameron will erect a new church building which will cost approximately \$70,000.

The Board of Stewards now have under advisement plans submitted by the architect and have practically decided upon the architectural style of the new building which will be the most modern and thoroughly equipped church building in Central Texas.

It is expected that the plans will be available for publication within the next few weeks as the architect was in Cameron Monday with the revised plans made following the first conference which was held several weeks ago.

The building program of the Methodists of Cameron has in view the moving of the parsonage from its present location on corner property west of the Federal building to a site to be selected in the residence section of the city and the erection of the new church on the present parsonage site.

This gives the church an ideal location for the new building which will have a dimension of more than 50 by 120 feet. It will face the street south and extend back to the site of present church building. The site affords plenty of room for the new building. The old church will be torn down and a great volume of the material will be used in so far as it is applicable to the construction of the building.

The Methodist Church in Cameron, under the pastorate of Rev. Ira F. Key in undertaking the new building movement, deserves the active endorsement of the progressive people of Cameron and the church is being congratulated on its splendid movement.

CONTRACT LET FOR NEW BANK BUILDING

FIRST NATIONAL BANK TO HAVE FINEST HOME IN COUNTY WHEN COMPLETED

Contract has been let by the First National Bank of Cameron for the erection of its new home which will occupy the site where the business is now located. Final details of the construction program are expected to be closed within a few days.

The new home of the bank will be one of the most attractive buildings used by any bank in Central Texas and when completed will be a distinct feature in the business section of the city.

The old building will be used in forming the new structure. Some of the west walls will be torn away and the banking room made approximately twice the size of the present room. The exterior will be finished out with special face brick and trimmed with stone or other suitable material.

During the course of the construction of this improvement the banking business will be carried on in the rear of the old vault. The new vault fixtures will be installed and a safety deposit vault for the convenience of the customers will be installed.

The floors will be laid out in tile and new fixtures thought will be put in.

Construction of the new bank building will begin as soon as material can be assembled and when some of the detail matters closed up.

The First National Bank was organized in 1889 by the late John M. Hefley, beloved Milam County citizen, in association with a number of his friends. For nearly a half century this bank has been a bulwark in the finance of Milam County and the new improvement is but the latest of the successive growth undergone during its history.

OAKDALE NEWS

By Mrs. S. Hause

Guess everybody feels good after the little shower. Most every one has learned to take things as they come.

Mrs. Lettie Shelton spent the week end with home folks.

The school at Prospect taught by Mrs. Roy Hawbaker will last a few days longer.

Monday morning Mr. Homan drove an ox in Sid Hause's lot and roped it. About one-half hour he returned, saying he was hurt. He said, "I don't know, but I am hurt bad some way." They phoned for help. Did not think he was hurt very bad, but later decided, as he did not remember anything longer than it took to tell it, then phoned for Dr. Liddell. He had no bones broken but he has been in bed most of the time since, but very much better Saturday evening.

Mr. and Mrs. Floyd Johnson of Fox School neighborhood, passed on their way to Cedar Creek to visit the Claude Bansen family.

Miss Adella Gunnells of Liberty was in Rogers last week to see relatives.

J. K. Miller and son of Liberty and son Martin motored to Rogers last week to spend a while with Mrs. Ashcraft, and Mrs. Davidson at Hewitt, and Mr. Miller's two daughters.

Mr. and Mrs. Young Hayes of Cameron, passed on their way to Summit to see the C. M. Beard family.

I see in the Gazette that Mr. W. E. Peel is going to try for the Justice of the Peace office.

Mr. Joe Schiller of Cameron and Mr. Claude Chatman of Ad Hall have been out this way to buy cattle. They are so busy that they came at night. They brought a flash light with them so they could see.

Let me say once more that everybody is well pleased, because we have had such a very nice rain.

Mr. Sid Hause and A. L. Chatman went to Milano Monday morning to get some more plants, to set out, and some corn ground for their little chicks. Chicks are the order of the day now. Everybody thinks they will get all they can. Seventy-five or one hundred does not start to satisfy them these days. Yet eggs bring a very good price.

Mr. and Mrs. Allison, who live in the Calvin Pressley house, gave the young people a nice party Friday night. All seemed to have the time of their lives.

Mr. Theo Ashenbeck and mother and Clyde Fisher went to Cameron Saturday evening.

Mr. and Mrs. Sid Hause was in Cameron Saturday for the first time in about a month, and while there they saw Mr. Green Tracy and son son, Henry from Salem, Ike Looney and wife of Ben Arnold and Mr. Geo. Chatman of Yarellton.

Mr. and Mrs. Joe Harvel, wife and daughter of Belmena, Mr. and Mrs. Bob Davis and little son of Tracy and Bonnie Laird of Tracy. There was a great number of ladies from Buckholts trading about with the different merchants.

Mr. and Mrs. John Thompson of Oakwood came in last Saturday to see their son, Homan, who got hurt so bad Monday. They are old settlers of Milam county, having lived in Cameron and are well known there and over the county.

Mrs. Hill and son, Henry, of near Cameron, came one day last week and spent the day with her daughter, Mrs. John Wilkerson, and they returned the visit Saturday.

Mrs. L. A. Chatman went to Cedar Creek Wednesday and spent the day with her parents, Mr. and Mrs. McDonald.

Mr. O'Neal and Mr. A. W. Belt, his father, H. B. Belt and a few other men were in Cameron Saturday.

Mr. and Mrs. John Bethard were in Cameron Saturday. While there Mrs. Bethard was at the Sanitarium to see her neighbor, Mrs. A. W. Belt, who has been there several weeks.

Mr. and Mrs. Eugene Hause and Children were in the Prospect neighborhood Sunday evening.

BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, April 28.—The Sons of Herman gave a dance at their hall on Saturday night. Music was rendered by the Baca Brothers Band. A goodly number of tickets were sold. Mr. T. W. Allen and family and Miss Hope Blankenship motored to Temple Saturday to see Miss Mildred Allen, who has recently undergone an operation for appendicitis. Miss Mildred is doing splendidly and is expected to return home about the middle of this week.

Misses Bessie and Lola Little, formerly of this place, but now of Cameron, were here during this week end to visit friends and relatives.

Miss Aubyn Hitt, first assistant of Jones Prairie school, was here last week to visit in the home of her parents, Mr. and Mrs. M. N. Hitt.

Miss Lucille Hooks spent Sunday with relatives in Cameron.

Mrs. T. D. Bryant of Waco, spent several days in this city, the guest of relatives.

Reverend Mr. Kelly from Baylor, Waco, filled his appointment at the Baptist church here Saturday night

and Sunday morning and night. Owing to the inclement weather there was an unusually small crowd in attendance.

Mrs. Jim Barclay of near Sharpe, was here the latter part of the week. She was guest in the home of her parents, Mr. and Mrs. Bud Robinson. Mrs. Bessie Lowe and son, Robert, of Cameron, were week-end visitors in the home of Mr. and Mrs. Alex Henderson.

On Friday night Miss Mary Newton entertained her school pupils with a "backward party" at the school auditorium. The boys and girls were well entertained by playing various games and contests. Those assisting Miss Newton in entertaining were Mesdames A. W. Mowdy, K. Henderson, and Mrs. John Oliver.

Dr. and Mrs. W. T. Mowdy of Cameron are here visiting in the home of their brother, Mr. A. W. Mowdy.

Mrs. Tom Harris was in Temple last week to meet her niece who will be her guest for some time.

A good rain fell here Sunday afternoon about six o'clock. Some hail fell also, but not enough to damage what little corn there may be up. A brisk norther followed the rain and this will cause the ground to dry very quickly.

Mrs. Bert Ray was shopping in Cameron last Saturday.

I think Splenlox is wonderful for the hair
Grace Jones
You can have
Lovely Hair.

of the
MARINELLO BEAUTY SHOP
DALLAS

It's not the hat but the hair under the hat that gives the general effect of smartness and charm that every woman and man, too, admires.

You can have lustrous, perfectly groomed hair easily when you know the secret. And the secret is simply - health. A healthy scalp is the foundation of glossy, luxuriant tresses.

Try the following scalp health treatment and note the improvement in your hair:

Every three days lightly massage your scalp with a thoroughly reliable tonic which will cleanse dandruff clogged pores and invigorate and nourish the hair. This massage stimulates the growth of new hair. Shampoo your hair once in two weeks and, after washing, apply the tonic as usual. Every day give your hair a hundred strokes with a firm bristled brush to impart a silky sheen. Never use over-hot curling irons on your hair.

Begin today the above simple treatment and make your hair the envy of your friends.

Splenlox, the Guaranteed Dandruff Remedy and Tonic, stimulates growth and nourishes and preserves the hair.

If your druggist doesn't carry Splenlox, send \$1.00 for bottle postpaid.

SPLENLOX

Splenlox Coconut Oil Shampoo keeps the hair soft and fluffy.

Choice Peagreen Alfalfa, car just unloaded.—C. N. Green & Bros.

L. L. Ware, chief clerk for the Santa Fe Railroad in Cameron, left Cameron Wednesday for Temple where he will undergo treatment in a sanitarium there. Mrs. Ware accompanied him and will be there until he has recovered.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

Mrs. Mattie Sheppard, who went as delegate to the Ladies of the Maccahees Convention in Waco from Cameron lodge has just returned to Cameron. Mrs. Sheppard after attending the State convention of the lodge went to Marlin to visit relatives, spending two week there before returning home.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

CHURCH MEMBERSHIP ACCEPTS CHALLENGE TO GREAT REVIVAL

Sixteen Million Dollar Fund Will be Raised, Say United Presbyterian Leaders After Personal Tours of America

Leaders in the United Presbyterian church, returning from hurried speaking tours to all parts of America, report at national headquarters of the New World Movement in Pittsburgh, Pa., that there is little doubt that the denomination will achieve an overwhelming success in its campaign from April 25 to May 2 for \$16,715,208 to widen the field of church work at home and abroad.

DR. GEORGE E. RAITT

During March and April more than a dozen of the most widely known men in the church visited every part of the country where United Presbyterianism is represented. Enthusiasm for the campaign, which is one of the 30 denominational drives comprised in the Interchurch World Movement united campaign, is steadily increasing say all the leaders.

Rev. George E. Raitt, D. D., general secretary of the New World Movement, crossed the country, speaking at Omaha and Pawnee, Nebraska; Loveland, Greeley, Denver and Pueblo, Colorado, and in Los Angeles and Long Beach, California.

"In one congregation I found that 25 men had pledged themselves to give \$1,000 each to the movement," said Dr. Raitt. "I found the congregations everywhere accepting their allotments and determined to raise their share of the fund. It is the greatest forward movement in the history of our church."

Rev. J. Knox Montgomery, D. D., president of Muskingum College, brought a similar report after a three weeks' trip through Washington, Oregon and Idaho. "Generally speaking, I found the situation quite beyond what I had expected," he said.

Rev. T. D. Edgar, D. D., of Pittsburgh, Pa., just home from an 8,000 mile trip through the west, said particular strength was being shown by congregations in Texas and California. "Success will be made certain by an active and thorough canvass at the finish," he declared.

A remarkable feature of the movement is the announcement from the foreign mission fields that the synods of the Punjab in India and of the Nile in Egypt also will put on New World Movement campaigns. Leaders in these synods are calling for a delegation of workers from the home church to assist them in their campaign which will be conducted about the middle of September.

RURAL CONGREGATION LEADS AMERICA IN RATIO OF TITHERS

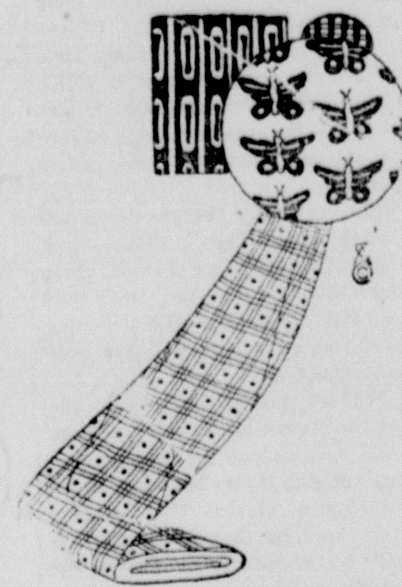

Campaigns by dozens of Protestant denominations throughout America to revitalize the Biblical practice of tithing has brought into national prominence a little church in Burgetstown, Pa. It is probable, say churchmen, that no other congregation in America has been able to show such a percentage of tithing stewards, pledged to give one-tenth of their income to Christian service.

The church is the First United Presbyterian congregation which has enrolled 150 tithers out of a total membership of 178. This enrollment is official, pledge cards of the 150 tithers having been sent to headquarters of the New World Movement of the denomination at Pittsburgh, Pa. An official report is that this proportion of 73 per cent of the membership enrolled as tithers has been increased to 80 per cent.

Remarkable enrollments are resulting from the New World Movement campaign for enrollment of tithers and official reports already show enrollment of 12,772 members of the United Presbyterian church.

"The outlook for enrollment of 50,000 tithers in the church is exceedingly hopeful," says Rev. J. H. White, D. D., secretary of the department of stewardship, of the movement. "Many congregations have not reported, some have submitted only partial reports and if the present rate of enlistment carries through the entire church we will have more than 50,000 enrolled."

Temptingly Arrayed are the Glorious NEW FABRICS FOR SPRING

All the charms of Springtime seem to have been captured and incorporated into the exquisite textures and designs of these lovely materials. Rich in coloring and weave, these distinctive, shimmering silks, soft woollens and attractively patterned cotton await the touch of the master hand to convert them into irresistible interpretations of the Season's most pleasing modes. Among these inspiring presentations you will find not only an appropriate fabric for every occasion, but utter dependability and the best qualities.

Voile Assumes Leadership in Spring Wash Fabrics

The new Wash Fabrics for Spring are lovelier than ever especially the voiles, which impertinently parade the patterns, which in the past we have only associated with foulards. Some take smart silk stripes to accentuate the smartness of their clever patterns. Others choose dainty pinks, blues and greens in solid colors. Either way they are wonderfully effective and in close rivalry with sheer organdies and sturdy gingham for popular favor. Prices are very encouraging.

Here Are Yards of Crisp New Gingham Awaiting Your Selection.

There is no telling what Gingham will do next. Indulgent Fashion allows it to be made into smart Parasols and lovely Frocks, but when you see how charming are the patterns and how fine the qualities are, you will certainly find many more excellent uses for these very economically priced Ginghams.

Distinctively Styled Wash Skirts

Every skirt in this lot may be tubbed without the least danger of losing its attractiveness for the fabrics are most dependable and guaranteed to resist constant laundering. There is considerable variety in materials and styles, though markings are unexpectedly moderate.

QUALITY LUGGAGE

More people would travel, perhaps, if all luggage were as distinctive in appearance, as carefully constructed of quality materials and as practically designed as our offerings. Pack your apparel in our traveling bags, suitcases or trunks and at the end of your trip you will find it in the same fresh condition as when you started.

R. R. RATES MUST BE ADJUSTED

Dean of the Wharton School of Finance on the Need of Good Railroad Credit.

TO MAKE INVESTMENT SAFE.

National Authority on Railroad Transportation Says Roads Must Be Self-Supporting or Become Bankrupt.

In an address on "The Railroad Problem," delivered in Philadelphia, January 3, Dr. Emory R. Johnson, dean of the Wharton School of Finance, and one of the nation's leading authorities on railroad transportation, declared that "after the first of March the companies must be self-supporting or become bankrupt." Continuing, he said: "Can the railroads be successfully financed and operated when they are returned to their owners? For two years the government has drawn upon the public treasury to sustain the credit of carriers."

"If the carriers avoid failure their income must cover operating expenses, maintenance and capital charges; if the companies succeed to the extent that is demanded in public interest, they must not only be able to meet unavoidable expenses, they must have some surplus revenue."

"If there is no income to be used in part for betterments and in part for building up a surplus or reserve fund, the public will not invest in the railroads, their credit cannot be re-established and maintained and corporate ownership and operation of the railroads will fail."

"The income of the carriers is determined by public regulation, and properly so; but from this it follows that the country must decide between a policy of adequate revenues to the railroad corporations of the future and a policy of government ownership."

"The government is entitled to credit for having given greater unity to railroad operation, both line and terminal. It has done much that the carriers were prohibited from doing. The public now realize that co-operation of the carriers in the joint use of equipment and terminals should be encouraged, instead of prevented."

"The railroad legislation now pending in Congress must solve many difficult questions, but the most critical one is that of providing for the future regulation of railroads in accordance with a policy that will cause the carriers to secure revenue sufficient to enable them to perform their services adequately and with progressive efficiency. The railroad business must be made attractive to private investments or the country will have to adopt government ownership and operation of the railroads. There is no other alternative."

Diamond Tires at Parma's.

CHURCH WILL BUILD COMMUNITY CENTERS IN ASIA AND AFRICA

The community center movement has spread from America to the land of the pyramids. Fifteen community centers will be erected in as many towns in Egypt by the Women's General Missionary Society of the United Presbyterian Church, says Mrs. J. D. Sands of Pittsburgh, Pa., president of the society. Although all building materials are unusually high now in Egypt the organization plans to erect the community centers at a cost of not more than \$20,000 each.

The community center has been found a most necessary part of the modern mission and efficient mission. The fifteen buildings planned will be erected during the next five years, says Mrs. Sands. This work will be a part of the New World Movement program for enlarging the scope of the mission work abroad.

There is one community house at present, situated at Benha, Egypt, and all the new missionaries who sailed for Egypt last fall and early this spring will remain at Benha for one year while they are studying the language.

The missionary society, Mrs. Sands says, expects to recruit a large number of native women who will be trained in mission work and these will live at the various community houses while they are receiving their training. It is expected that the largest training school will be located at Cairo and smaller centers will be placed in other cities and towns.

In addition to the \$300,000 to be spent for building these centers the women of the organization plan to build five boarding schools for girls in Egypt, at a total cost of \$225,000 and one sanitarium to cost \$95,500. Altogether the budget for extended work in Egypt during the next five years calls for an expenditure of \$625,000.

This sum will be apportioned from the \$16,715,000 fund that the United Presbyterian Church will raise during its financial campaign which will run simultaneously with the Interchurch World Movement campaign from April 1 to May 1.

SINGER DELIGHTS LOVERS OF MUSIC

APPEARANCE HERE OF MISS SHEPHERD A TREAT TO ALL OF CAMERON

Music lovers in Cameron and the people generally will not soon forget the appearance here of Miss Betsy Lane Shepherd and Mr. Wm. Reed in the Edison Phonograph tone test held at the High School Auditorium Tuesday night.

Aside from the features of the entertainment from a purely musical standpoint the people witnessed the most remarkable test to which any musical instrument was ever put. Hundreds who believed they could detect the original voice as apart from the re-creation on the New Edison were surprised and at the same time thrilled at the perfection with which the voice of the celebrated singer was produced on the instrument and are now convinced that the re-creation was perfect.

In order to make the test convincing enough a New Edison phonograph owned by Miss Myrtle Caldwell which has been in use for three years was used in the concert. This phonograph, a Laboratory model was subjected to the test.

The concert was held under the auspices of the New Cameron Drug Company, Edison dealers in Cameron.

Following the test Tuesday night Miss Shepherd visited the display rooms of the New Cameron Drug Co. and there for several hours during the day delighted the throng of visitors to the store with her songs and recreation on the New Edison.

The appearance here of Miss Shepherd was a great treat to all Cameron and to music lovers.

WINS PRIZE FOR BEST LETTER ON TRADE AT HOME

The Herald calls attention to its readers this week to the prize letter in our "Trade at Home" Campaign, written by Elbert Martin, postal employee of Cameron. This letter is published in the center of the "Trade at Home" page published elsewhere in this issue.

The Herald is giving a weekly prize for ten weeks for the best letter written on the subject of trade at home and invites you to contribute. The school children are especially urged to write these letters. All letters will be published whether they are prize winning letters or not. Get busy today and write a good trade at home letter.

Seed for planting cotton, \$1.65 to \$3.50 per bushel at Oil Mill.

PUTS ON TRUCK LINES

S. R. McCown announces the installation of a ship by truck system from Cameron to all inland points in the trade territory and to surrounding towns. Mr. McCown now has three trucks in operation and will add more as the transportation system grows.

Ship by truck is now the big factor in the transportation system of the country. While many merchants in the smaller towns operate their own truck fleets there is room for developing the ship by truck operated on a system basis just as the bigger bureaus are carried on in the cities.

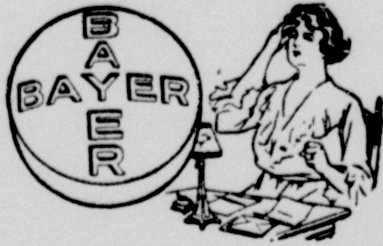

Merchants and others find that where they have the facilities of a truck system in operation their shipping needs can be met more promptly and more efficiently. Mr. McCown is not catering to inter-city hauls.

For Pure Mchane Planting Seed see Stedman and Rogers.

THE HOUSING PROBLEM

There is only one way to solve the Housing Problem—Build Homes. Figure it out for yourself. Lumber prices are higher than they were a few year ago, but the returns on investing in a home take the sting out of costs.

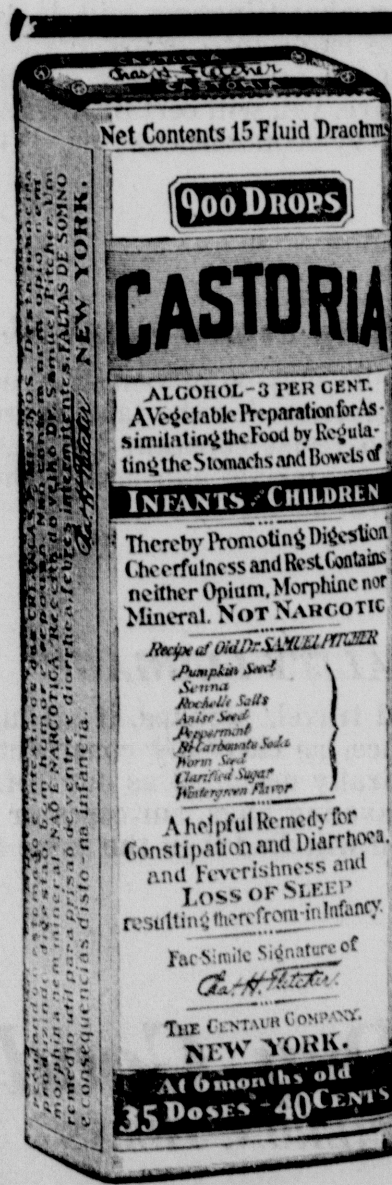

Lumber lasts for a lifetime. It is good for a hundred years. Don't you think it is cheap even at present prices?

You have been thinking of repairing that roof and screening your home; it is time to do your screening; things need to be set in order for the Hot Summer Days.

Great stocks of screens are here for you to select from. Come and see us right away. We want to fit you out in building materials.

PRIZE WINNING LETTER

TRADE AT HOME

(By Elbert Martin.)

The wonderful influences of trading at home are first visible in community appearance. Smoothly paved streets and walks lined by tall stately shade trees; well-kept, velvety green lawns; clean, newly painted buildings and homes; broad, grassy parks and playgrounds; large modern school buildings—these are unmistakable signs of Trade At Home.

All these modern features of Community Environment find their birth in the revenues derived from Trade at Home. Money circulated at home, sent out each day to home merchants for the necessities and the luxuries daily consumed in each community home, brings forth a fund of taxes and donations from the merchants which is a great part in the financial stimulus to Civic Improvements. The home merchants is a dyed-in-the-wool booster. He wants to see his community grow. He wants it to flourish, prosper, and keep pace with Civic Progress of the most advanced character.

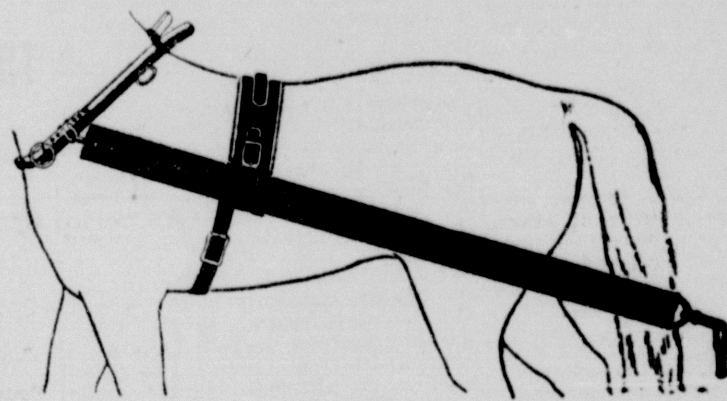

Walk into a community grocery, a community pharmacy, a community jewelry shop, a community dry goods store—and home boosting place of business—and look around. You will find stuck here and there around the cash register, on the counter, atop the show cases, tickets for school entertainments, Woman's Club Bazaars, Y. M. C. A. Progress and Church Societies; Membership Cards for Good

Roads, Chamber of Commerce, Get-together Clubs, and every conceivable kind of character of Home Activity. Those tickets and cards represent hundreds of dollars yearly that home merchants donate to home advancement, community progress.

Now are the home merchants the sole beneficiaries of the splendid things making up community progress? Not at all. In fact, it is the plain citizen—man, woman and child—who derives the greatest pleasures. The child of the community probably enjoys them most. Paved streets to ride a wheel upon, parks and playgrounds to romp, magnificent schools to learn in—these are the environments that develop healthy, happy, dependable children—sound morally, mentally and physically.

Are you trading at home? Are you supporting your home merchant in his loyal effort to bring the best things of clean civic life to your community? Are you figuring that goods bought at home are cheaper in the long run than those secured out of town even though the price in money may be slightly greater? Are you counting the goods thing of life brought about by trading at home as worth a few cents to your children? Or do you never lose sight of the penny itself and think not at all of the mutual welfare of your community.

JEFFERSON B. WHITE, Local Mgr.

ANOTHER S. O. S. FROM MEXICO

Again the United States has been
asked to send warships to Mexican
waters to bring Americans from that
country to places of safety, their lives
being in danger on account of the revo-
lution of secession which originated
in the State of Sonora and which is
spreading rapidly throughout the
southern republic.

Again, the authorities at Washing-
ton have announced that "investiga-
tions" would be made to determine
if the appeals for help are "justified."

During 1914 several hundred Ameri-
cans in the vicinity of Tampico and
Vera Cruz appealed to the State De-
partment at Washington for assist-
ance in leaving Mexico. "Investiga-
tions" were undertaken, meanwhile a
number of American subjects losing
their lives and others suffering un-
mentionable insults at the hands of
defiant Mexicans.

Later, those same American were
forced to board German and English
ships and flee to the United States
their property abandoned and their
homes destroyed.

"Investigations" are proper, pro-
viding that there is little at stake,
but the life of an American citizen
should be protected first and the in-
vestigations carried on afterwards.

True, a citizen of this country
should bear in mind that "there is no
place like home," but at the same time
should he stray from under the shadow
of the Stars and Stripes, he should
have the faith in his country that the
great American Eagle is forever
watchful of him and stands ready to
defend when danger threatens.

THE OUTLAW STRIKE

The strike of the outlaw switchmen
who quit work individually, is enter-
ing its last phase. Without the sup-
port of any part of the great public
and with more than a score of its
leaders under arrest the strike will
soon end. It has never received the
sanction of the officials of organized
labor.

The strike has demonstrated again
the lack of control which responsible
labor leaders have over their own
members. It looks like the only
thing that binds the laborers to their
leaders is the promise of more money.
When another gang offers them more
for less work the switchmen quit,
contract and no contract. The fact
that the responsible heads of the
switchmen refuse to sanction the in-
surgent move proves that they real-
ize the force of public opinion, which
is definitely aligned to the view that
labor must respect its contracts at all
times.

As for the railroads they have no
worries. The government has guaran-
teed their income until September.
Trains or no trains. The loss of
money involved in the stoppage of
traffic is costing the government a
lot of money, but not a cent comes
from the managers and operators of
the roads. They are safe. The
strikers are only hurting the United

States government by their action.
This means that you and your free
American fellow citizens must pay
the bill. Think it over.

THE SUPPLY OF PAPER

Have you ever thought what would
happen if the supply of printing pa-
per ran out? What would you do
for books, paper and magazines? Yet
the supply of paper is nothing like
sufficient today to meet the demands
of the printing presses all over the
country.

American manufacturers of print
paper long ago began to run out of
necessary wood pulp, and began im-
porting from Canada. By legislation
however, Canada helped stem this
current, and now much paper is manu-
factured and proportionately less
pulp. This makes us pay Canadian
laborers rather than Americans.

In addition to the scarcity of the
supply of pulp, many other causes
have gone into combination to push
the price of paper sky-high. A large
manufacturing company in this coun-
try had in 1915 a pay roll of around
\$3,800,000. In 1919 the pay roll was
over \$10,000,000. Besides, the per
capita production dropped from 82 to
65 tons. The laborers were not only
getting more but doing less!

Furthermore, increases in the cost of
coal needed to manufacture; in the
transportation charges necessary to
deliver, and higher prices for essen-
tial chemical ingredients, have all
made the cost of manufacturing paper
considerably higher than ever be-
fore. The printing industries have,
therefore, been hit hard in the face of
a rising market upon the very great-
est necessary, the sine qua non of
their industry. The publisher of this
paper, for example, pays four times
what he bought paper for a few years
ago, and quotations on coming ship-
ments run even higher.

The remedy is paper conservation.
This is being practiced by many large
newspapers; but is being disregarded
by many others. A higher rate for
paper advertising and a more careful
choice of reading matter to reduce
the space requirements are both help-
ful towards this end, although there
is a limit to the price for advertising
justly to be charged, and the postal
law requires a certain amount of read-
ing matter. Therefore, the matter of
space conservation is not entirely
unfettered.

Another remedy is in better care of
our forests, especially in the replen-
ishing of those which are cut. Prodi-
gal and wasteful methods in defores-
tation and pulp mills method have had
much to do with bringing the public
face to face with the alarming paper
shortage, in the opinion of G. W. Sis-
sion, Jr., president of the American
Paper and Pulp Association.

Then, too, there are some chances
of increasing production—but, this
bear in mind, looks to a more rapid
consumption of natural resources un-
less conservation in the wide sense of
the proper forestation is practiced.
In 1919 185,000 more tons of paper
were manufactured than in 1918, and
new machines in 1920 are expected to
turn out 90,000 tons increase for the
year. Two years from now some in-
dustrial calculators assert the paper
situation will be nearer normal con-
ditions.

In the meantime, what is to become
of many newspapers? The cannot be
continued in the face of a prohibitory
price for their staff of life.

Marcus Williams was in Cameron
last several days this week visiting his

\$35,000 PAID FOR TRACY OIL LEASE

TULSA MEN EXPECT TO DEVEL-
OP 100 ACRE TRACT IN THE
NEAR FUTURE

Lease on one hundred acres of land
in the Tracy oil field of Milam coun-
ty was sold this week by Paul and
George Graves to Col. E. Mays of
Tulsa, Oklahoma, and his associates,
for \$3500.

This is among the largest single
lease deals that has been consummated
in the local fields. This tract will be
developed. The acreage lies in the
heart of the field and is surrounded
by shallow oil wells which have been
drilled for some time but never put
on a production basis.

J. R. Mays now in Cameron has
been advised by his father of Tulsa
and others that they expect to prose-
cute a vigorous drilling campaign on
their acreage in the Tracy field. This
land was purchased during the visit
of Mr. Mays here two weeks ago.

Announcement of this drilling
campaign was made here yesterday by
Mr. Mays.

Just unloaded a car of Rice Bran
and Rice Polish. Fine feed for your
pigs.—F. A. Green, Phone 283.

TRAFFIC INCREASE TREBLED SINCE 1898

Greater Efficiency Enabled Rail-
roads to Meet Country's
Growing Demands.

The American railroads are more
than one-third of the railways of the
world. The traffic hauled on the rail-
ways of the United States is now three
times as great as it was twenty years
ago. In four months now the railroads
carry as much freight and as many
passengers as they did then in a year.
In the three months alone of the har-
vest movement in 1919 the traffic equal-
ed that of the whole year of 1898.

In 1898 freight ton miles carried by
the railroads of the country were more
than 100,000,000,000 a year. In 1910
they were more than 250,000,000,000,
in 1913 more than 300,000,000,000 and
in 1918 more than 400,000,000,000. Al-
though the railway mileage increased
only about 65 per cent since 1890, im-
provements in tracks, terminals, equip-
ment, etc., have been so marked that
the volume of goods carried (measured
in the number of freight tons carried
one mile) increased more than five
times from 1890 to 1917.

Increased Efficiency.

Taking account of both freight and
passenger service, the railroads in 1900
hauled 186,000 traffic units (freight
tons carried one mile, plus passengers
carried one mile) for each railway em-
ployee. By 1917, the last year of pri-
vate operation of the railroads prior to
the entry of the United States into the
war, that 186,000 had been increased
to 296,000.

The following table shows the in-
crease in efficiency of American rail-
roads since 1900, which enabled the
railroads to keep pace with the growth
of the country:

| | |
|------------------------------|------|
| Ton miles increased..... | 100% |
| Passenger miles increased.. | 170% |
| Trackage increased..... | 56% |
| Cars and engine increased.. | 75% |
| Workers increased..... | 85% |
| Output per worker increased | 60% |
| Average train load increased | 130% |

These figures show that the traffic
hauled by the railroads of the country
has increased more than three times
as fast as the trackage, more than
twice as fast as the equipment and
more than twice as fast as the number
of workers. This has been made pos-
sible by far-sighted investment of new
capital to increase the efficiency of the
transportation facilities and thereby
enable the railroads to increase the
amount of traffic handled and reduce
the amount of labor required to handle
it.

Urge Adequate Rates.

In a resolution adopted by the Asso-
ciation of Life Insurance Presidents
the heads of the country's large insur-
ance companies express their attitude
toward the railroad situation as fol-
lows:

"Rehabilitation of the railroads and
establishment by law of rates adequate
to provide for the present and future
demands of our growing commerce and
to stabilize the credit and securities of
the roads."

Protection for Public.

The executive council of the Nation-
al Association of Credit Men in a pub-
lic statement on the credit situation of
the country says:

"The council in its consideration of
the transfer of the railways to private
control felt that it is of the highest im-
portance that the railways be protect-
ed from the dangers of receivership
and the public assured against unin-
terrupted service."

Cameron, Texas

POSTAL EMPLOYEES WILL ORGANIZE

An effort will be made to perfect
an organization of Postal Employees
in Cameron in conjunction with an as-
sociation of employees who recently
met in Waco, their object being to
devise ways and means to sponsor
legislation in congress looking to re-
lief from salary shortage.

Announcement of this movement
was made Wednesday by Elbert Mar-
tin, employe at the Cameron office.
Mr. Martin has received a com-
munication addressed to the postal
employees of Cameron setting forth
the purpose of the Waco meeting and
asking that the employees here co-op-
erate in the movement.

A state-wide campaign will be wag-
ed to get influence on the side of the
employees for the passage of the pro-
posed salary bill which will give the

increase in pay. Postal employes
and those behind the movement say
that their salaries are inadequate to
meet the demands of the living costs
today and they will ask more.

Mr. Martin in conjunction with
other employees here will seek to co-
operate in the movement. Pressure
will be brought to bear on congress-
men and senators to use their influ-
ence to help the employes.

The Huffman farm well of the
American Underwriting Company of
New York which attracted such wide
attention here last week is down near
1900 feet and drilling is being con-
tinued. With the exception of gas
little indication of oil has been en-
countered.

It is said that the drilling will be
continued on this well until production
is reached or a thorough test has
been made in that location. This
acreage is an offset to the Pettibone
and Brooks wells of the Cameron Oil
& Refining Company, the tract hav-
ing been leased to the Buckingham

interests and later a drilling conces-
sion made the Underwriters of New
York. The well and all operations
are under the supervision of J. T.
Leach, pioneer driller in the Milam
county field. Scores of Cameron citi-
zens have visited the well during the
past two weeks.

Reports were current in the city to
the effect that the bit had struck the
Austin chalk but this is not confirm-
ed. It is said there is some differ-
ence of opinion among geologists as to
the exact formation.

The well is being drilled by a ro-
tary rig. A shallow strata of oil was
encountered at 510 feet but not suffi-
cient quantity to pay.

Good clean West Texas Seed at Oil
Mill, \$1.65 bushel.

age.

JETER LUMBER COMPANY
CAMERON, TEXAS.

This is not a War Film 'Yankee Doodle' in Berlin MONDAY and Tuesday, May 3-4

It was filmed since the signing of
the armistice. It is all alive, up-to-
date material.

This play takes the Hohenfel-
lers from an entirely new angle. It
remained for the eye of the satirist
to the All Highest as he really was—
as a pompous, conceited rounder, a
rival of his rabbit-faced son, and a
disaster for the German people.

—There is not a foot of film in
this play that could not be shown to
women and children.

—It is clean, fast satire with some-
thing doing every minute.

—Sennett's whole array of comed-
ians and the famous Bathing Beauties
keep you in a roar of laughter.

DRILLING RESUMED ON MAYSFIELD TEST

LOCAL COMPANY GETS SHIPMENT OF CASING TO RESUME OPERATIONS

Drilling has been resumed on the deep test well of the Tracy-Maysfield Oil & Gas Company at Maysfield. Operations were stopped at the well on account of casing shortage but a shipment has been received and work has been resumed.

This theater of activity has attracted

ANTONIO MORENO

Inspired by the advice of an American actress, Antonio Moreno joined a stock company at Northampton, Mass., after completing his course at Willistown Seminary. Soon he was engaged by Leslie Carter and later appeared with Constance Collier in "Thais." Then he went into silent drama and played with Edith Storey, Irene Castle and Pearl White. Then Albert E. Smith, president of Vitagraph, placed him under a long-term contract and introduced him to the serial. His fiery black eyes, black hair, complexion of "golden paller" and a talent for expression make him the ideal type for the screen.

WILL SOON SPUD IN DEEP TEST WELL

UNDERWRITERS OF NEW YORK MOVES ROTARY RIG TO MAYSFIELD

The second deep test well of the American Underwriting Company of New York to be drilled in Milam county will be spudded in at Maysfield within the next few days according to announcement made here today.

The company has abandoned its wild cat at Tanglewood in Lee County and has shipped the big rotary rig to the Maysfield location, a lease which was obtained two months ago when G. C. Vaughn, president of the company visited Cameron.

These operations will be under the direction of J. T. Leach, field man for the company who has been in the Milam County field for the past three years. The company is still drilling on the Huffman farm well.

This is the second deep test well to have been arranged for in Maysfield. A third test will be made by E. J. Buckingham of San Antonio. This location has been made but so far no rig has been assembled.

ed wide attention because of the geological report on that section and the deep test of this company as well as the wells of other companies will be watched with eager interest. The test is down over 200 feet. Some quicksand was encountered when the well was first spudded in but nothing is expected to impede further progress of the well.

The Tracy-Maysfield Oil & Gas Company has also placed two shallow rigs on its holdings at Tracy field and expects to begin operations in that theater as soon as casing and other equipment can be secured. On the lease at Tracy several wells have been drilled and all of them are standing full of oil. Some have said that they will make from one to three barrels a day when properly cased and pumped. The company feels certain of production in view of the showings in the field and has made plans and bought equipment for pumping the wells when they are brought in.

PRECINCT PRIMARY HERE SATURDAY

WILL SELECT DELEGATES TO THE COUNTY CONVENTION MAY 4.

The presidential primary convention for Precinct No. 1 of which J. D. Hefley is chairman, will be held in Cameron Saturday night beginning at 7:30 o'clock.

This convention will select a delegation to represent it in the county convention which will be held here on May 4. Precinct chairmen were appointed at a meeting held here last Saturday under call of executive chairman W. W. Chambers.

The precinct chairmen will meet in Cameron on May 4 in the forenoon with chairman Chambers to for reports to the county convention which is to be held at 7:30 p. m.

An active canvass has been made of the Democrats of the Precinct so that a good representation may be had at the meeting to be held May 1 which is Saturday. An active interest is being taken all over the county as precinct primaries will be held Saturday at every voting box in the county to direct delegates to the county convention.

G. C. Walters, manager of the Milam County Lumber Company, who recently moved here from Kansas will erect a home in Cameron. Mr. Walters is now looking for a site on which to build and as soon as this matter has been settled construction will be started. Finding no housing accommodations available in Cameron Mr. Walters is forced to build, but says Cameron real estate is a good investment and he will take pleasure and pride in investing his money in the metropolis of Milam county.

Miss Lucile Chapman of Waco, was the week end guest of Miss Grace Lindsay last week.

Lockhart Seed direct from Storey Myrick, \$3.50 at Oil Mill.

BUYERS HERE PAY MORE FOR COTTON

MANY BALES MARKETED HERE DURING WEEK FROM BARTLETT BY FARMERS

That Cameron is the best cotton market in Central Texas and offers at all seasons of the year a ready purchase facility for the product of the farmer is shown by the fact that during the past week many bales of cotton has been transported here and sold from Bartlett and other points.

In one instance it is said that J. T. Heath, farmer of Bartlett received \$50 a bale more for his cotton in Cameron than he was offered in his home town. This is also said to be true of Herman Miller, another Bartlett farmer who hauled 12 bales to Cameron this week and disposed of it. Mr. Heath also hauled 12 bales here.

This cotton was transported to Cameron by the truck service of S. R. McCown and the farmers paid \$4 a bale to have this cotton brought here in order to get advantage of the excellent market facilities. These lots of cotton were purchased by W. H. Triggs.

The cotton was taken from the Warehouse at Bartlett. It is predicted that much more cotton will be brought to Cameron and the buyers are prepared to buy all that is brought here.

It is said that the farmers had some low grade cotton for which they found no market in Bartlett but the product was bought here at fair market prices. This is a distinct and true testimonial of the value of Cameron as a market center.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and costs of suit in cause No. 425 in said Court, styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77 1/2 acres of land being a part of the William Punchard Grant in Milam County. Being that certain tract of 87 1/2 acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87 1/2 acres sold to R. Cran, by deed dated Feb. 15, 1906, recorded in Book 66, Page 289 of said Deed Records.

SECOND TRACT: 139 4-5 acres, a part of the W. Punchard grant in Milam County, being all that tract of 200 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 186 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894, recorded in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 100 1/2 acres of land, a part of the Newson Guanyey survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book 56, Page 118, Deed Records, less 2 1/2 acres South of Cameron and Wilder.

FOURTH TRACT: 93 1/2 acres, being a part of the Newson Guanyey survey and being the 93 1/2 acre tract described in deed recorded in Book 25, page 615 above mentioned, deed and records thereof are here referred to further description of said tracts of land, and levied upon as the property of said L. F. Wingo and J. F. Wingo. And on Tuesday, the 1st day of June, 1920, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I well sell said real estate at public vendue, for cash, to the highest bidder, as the property of said L. F. Wingo and J. F. Wingo by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 9th day of April, 1920.

L. L. BLAYLOCK, Sheriff Milam County, Texas.
By D. B. GUNN, Deputy.

INCREASED WAGES TOOK 97% OF INCREASED RATES.

Increases in freight and passenger rates made during federal control amounted to \$1,835,000,000 when applied to the traffic moved up to July 31, 1919, while the increases in wages applied to the number of employees and the hours or days worked in July, 1919, amounted to \$1,774,500,000, or 97 per cent of the revenue from the increased rates, according to a statement compiled by the Interstate Commerce Commission at the request of Senator E. D. Smith of South Carolina and presented by him in the senate on December 29.

Haul 160,000 Feet of Lumber From Ben Arnold Yard

Probably the largest single transport of lumber ever seen in Milam county was that in which the Milam County Lumber Company, owned by Wm. B. Carey Lumber Company, hauled to Cameron this week from Ben Arnold 160,000 feet of lumber.

The yard at Ben Arnold owned and operated by the Wm. B. Carey Lumber Company, has been discontinued and the stock placed in the Cameron yard. This leaves the company three yards in Milam county, one at Burlington, Backholts and Cameron.

The movement of this stock from Ben Arnold gives the Cameron yard a very material increase in stock, the lumber being in all sizes and grades. Special preparations was necessary to stock the material after it was received here.

West Texas Cotton Seed, \$1.65 per bushel at Oil Mill.

Japanese Force IS Annihilated; Hundreds Slain

Washington, April 28.—Japanese guards near Nikolaevsk, Eastern Siberia, are believed to have been annihilated and several hundred Japanese, including the Consul there, massacred, according to an official statement by the Japanese Foreign Office made public today by the State Department.

The Japanese statement said suspension of communication with the district made it impossible to get at the real state of affairs but that it was evident that the "serious upheaval" had taken place. Efforts of the Japanese to dispatch a military relief expedition into the district have failed because of the ice.

Meantime, however, the Japanese have sent an expedition to Alexandrovsk, accompanied by the warships Mikasa and Mishima. The forces reached their destination April 22 and found the Japanese in that district safe. Most of them were taken aboard the Mikasa.

Mothers' Club to Help Out Library.

As we all know a good library is the best recommendation that a school can have. Although our library now is better than it was last year, still it is not up to the standard. As we are going to have a new school building next year, we are in great need of a good library, which can not only be used by the town people as well.

In view of this the Mothers' Club has decided to take subscriptions next week to Holland's Magazine, and if as many as fifty subscriptions are obtained, the proceeds that comes to the Mothers' Club will be donated to a new library. The donation will amount to the sum of \$50.00 if the goal aimed for is reached.

This kindness of the Mothers' Club is, needless to say, greatly appreciated by all members of the High School.

GIRLS CLUB.
(April 15)

This Girls Club of the Cameron High School met in regular session April 15, 1920. The club having been called to order and the reports of the committees having been given, the following program was rendered:

1. Being Good Friends With One's Own Family.—Joe Smith
2. Identification Bureau.—Verna Roberts.
3. Music.—Florence Butts, soprano; Katy Cone, Violinist.
4. Current Events.—Eleanor Sapp.
5. The Handful of Clay.—Short Story.—Oleta Jackson.

After the critics report had been given, the club adjourned.

On Thursday afternoon, April 22, the Girls Club met in regular session. The club having been called to order, a very interesting program was carried out. After the critics report was given the club adjourned.

All members of the Girls Club be sure to come to the meeting next week for a very clever program has been planned for that meeting.

BASEBALL NEWS.

April 15—The result of the game between Rockdale High and Cameron High, which was played on the latter's ground on Friday was 10 to 1 in favor of Cam Hi.

Willis, who pitched the game, held Rockdale down until the Cam Hi nine agreed to let Rockdale make one score in order to encourage them and make the game interesting for the Cam Hi boys. The chief reason for letting them score, however, was the simple reason that if Cam Hi beat them to a "love" game, Rockdale would be afraid to play us again, and we want a return game.

Cameron vs. Caldwell

Last Wednesday, San Jacinto Day, the Cameron High School nine went to Caldwell and took their second defeat in baseball this season. The game started off in Cam-Hi's favor in the first three innings the score being six to nothing. After that, the boys thought they had the game cinched, and of course played carelessly. Pretty soon, however, the Caldwell boys began running in scores as well as the Cameron boys, and before the Cameron boys knew it, they had no chance at the bat to catch up with Caldwell. Had they had one more chance, it is certain that they would have surpassed the Caldwell boys, but as that chance was not forthcoming, the final score of a necessity remained 17 to 12 in Caldwell's favor.

Cam Hi vs. Belton High

Last Friday evening the Belton baseball boys came down and played a game of ball against the Cameron nine. The game was very exciting. Every player did fairly good on the field, and excellent at the bat, as can be seen from the fact that Belton ended up with 21 scores.

Before the game Mr. Crawford offered one dollar worth of banana splits to the one who guessed nearest the final score of the game. It would probably be unfair to give the name of the winner, as the score was 21 to five in favor of Belton.

The Cameron boys have lost only three games this season. The first two defeats, they took easy, but this last one doesn't serve them well. They take an optimistic view of the matter, however, and are expecting to win every other game.

Mr. Crawford Takes Band On Overnight Camp.

Last Friday afternoon, Mr. Crawford took the band boys for an overnight camp at Sandy Hook. About thirty boys went along. Late in the afternoon nearly everyone went in swimming. After supper the boys went wild and had lots of fun. Many jokes were played on various ones, as for instance, Mr. Rube Johnson's tent was taken down, leaving some boys under it.

About three o'clock everyone began to get sleepy. Suddenly the boys found out that someone had stolen the ice cream, and a search was made for it through the woods. Also about a case of soda water mysteriously disappeared from the tent.

After breakfast Mr. Crawford brought some of the boys to town who had to work, while a few of the boys stayed out on the river until about noon. Fishing lines were taken on the camp. However, no fish were caught because of so much noise. After having had a very pleasant time, they turned their weary steps homeward.

ANNOUNCEMENT.

The Cameron Concert Band will give a concert on Sunday, May 2, 1920 in the Cameron High School Auditorium.

C. L. C.

On account of Mrs. Crawford being out of town, the C. L. C. did not have a meeting last Thursday.

DEAR OLD CAM HI

There's a dear old Texas school
Where tactful teachers rule,
And students fair, sincere, and earnest, come and go;
There be brave, be pure, be true,
Are things they learn to do,
Besides the many other things they learn—But Lo!
If you list, I'll tell you where
You may find this school so fair:
'Tis praise of dear old Cam Hi
That I sing!
So now the truth has been made known—
In this school I plod on
Let my dreamy love-notes wring.

Favorite Expressions of the Faculty.

Mr. Crawford—"combined together."

Miss Reid: "I'm going to boil you in oil."

Mr. Kidd: "You are all doing fine work, but—"

Miss Williams: "Oh, pshaw!"

Miss Work: "How am I ever to get you Freshmen down to good, hard work?"

Mr. Cameron: "tut, tut!" and "just so, just so, just so."

Miss Kean: "Of course."

Miss Bass: "Now, study hall, this!"

talking has got to stop." (Irritatedly)—"I mean just exactly what I say."

Mrs. Crawford: "So much for that!"

Sweet Papa Cameron Will Return Tonight.

The Cam Hi widow says that it is her idea that a special branch of instruction should be established among the Seniors to teach them not to order anything that they do not intend to pay for. Invitations for instance.

Lessons are being piled up this week for some unknown reason. We guess, maybe, they are trying to bury us.

Mr. Crawford was seen jazzing around in his buzz wagon the other day.

Mr. Flinn: "Eber, how far is it from here to Hoyte?"

Eber: "It used to be six miles, but things have gone up so, I suspect it is more now."

Young lady: "Papa, Walter Walker will probably call on you tonight." Well, Father, tell him gently but firmly that I shall never be his.
Father: "See here, girl, don't send that young man to me. I owe him for a banana split."

BOX SUPPER

A box supper will be given at Walkers Creek School House Friday night, April 30. The proceeds from the supper will go for the benefit of the school and Cameron is invited to attend the supper. Announcement of the supper was made Tuesday.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Gabriel, Texas, April 27.—We wish to make our greeting to our readers, in recognition of the glorious rain that fell here Sunday night. The surface had become very dry and cotton planted during the last ten days had refused to come up. Oats were needing rain, also. The ugly gaps of old mother earth drank their fill and all nature seems to rejoice over the refreshing drouter.

Henry Yeager of Austin, spent the past week end with home folks.

Fred Stigall was a business visitor in Cameron Friday.

Mr. and Mrs. Webb Stockton and children of Bartlett, were guests of their niece, Mrs. Edna Felton, Saturday and Sunday.

Will Lee was a visitor to Rockdale Thursday last.

Mrs. Mary Camp Leachman of Dal-

las, has been a visitor in the home of her parents, Mr. and Mrs. H. H. Camp of our village.

Dr. Ellis of the State University of Texas, made a most interesting and helpful talk on "Child-Diagnosis" to a number of the members of the Parent-Teachers' Association in this village last Thursday afternoon. His subject for discussion Thursday night was "Education," which was heard and appreciated by a large attendance.

He vividly impressed each parent as to the cloudy future of our children unless more money is expended in securing capable teachers for our schools.

Dr. Ellis was the guest of Mr. and W. H. Camp while here and before his departure for Austin Friday morning he showed his skill in botany, by grafting some of the trees that grace the lawn around Mr. Camp's beautiful home.

Seth Moseley and children were guests of Mr. and Mrs. Smir of Connelly Saturday night and Sunday.

J. S. Woody and family visited relatives at Rockdale Saturday and Sunday.

Clarence Kirkman has lately bought

for his comfort a handsome Dodge automobile.

Joe Yeager was a visitor in Rockdale Saturday.

Fred Stigall was in Rockdale Wednesday.

John Woody motored to Circleville Thursday.

Mr. and Mrs. Hope Camp motored to Thorndale Friday.

Adolph Taegel of Thorndale, was among friends in San Gabriel Wednesday last.

Mr. Willheit of Rockdale, was a visitor in this berg last Thursday.

Mrs. F. M. Amason visited in Thorndale part of last week.

Mr. R. L. Peeney of Freeport, has been visiting relatives and old friends of this vicinity since last Friday.

Mrs. John Penney leaves today for a visit to relatives in Oklahoma.

Arthur Penney of Thorndale, was with friends in San Gabriel a while Sunday.

Mr. and Mrs. John Worley attended the funeral of little Lucile Rouse in Thorndale Thursday.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

ATTENTION

DEMOCRATS

Men and Women

During the past seven years the Democratic National Administration under the leadership of Woodrow Wilson has to its credit many splendid achievements among which are the following:

1. It revised the robber tariff, reducing all schedules and putting the necessities of life on the free list; and taxing luxuries.

2. It passed a progressive income tax law requiring wealth to pay its just proportions of the cost of government.

3. It passed the Farm Loan Law enabling farmers and producers to obtain money to purchase homes at a low rate of interest and this act has had the effect of compelling loan companies to lower their rate of interest on loans.

4. It passed the good roads act whereby the National Government co-operated with the States in building hard-surfaced roads connecting the farms with the cities, to the advantage of both.

5. It established a Department of Labor; has developed it; has made it useful in steadily improving the condition of life for those who labor; helping to settle disputes between labor and capital.

6. It passed the Federal Reserve Act; placing money reserves under direct control of the government of the United States, and taking the financial sceptre from the money trusts of Wall Street. This wise measure has made money panics impossible.

7. It kept this Nation out of war until it became clear that the liberties of America and of the world were in jeopardy. And when war became necessary for protecting the dignity and liberty of the American people, the Democratic Administration passed the declaration of war, and the great war measures; established the War Industries Board and War Trade Board; passed the War Marine Insurance Act; set up the War Risk Insurance Bureau; called to the color 10,000,000 Americans; raised an army of over 4,000,

000 men; expanded the Navy and Merchants Marine; provided the munitions of war; trained and transported the required forces to Europe; protected them from disease and vice as far as humanly possible; broke up the German submarine campaign; crumpled the lines of the German troops in France; crushed the morale of the Teutonic forces and compelled their military leaders to beg for an armistice. And in the short period of 18 months won victory for our arms on land and sea, and brought peace to a war torn and bleeding world.

For the above reasons, we urge all loyal Democrats to endorse the achievements of the Democratic Administration and its matchless leader, Woodrow Wilson, and we deplore the efforts of enemies within and without the party to discredit and repudiate that splendid record. We further urge our friends to attend their precinct conventions on May 1, 1920, and use every honorable effort to send delegates to the County Convention who are in sympathy with the National Administration and its achievements.

Ex-Senator J. W. Bailey, who represented Texas for 22 years in the House and Senate of our National Congress asserts in his speech that he does not approve of or endorse a single achievement of our National Administration. Not a single act as set above meets his approval, according to his own statements. Compare his 22 years with the Wilson 7 years. Can you name a single Bailey Bill or Bailey act or Bailey law? When Bailey was in Congress cotton was 5 cents per pound. Last year you got 40 cent per pound. Do you want to go back to the "good old days?"

Attend your Box Convention on May 1st and endorse your National Administration.

Men and women, who are qualified voters in a primary election, are qualified to participate in the Box Conventions.

National Democratic Administration Executive Committee of Milam County

JOHN L. DENSON, Chairman

SPECIAL TEN WEEK "TRADE AT HOME" CAMPAIGN STARTED

MERCHANTS WITH HERALD WILL
GIVE PRIZE EACH WEEK FOR
LETTER

A ten week, instructive, educational campaign, putting forth the advantages to be derived from spending your money with your home merchants is begun in this week's issue of The Cameron Herald.

In starting the campaign The Herald in connection with the merchants representend on the page will give away a cash prize each week to the person writing the best Trade at Home letter. Turn to the page and note in the center of this page the prize letter written to the trade at home campaign.

Progressive merchants and business men of Cameron in connection with The Herald have inaugurated a ten week "Trade at Home" campaign which should have the attention of everyone living in the city or surrounding territory. By referring to the page you may acquaint yourself with the merchants who are interested in putting some plain facts before

you. To stimulate interest in this movement and to get together a variety of views on the subject of trading at Home they have decided to run a friendly contest, conditions of which follow:

Rules of the Contest

The contest is open to all. All that is necessary to be done is to write a letter not to exceed 150 words on the subject of "TRADING AT HOME." Address your letters to Trade At Home Editor, care Cameron Herald. These letters should state in clear concise words, the best reasons, in your opinion why the people of your city and surrounding territory should spend their money with their home town merchants.

As many letter as possible will be printed. The letter chosen as the best letter each week will be printed and appear in the space provided in the center of the page ad on the Trade At Home page.

A cash prize of \$1.50 per week will be paid for the best letter. One prize each week for a period of ten weeks.

We hope everyone of you will do their best to write us a letter on this subject. We want to give the Trade At Home idea all the publicity we can possibly give it. To be a real dyed-in-the-wool, patriotic, home boosting citizen, it is absolutely necessary that one should contribute in every possible way to the industries of their home town.

Get a line on yourself today, your

own success depends in a large measure upon the progress of your home town. Boost your merchants and watch them expand. Get that trade at home letter written today and let your home town merchants know you are behind them in this Trade At Home Movement.

INCREASED WAGES TOOK 97% OF INCREASED RATES.

Increases in freight and passenger rates made during federal control amounted to \$1,835,000,000 when applied to the traffic moved up to July 31, 1919, while the increases in wages applied to the number of employees and the hours or days worked in July, 1919, amounted to \$1,774,800,000, or 97 per cent of the revenue from the increased rates, according to a statement compiled by the Interstate Commerce Commission at the request of Senator E. D. Smith of South Carolina and presented by him in the senate on December 29.

Use Diamond Tires.

Mr. and Mrs. J. C. Tucker came in Saturday from a few days stay at Galveston and Houston, and spent until Sunday morning with Mrs. Tucker's father, Mr. T. F. Hardy, thence they went to Dallas for a few days before going to their home at Garland.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and cost of suit in cause No. 425 in said Court, styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77 1/2 acres of land being a part of the William Punchard Grant in Milam County. Being that certain tract of 87 1/2 acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87 1/2 acres sold to E. Oran, by deed dated Feb. 15, 1905, recorded in Book 65, Page 289 of said Deed Records.

SECOND TRACT: 133 4-5 acres, a part of the W. Punchard grant in Milam County, being all that tract of 200 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 186 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894, recorded in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 160 1/2 acres of land, a part of the Newson Guayney survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book 56, Page 118, Deed Records, less 2 1/2 acres South of Cameron and Wilder-

ville Road.

FOURTH TRACT: 93 1/2 acres, being a part of the Newson Guatney survey, and being the 93 1/2 acre tract described in deed recorded in Book 25, page 615 above mentioned, deed and records thereof are here referred to further description of said tracts of land, and levied upon as the property of said L. F. Wingo and J. F. Wingo. And on Tuesday, the 1st day of June, 1920, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I well said said real estate at public vendue, for cash, to the highest bidder, as the property of said L. F. Wingo and J. F. Wingo by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 9th day of April, 1920.

L. L. BLAYLOCK,

Sheriff Milam County, Texas.

By D. B. GUNN, Deputy.

A. N. Weems, owner and operator of the Weems gin in Cameron, Wednesday received a shipment of two car loads of gin machinery for the improvement of his gin here.

Mrs. C. Miller and son, Cyrus, returned from Fort Worth Sunday, where they have been visiting relatives and friends the past week.

Go to Batte's Store for Sorghum and Early Amber Cane Seed.

TO THE VOTERS OF MILAM COUNTY:

Political Advertisement by W. T. Hefley.

The Primary Conventions will be held next Saturday, May 1. The friends of Senator J. W. Bailey hope that a delegation to the State Convention will be chosen, pledged to the principles of government he is so bravely fighting for. We have no doubt that if each individual Democrat in Texas had been allowed to cast his vote in a primary election, these principles would have been adopted by one hundred thousand majority. But the result what it may, the fight for a return to Constitutional Government and State Rights is just beginning, in Texas, and our victory in July will be the most glorious one in Texas since Sam Houston overcame his enemies after his famous defeat for Governor.

A short while ago, in this campaign, I had printed the greatest tribute ever delivered to the heroes of the Alamo and George Washington, and I had to pay \$3.50 for it, as political advertisement. I paid the bill, attached a copy of the tribute to the Alamo and Washington to it, and have filed it away, that my children may know the subserviency of the press today.

That the people may know that I am not afraid of the truth, I now publish and pay for this, from LaFollette's Magazine, as follows:

"Ye shall know the truth and the truth shall make you free."

The Truth is beginning to break through at last.

It has been buried beneath a mass of lies—lies inspired by greed.

The liars were organized, merciless, malignant. They were millionaires—the rich and the near rich, hungry for more. They had their tools everywhere,—in office and out.

They owned or controlled the press, the magazines, and news associations.

They commanded every avenue of publicity,—the advertising agencies, the art associations, the movies, the bill boards. They enlisted the chambers of commerce. They dominated the social clubs. They invaded the school, the universities and even the churches.

They lied us into the war and fed us on lies after we were in the war.

Hating democracy, they bawled themselves hoarse in proclaiming that it was a war "to make the world safe for democracy."

They knew well that the powers back of the war were determined to make wealth and imperialism dominant the world over.

They controlled the markets of all the products of land and labor and made billions in extortionate prices upon food and fuel, clothing and rents, and everything necessary to life and comfort.

Drunk with power and unrestrained by authority, they are increasing their profiteering prices and grinding the faces of the poor day by day.

But they have run their course. They are being called to answer at

the bar of an indignant public.

We demand economy in government, to replace the extravagance run riot under the present administration. The expenses of the present year of peace, it has been estimated, will be approximately \$11,000,000,000, or ten times the annual pre-war expense.

We condemn the system that permits 18,000 millionaires to be produced from war-profits—one millionaire for every three American soldiers killed in France. We demand that taxes be paid upon wealth in proportion to ability to pay, in such manner as will prevent such tax burdens being shifted to the backs of the poor, in higher prices and increased cost of living.

We denounce the alarming usurpation of legislative power, by the federal courts, as subversive of democracy, and we favor such amendments to the constitution, and thereupon, the enactment of such statutes as may be necessary, to provide for the election of all federal judges, for fixed terms not exceeding ten years, by direct vote of the people.

O my fellow Democrats I appeal to you! We are fighting for the principles of Democratic Government as the heroes of the Alamo fought for Liberty and under the great leadership of Joseph Weldon Bailey we will make the primary July 28, 1920 our San Jacinto for unterrified Democrats of Texas and a new birth of Freedom and Liberty.

Sincerely,
W. T. HEFLEY.

J. W. Guffey and family left Cameron Wednesday for Yoakum where they will make their future home. Mr. Guffey has been in Cameron for several years as road master of the San Antonio & Aransas Pass Railroad. He will continue his connection with the Sap in Yoakum and the best wishes go with them in their new home.

666 quickly relieves Constipation, Biliousness, Loss of Appetite and Headaches, due to Torpid Liver.

RETURN OF ROADS PLEASES FARMERS

Urge Policy to Insure Best Service at Lowest Cost Consistent With Fair Returns.

OPPOSE NATIONALIZATION.

Representative Agricultural Organizations and Rural Press State Farm-ers' Attitude Toward Railroads. Want Private Operation.

Private ownership of the railroads under a policy of government regulation which will insure the best possible service at the lowest cost consistent with fair returns on money invested in them is favored by representative farmer organizations throughout the country. This policy also is supported generally by agricultural newspapers, which state emphatically that the farmers are opposed not only to government ownership of railroads, but also to all nationalization plans.

In a letter to the members of the United States Senate T. C. Atkeson, Washington representative of the National Grange, which is said to be the largest organization of its kind in the world, representing more than 1,000,000 farm owners in the United States, states that the agricultural interests of the country approve of private ownership of the railroads and further declares that persons purporting to speak for the farmers in support of government ownership are neither farmers nor representatives of any considerable number of farmers.

For Pure Mebane Cotton Planting Seed see Stedman & Rogers.

O. H. Roberts, editor and manager of the Sweetwater Reporter was in Cameron last week on his way from San Antonio and Kerrville, where he had been in the interest of the Terrell Publishing Company. Mr. Roberts is making an eminent success with the new western daily and reports conditions in Sweetwater prosperous and altogether favorable.

Diamond Tires at Parma's.

Grove's Tasteless Chilli Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

LOCAL AND PERSONAL

Pete Leavson, florist and superintendent of the grounds at the Federal Building, has been quite busily engaged recently in planning and beautifying the grounds for spring and summer. Flowers and shrubbery has been planted and the grass on the lawns beautified and trimmed.

Fountain Flinn, who is attending the Agricultural and Mechanical College at College Station, was in Cameron this week visiting with his parents, Mr. and Mrs. E. A. Flinn.

Dr. Carlton McKinney of Olney, spent Saturday in Cameron as the guest of Mr. and Mrs. E. A. Flinn. Dr. McKinney is a brother of Mrs. Flinn.

Diamond Tires at Parma's.

Miss Louise Green who is attending Baylor University, spent the week end with her parents, Mr. and Mrs. A. N. Green.

Robert McLane, of the Robert McLane Company, wholesale, in Cameron, has purchased a Franklin roadster. Mr. McLane also has a Franklin touring car.

Diamond Tires at Parma's.

E. A. Flinn of the Daugherty Motor Company, was in San Antonio the past week on business and attending the Fiesta and battle of flowers celebration held there.

John Mangum, Jim F. Chadwick and John Mangum, Jim F. Chadwick and Hilliard Stedman were in Austin this week attending a Masonic meeting.

Lowest prices on Cane Seed at Batte's Store.

Dr. T. G. VanZandt has gone to New Orleans, where he will be for several weeks attending a special medical lecture course. Dr. VanZandt was recently appointed city health physician of Cameron.

H. S. Vaughn has purchased farm lands near Somerville and will leave Cameron with Mrs. Vaughn to make that their future home. Their many friends here will regret that they are leaving Cameron. Mr. Vaughn was formerly in business in this city.

The Cameron Fire Department will be represented in the contests at the State Firemen's Convention to be held May 14. Already a crew of men are making daily runs and practicing other events that will come in the tests to be made by the firemen. Chief Monta Thomas will accompany the men to the convention. Among those who are preparing for the convention are Will Michalka, Will Crane, Will Marek, Roy Weems, Melvin Weems and Frank Richter.

Miss Willie Fontaine of Baylor University was here several days the past week end to visit relatives and Jones Prairie.

J. E. Mangum who was taken suddenly ill last week is improving and his many friends will be glad to know he is improving from his illness.

Diamond Tires at Parma's.

Mr. and Mrs. Frank Brock of El Paso, were here Friday and Saturday of last week visiting in the home of Mr. and Mrs. John Brock.

Mrs. J. B. Simpson was in Cameron several days the past week from Dallas. Mr. Simpson is the head of the Federal Government Cotton Cladding Station here.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.

If you want good bright alfalfa go to the Oil Mill.

O. A. Baker of Ben Arnold, owner and operator of the famous Baker wheat farms in Milam county, was in Cameron Tuesday and spent several hours in transacting business.

Mr. Baker says that his wheat crops are in fair shape and he expects a good yield this year. The farm has 300 acres devoted to raising wheat, a splendid agricultural industry that has grown up under the progressive management of Mr. Baker.

This farm has clearly demonstrated that the grain countries of north and west Texas have not by any means monopolized the growth of food stuff.

During the past year considerable difficulty was experienced by Mr. Baker in harvesting the wheat, much of the valuable grain having gone to waste in the fields on account of the shortage of labor and bad weather conditions. Mr. Baker is lining up his labor problems early this year in order to head off any recurrence of the conditions of last year.

"YANKEE DOODLE IN BERLIN" COMING HERE

Sam Hefley, owner and operator of the Wonderland theater, announces the booking of "Yankoo Doodle in Berlin," a master fun film by the renowned Mack Sennett. This film will be shown in Cameron Monday and Tuesday, May 3 and 4.

This is one of the most popular fun films ever made and some of the master comedians of the screen are seen at their best in this super-comedy.

Mr. Hefley has shown some nationally acclaimed films in Cameron during the past few weeks and among them no greater is there than "Yankoo Doodle in Berlin."

CAMERON 11; SCHOOL TEAM 5

In the first match game of the season the Cameron baseball team met and defeated the High School team Wednesday afternoon on Weems diamond. The Cameron team has been practicing only a few days and the game was designed as a practice for the veterans who have recently been organized.

For pure Mebane Cotton Planting Seed see Stedman & Rogers 36-4f

LUMBERMAN VISITS HERE

J. F. Grant, owner of the Grant Lumber Company, was in Cameron several days this week in the interest of the company. The Grant Lumber Company maintains a line yard in Cameron. J. A. Evans is the manager of the local yard.

Mr. Grant resides in Houston and makes frequent trips to points where the company maintains yards. This is his first visit to Cameron in several months.

West Texas Cotton Seed, \$1.65 per bushel at Oil Mill.

Postmaster Jeff T. Kemp is now inspecting the rural route out of the city of Cameron. This work has been in progress for several days. Mr. Kemp finds the routes in fine shape. The inspection will be completed soon. Recently the interior of the federal building was redecorated and other improvement made.

Miss Harriett Henderson spent last week end visiting home folks.

Lockhart Seed direct from Storey Myrick, \$3.50 at Oil Mill.

PURCHASE UNIFORMS FOR BASEBALL CLUB

MONEY SUBSCRIBED BY FANS FOR NEEDED EQUIPMENT.— TO HAVE TEAM IN FIELD

Uniform equipment has been purchased for the High School baseball team in Cameron and has been received here from Houston. The purchase of this equipment is made possible through the public spirit of a number of fans solicited for subscriptions in Cameron and the initiative of S. A. Cottle and A. F. Braun, who took the matter in hand and have been actively behind the movement.

Last week a call was issued to the "old time" players to meet and to form a club and so far good success has been attained and a number of practice periods filled. The uniforms will be given the high school team and after they complete the season the equipment will revert to the home club. The total amount raised was \$100. The charge for the uniforms was \$53.83. The balance will be held in the treasury for any other equipment that might be needed.

Following is the list of those who contributed to the purchase of the uniforms:

PRECINCT PRIMARIES

Notice of Republican Primary Convention Call of April 20th, 1920, Precinct No. 1 of Milam County, Texas.

In compliance with the action of the Milam County Republican Executive Committee, State and County Chairman; and in compliance with the election of the State of Texas.

I hereby call a Precinct Primary Convention of Precinct No. 1 of Milam County, to be held at Cameron, Texas (in Colored Masonic Hall) on Saturday, May 1, 1920, at 7:30 P. M., for the purpose of electing delegates and alternate delegates to the Republican County Convention to be held at Cameron, Texas, May 4th, in accordance with the call of the County Executive Committee and for the purpose of voting for four delegates and four alternate delegates from the State at Large, and one delegate and one alternate from the Sixth Congressional District, to the Republican National Convention, which is to be held in Chicago, Illinois, June 8th, and one Presidential Elector for the Sixth Congressional District of Texas; and for such other business as may properly come before such Primary Convention.

This Precinct is entitled to elect delegates to cast one vote for every five (5) votes cast in this Precinct for Only legal voters are entitled to participate in the Convention as is specified in the State and County call.

E. T. Johnson,
Chairman Precinct No. 1.
Sam L. Stephens, Secretary.

CREAM SUPPER AT DAVILLA

The Ladies Missionary Society of Methodist Church in Davilla will give an ice cream supper Friday night in the Tabernacle in that place and an invitation has been extended to all Cameron to meet with the people of Davilla and to enjoy the supper.

A special invitation has been given to candidates for public office to attend the supper and arrangements will be made for them to speak to the crowd. This is the first supper to have been given in that neighborhood this season.

It is expected that a large crowd will go out from Cameron and among them will be several of the candidates for office.

SPEAKS IN THORNDALE

Judge W. G. Gillis, county judge of Milam County, spoke in Thorndale Saturday afternoon in defense of the National Democratic Administration. A large crowd gathered to hear Judge Gillis discuss the record of the administration which he declared was the greatest of any national administration in several decades.

Administration Democrats in Thorndale declare they will be very active in directing delegates to the convention here and will do all in their power to influence for the National Administration.

For every purpose for which a liniment is usually applied the modern remedy, Liquid Borozone, will do the work more pleasantly. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Co.

ROAD BOND ELECTION NOTICE

THE STATE OF TEXAS,
County of Milam.

On this the 15th day of April, 1920, the Commissioners' Court of Milam County, Texas, convened in regular session, at the regular meeting place thereof in the courthouse at Cameron, Texas, all members of the court to-wit: W. G. Gillis, County Judge; Henry Reaves, Commissioner of Precinct No. 1; N. H. Butts, Commissioner of Precinct No. 2; O. K. Phillips, Commissioner of Precinct No. 3; W. A. Allcorn, Commissioner of Precinct No. 4, being present, came on to be considered the petition of H. Black and fifty-six other persons, praying that bonds be issued by Road District No. 15 of Milam County, Texas, in the sum of \$10,000, bearing 5% per cent rate of interest maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District No. 15 of Milam County, Texas; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 15 of Milam County, Texas; and

It further appearing that said Road District No. 15 of Milam County, Texas, has been duly established by an order of the Commissioners' Court of Milam County, dated the 14th day of February A. D. 1919, of record in Book 6, Page 484, of the minutes of said court, and the boundaries thereof are herein described as described and defined in the order of the Commissioners' Court establishing such district, as follows, to-wit:

Beginning at the S. W. cor. of the Monroe Edwards League for the S. E. cor. of this said cor. being on the west bank of the Brazos River from which a Cottonwood 24 in. in dia. marked K hrs. N. 26 E. 14 vrs. and a Box Elder marked X hrs. S. 76 W. 9 1/2 vrs. Thence with south line of the said Edwards League S. 60 W. 88 90 vrs. to a point where said line crosses the center of the Harris Creek for cor. of this from which a P. O. marked X hrs. S. 81 E. 11 vrs. and a P. O. marked X hrs. N. 51 W. 7 3/4 vrs. Thence up said Harris Creek with its meanderings to a point where the said creek crosses the south line of Susie Butts 100 acre tract of land in the J. P. Jones survey for a cor. of this, said cor. being N. 24 W. 2960 vrs. from the last above mentioned cor. from which a P. O. marked X hrs. N. 45 W. 10 vrs. Thence S. 60 W. 2052 vrs. to cor. in west line of Jones League from which a Mesq. hrs. N. 14 E. 25 vrs. Thence with the dividing line between the said J. P. Jones and Lewis Lamos surveys S. 30 E. 140 vrs. to rock for cor. Thence S. 19 E. 1206 vrs. to rock for cor. from which a P. O. hrs. S. 1 1/2 W. 4 vrs. Thence N. 71 W. 1600 vrs. to cor. in the dividing line between the Lewis Lamos and J. K. Tyler survey, from which a Mesq. hrs. S. 44 W. 9 vrs. Thence with the dividing line between said survey S. 19 W. 240 vrs. to stk. for cor. Thence N. 71 W. 1050 vrs. to cor. from which a P. O. hrs. N. 25 E. 6 vrs. Thence N. 71 W. 255 vrs. S. 19 W. 80 vrs. Thence N. 71 W. 1270 vrs. to cor. in dividing line between the J. K. Tyler and W. H. Walker surveys. Thence with said dividing line S. 19 W. 100 vrs. rock for cor. from which a P. O. hrs. S. 76 W. 11 vrs. Thence N. 71 W. 820 vrs. to stk. from which a Mesq. hrs. N. 66 E. 5 vrs. and a P. O. hrs. S. 26 W. 12 vrs. Thence N. 19 E. 100 vrs. to rock for cor. Thence N. 71 W. 1740 vrs. to the S. W. cor. of this at the junction of the Cameron and Clarkson Public Road with the Cameron and Jones Prairie Public Road, said cor. being the S. W. cor. of the C. A. Booker 58 acre tract and in the W. line of the W. H. Walker league. Thence with said W. line N. 19 E. 750 vrs. to the S. W. cor. of the P. L. Bergum 103 acre tract. Thence S. 71 E. 340 vrs. to stk. for cor. Thence N. 19 E. 903 vrs. to cor. in north line of said Bergum tract. Thence S. 71 E. 298 vrs. to the S. E. cor. of the M. Schwarting 50 acre tract. Thence N. 19 E. 1335 vrs. to the N. E. cor. of the Julius Lorenz 123 acre tract. Thence N. 71 W. 226 vrs. to the S. E. cor. of the William Kohring tract. Thence N. 19 E. 1026 vrs. to the N. E. cor. of said Kohring tract, said cor. being in dividing line between the W. H. Walker and A. Frazier surveys. Thence with said dividing line S. 71 E. 1335 vrs. to stk. for cor. Thence N. 60 E. 570 vrs. to stk. for cor. Thence N. 30 W. 1808 vrs. to cor. in north line of said Frazier survey. Thence N. 60 E. 1238 vrs. to the N. E. cor. of said Frazier survey, said cor. being in the west line of the J. J. Whitesides survey. Thence N. 30 W. with said west line 1351 vrs. to stk. for cor. from which an Elm hrs. N. 44 E. 16 vrs. Thence N. 60 E. 1678 vrs. to rock for cor. Thence N. 30 W. 1081 vrs. to stk. for cor. from which a double Elm hrs. N. 26 W. 16 vrs. Thence N. 60 E. 628 vrs. to stk. for cor. Thence S. 30 E. 703 vrs. to rock for cor. Thence N. 60 E. 1401 vrs. to rock for cor. from which a Mesq. hrs. N. 11 E. 6 vrs. Thence N. 30 W. 703 vrs. to stk. for cor. from which a wild wild china hrs. S. 66 E. 5 vrs. Thence N. 60 E. 468 vrs. to cor. from which a Mesq. hrs. S. 45 E. 4 vrs. Thence N. 30 W. 1602 vrs. to cor. in north line of said Whiteside survey, from which an Elm hrs. N. 54 W. 21 vrs. and a blackberry hrs. N. 72 E. 11 vrs. Thence N. 60 E. 431 vrs. to cor. in Pond Creek. Thence down said creek with its meanderings to the N. E. cor. of the John Stewart tract of land, said

cor. being N. 88 E. 6220 vrs. from the last above mentioned cor. Thence S. 30 E. 1200 vrs. to the dividing line between the BBryan Wickson and J. Walters League from which a P. O. hrs. S. 26 E. 11 vrs. Thence with said dividing line N. 60 E. 1760 vrs. to a point where said line crosses the Port Sullivan and Waco Public Road. Thence with said public road S. 19 W. 250 vrs. S. 4 E. 600 vrs. S. 20 E. 500 vrs. to a point where said line crosses the dividing line of the J. Walters league for a cor. of this from which a P. O. hrs. S. 46 E. 11 vrs. and a P. O. hrs. S. 51 W. 5 vrs. Thence N. 60 E. 3584 vrs. to cor. on the North Bank of the Brazos River for the N. E. cor. of this from which a cottonwood hrs. S. 88 W. 4 vrs. and a wild china hrs. S. 73 E. 2 vrs. Thence down said river with its meanderings to the place of beginning and containing:

Niles F. Smith survey, 4428 acres.
David Gallegier, 4428 acres.
Mathew Dunn survey, 1107 acres.
H. P. Kind survey, 320 acres.
Out of the J. Walters survey, 3600 acres.

Out of the Lewis Lomas survey, 538 acres.

Out of the J. P. Jones survey, 4120 acres.

Out of the A. Frazier survey, 837 acres.

Out of the J. J. Whiteside survey, 2564 acres.

Out of the Byron Wickson survey, 1200 acres.

Out of the Monroe Edwards survey, 3750 acres.

Out of the W. H. Walker survey, 1425 acres.

Total, 28,317.

It further appearing that said district does not embrace any part of a political subdivision or defined road established and has issued bonds which are now outstanding and unpaid.

It is therefore considered and ordered by the court that an election be held in said Road District No. 15 of Milam County, Texas, on the 22nd day of May 1920, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 15 of Milam County, Texas, shall be issued in the amount of \$10,000, bearing 5% per cent rate of interest, and maturing at such times as may be fixed by the Commissioners' Court serially or otherwise, not to exceed thirty years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this county, and who are resident property taxpayers in said Road District No. 15 of Milam County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballot the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling place and presiding officer of said election shall be respectively as follows:

At Jones Prairie, with B. F. Stidham as Presiding Officer

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in a newspaper published in the county, there being no newspaper published in said district for four successive weeks before the date of said election and in addition thereto, here shall be posted othr copies of this order at three public places in said Road District No. 15 of Milam county, Texas, for three weeks prior to said election.

The county judge is hereby direct-

ed to cause said notice to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this court.

A true copy I certify.
51-4t W. G. GILLIS,
County Judge, Milam County, Texas.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the Salts from any good drug store here, take a tablespoonful in a glass of water.

Special Features Henderson Front Laced Corsets

No. 1—The better models have a flexible top clasp which relieves pressure over the bust.

No. 2—A ventilated tongue under the lacing which prevents the protruding of the flesh or clothing.

No. 3—Elastic sections and goes inserted in the corset skirt comfortably adjust the corset to every body motion.

No. 4—A ventilated section in back made of a soft mesh material which relieves all pressure of heavy boning or bulky seams over the spine so objectionable in some front laced models.

Henderson Front and Back Laced Corsets

Are designed for all types of figures. They are Stylish, Comfortable and Serviceable.

We invite you to inspect the season's newest models.

Triggs Dry Goods Co.

er before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

PRESENTED WITH CAR

Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, is the proud owner of a new Chevrolet touring car, the gift of his friends and members in the church. The car was purchased from the Daugherty Motor Company, local distributors for the Chevrolet car.

C. H. Carringer, division freight and passenger agent of the Santa Fe railroad at Waco, was in Cameron Friday of last week in the interest of the company. He was the guest of H. C. Keith, supervisory agent for Santa Fe in Cameron. While here Mr. Carringer attended a meeting of the Cameron Commercial Club.

Tuesday night's audience mystified

**Tries vainly to detect difference between voice of famous soprano and
RE-CREATION by Edison's new phonograph**

Those present at Cameron High School Auditorium last Tuesday night saw Betsy Lane Shepherd walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Home, Sweet Home. Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Shepherd's voice, yet Miss Shepherd was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Shepherd's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken last Tuesday

night at Cameron High School auditorium by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Cameron were invited to pass judgment. No Test could have been more exacting.

Miss Shepherd made comparison after comparison. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

THE NEW EDISON

"The Phonograph With A Soul"

The instrument used in Tuesday night's Tone-Test is the regular model which sells for \$285 [in Canada, \$431]. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustain-

ing this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present last night. Learn the amazing truth. Then come in and let us prove it personally to you.

AMONG THE CHURCHES

INTERCHURCH MOVE MEETING IS HELD

PRESBYTERIAN CHURCH IN CAMERON HOST TO TEAM REPRESENTING WORK

The Interchurch team arrived on Monday night and held an all day session at the Methodist church.

C. E. Robinson of Port Arthur, was the team leader. He was assisted by Mrs. B. E. McMaster of Fort Worth, and Rev. A. A. Leifeste of Brenham.

The significance of the movement was discussed and a great many facts put before us as to what had been done and what is to be done. The various departments of our church life the movement is fostering were spoken on. Some of these were, Spiritual Resources, meaning by this prayer, family worship, and evangelism. There was the Stewardship plans of the Interchurch. There was Life Enlistment. Few of us realize how many workers are needed to carry on the work. Not hundreds but multiplied thousands of young people must offer themselves if the work is to be done. There was the Department of the Missionary Education, and in the report of the surveys of this land and of all the foreign lands we had something of the sort of missionary information the movement is trying to get before the people.

In the evening there was an address by Mrs. McMaster on Woman's Work, followed by an illustrated lecture. We are appalled by the task before us but after looking on the ability

we have no one of us can truthfully say that it is impossible if we will take hold of it.

Not a great many people came out for any of the service. Those who came and stayed were repaid for the time they gave. It was an opportunity to see first hand what the Movement stands for. More of us ought to have come and learned.

The cool weather made having a lunch in the park impractical, but a company brought their baskets and with the visiting team a very delightful time at noon in the Sunday School room at the Methodist church.

H. R. MacFADYEN.

ATTENTION! VERY IMPORTANT!

To all Methodists take Notice!

The Water Color of the proposed new Methodist church will be displayed for the first time at the eleven service next Sunday morning. The last Board of Stewards meeting with all present but members, decided that the time had arrived to take some steps toward the building of a new church. The Architect was requested to draw up a floor plan and make a Water Color which he had done. Come and see how you like it. Get ready to dig up for that comes next. There will be no collection Sunday, but you will be able to get an idea about what you will have to do in order to have a building equipped for modern church work.

The subject Sunday morning will be "Temple Scenes" and in the evening it will be "The Essence of Christianity." The hours of service are as follows. Sunday School, 9:45 a. m., Preaching 11 a. m., Senior and Intermediate League separately 6:45 p. m., and Preaching again at 7:45 p. m.

CHRISTIAN CHURCH

Beginning next Sunday morning, May 2nd, we will have a few days' revival meeting. Brother J. A. Mason, Pastor of Marlin church, will arrive Monday evening and will assist in the meeting.

A cordial invitation is extended to all.

R. E. ROBERTS, Pastor.

PRESBYTERIAN CHURCH

On last Sunday we began on our every member canvass but have not yet been able to finish. We have good hopes that when we report on Sunday morning that we will be able to say that we have gone over the top and raised all necessary funds for our local expenses, and all for outside causes and will have our own Foreign Missionary.

After the morning service the congregation will meet for the purpose of electing two new deacons. We hope to have all our people out.

H. R. MacFADYEN, Pastor.

NEXT SUNDAY AT THE BAPTIST CHURCH

Services next Sunday as follows: Sunday School at 9:30; Junior and Senior Unions at 6:45 p. m.

At the morning hour of worship, the Lord's Supper will be observed. Our membership, especially, is urged to be present.

At the evening hour, the pastor will speak on the subject of the **Modern Dance**. You are assured in advance, that the discussion of this subject will be sane, dispassionate, and informing. All young people of our city, who may or may not dance are cordially invited to hear this discussion. Fathers and mothers are asked to come with their children.

The Junior Choir will furnish music

for the evening service.

B. B. BLAYLOCK, Pastor.

COMPLETE EQUIPMENT ESSENTIAL TO OWNERS

"An automobile must be fully equipped if it is to satisfy completely," says E. A. Flinn, Manager Daugherty Motor Co., local dealer in Chevrolet passenger and commercial cars.

"In addition to economical and dependable transportation, the up-to-date car must afford every comfort and convenience.

"The average automobile is in active service most of the time. At work or leisure the owner is in and out of it a great deal. He spends

in it on long trips. He wants to enjoy the utmost ease in riding. He wants to be prepared for all conditions that arise from its use.

"In the first place an electric starter is required to save time, effort and gasoline.

"An efficient lighting system is essential—electric lamps, adjustable to the driver's vision and independent of the variations of the motor. On them depend the comfort, security and pleasure of night driving.

"A speedometer, too, is important. It is really the driver's time-table indispensable to motor travel.

"There is not only comfort but protection in a properly tilted and adjustable windshield. The same is true of a well made top with its snug fitting

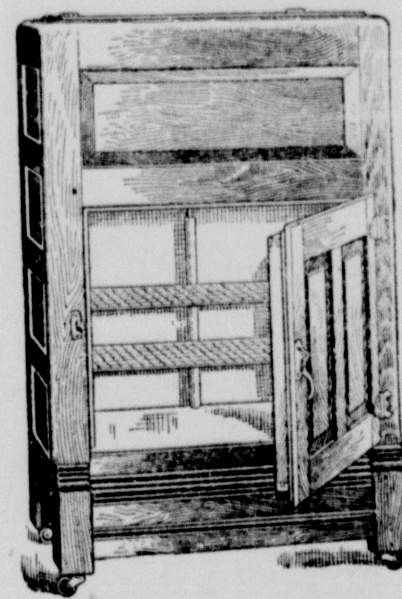

side curtains.

"An extra rim and carrier and complete tool equipment including pump and jack are necessities.

"No car is complete without these features. The experienced owner has come to depend upon them in the use of his car. The manufacturer can supply them more easily and for less than the individual can buy them. They should be included in the purchase price."

When your breath is bad, appetite poor, and you feel "blue" and discouraged, you need Herbine. One of two doses will set you right. It is a great system purifier. Price, 60c. Sold by Pace-Marshall Drug Co.

Summer Time Needs In FURNITURE

Gurney Refrigerators

When you buy a GURNEY REFRIGERATOR you have invested your money in one that will give satisfaction. The one made right, finished nicely, medium in price compared with many other lines. A good refrigerator will soon pay for itself. See our line of GURNEYS before you buy.

TEN YEAR OLD GIRL DROWNED IN RIVER

LUCILE ROUSE SWEEPED TO DEATH
IN STREAM NEAR CITY OF
THORNDALE

All Thorndale mourns with Mr. and Mrs. H. M. Rouse, whose home is desolate over the death yesterday, by drowning of their precious, bright little daughter, Lucile, which occurred about 2:30 o'clock in the afternoon, near Salty crossing on Turkey Creek. Mrs. Rouse and Lucile and Mr. and Mrs. Wilford Wilson and children, Howard and Eloise, and little Hilmer, Swenson had gone down on the creek to enjoy a picnic, on account of San Jacinto day, and after lunch, Lucile Howard and Eloise were wading in the creek, when Lucile stepped into a deep hole, and in trying to pull her out Eloise was drawn in also. Howard then ran to their rescue and was also pulled into the deep water and carried under. Mesdames Wilson and Rouse then called Mr. Wilson, who had gone off about 150 yards to take a nap. He hurried to the scene as quickly as possible, and was just in time to get his little girl, who was just going down for the third time, little Lucile Rouse having sunk before he reached the creek.

Being able to swim a little, Howard Wilson had managed to extricate himself from the girls and swan out. As soon as Mr. Wilson had secured the safety of Eloise, he began diving for the body of Lucile, and when he had about become exhausted found her about ten feet down the stream from where she had gone down, the little life having already been crowded out by the cruel waters.

The body was rushed to the home of Dr. Crockett, where for an hour or so everything that was possible was done to revive the little girl, but all in vain.

Little Lucile was a bright, sweet child, ten years of age, was in the fourth grade at school and Prof. Romark says was one of the brightest in the grade.

The funeral, conducted by Rev. P. H. White of the Methodist church, was held at the First Baptist church this morning at 11 o'clock, and the service was inadequate to accommodate the host of friends of the family who came to pay a last tribute to the memory of this lovely child. Following the funeral the remains were taken to Pleasant Hill cemetery and laid to rest. Thorndale Champion.

**Says Tanlac Has Overcome His
REV. A. J. VALLERY
MAKES STATEMENT**

Troubles and He Feels Like a
New Man

"I feel that it would be helping others to tell what Tanlac has done for me," said Rev. A. J. Vallery, living at 834 Chelsea Ave., Memphis, Tenn.

"About three years ago," he continued, "I had a general breakdown that made me very nervous. I had a sour stomach and would spit up undigested food. The pains in my stomach hurt so at times that I thought they would kill me. I also suffered with rheumatic pains in my joints and my kidneys were in so bad shape, my sleep was poor and I felt so tired all the time that I could not do my work."

"Since taking Tanlac I have been relieved of indigestion and those pains are all gone. My kidneys don't trouble me any, I am not nervous like I was and I can sleep fine every night. My strength and energy have been restored and I feel like a new man."

"Tanalac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

Choice alfalfa for sale at the Oil Mill.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

MILANO NEWS

By Chas. Howes.

Milano, Texas, April 26.—We had a tent show all last week in Milano.

Mr. Thos. Hobson of Marlow, was in Milano on business last Friday.

Hon. Oscar Kidd made a political address Saturday afternoon.

It has rained enough to lay the dust.

School will be out in another week. There are five graduates from Milano High School this year: Misses Mary and Verna White, Ara Lee Corbett and Virgie Butts.

COUNTY COURT

THE STATE OF TEXAS

To the Sheriff any Constable of Milam County—Greeting:

You are hereby commanded to summon the unknown heirs of John Chance and the unknown heirs of Annie Price, wife of George Price by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 3rd day of May 1920, the same being the First Monday in May 1920 then and there to answer a petition filed in said court on the 6th day of April 1920, a suit numbered on the docket of said court No. 8163, wherein D. A. Chance is plaintiff and the unknown heirs of John Chance and the unknown heirs of Annie Price are defendants, said petition alleging: That he is the owner and in possession of certain lot or parcel of land, lying and being situated in Milam county, Texas to survey and particularly described as follows, to-wit:

Beginning at a Mosquito Mrs. Sarah Norman's S. E. corner and the S. E. corner of this survey. Thence N. 70 W. 335 vrs. to a stake for S. W. of this survey from which a Mesquite bears N. 23 E. 8 vrs. Thence N. 20 E. 760 vrs to a stake for N. W. corner of this survey. From which a Box Elder bears N. 22 W. 5 vrs, and a Mulberry bears S. 76 W. 9 vrs. Thence S. 70 E. 335 vrs. to a stake for N. E. corner of this survey in Mrs. Sarah Norman's original East Boundary Line from which an Elm bears N. W. 7 vrs. Thence S. 20 W. 760 vrs. with said East Boundary Line to the place of beginning, containing 45 acres of land.

That he obtained said land, by devise from his mother who acquired the same during the life time of her husband, David Chance who died intestate and that John Chance and An-

nie Price were children of said David and S. E. Chance and each of them died intestate leaving surviving children which facts cast a cloud upon plaintiff's title. That plaintiff claims title to said land, by purchase and by ten years limitation and he prays for judgment, removing cloud from title and quitting same, for title and possession and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this the 6th day of April A. D. 1920.

PENN WOLF,
Clerk of the District Court, Milam County, Texas.

LITTLE CHILD KICKED BY A MULE AT CONOLEY.

Dr. L. L. Lee was hurriedly called to Conoley Monday morning to see little Gertrude, the daughter of Mr. and Mrs. W. A. McDaniel, who had been kicked by a mule, and thought to be dangerously hurt. The little lady, about four years old, had followed her father to the lot, and in some way got too close to the animal, being kicked in the side. Mr. McDaniel was in town Tuesday, and stated that little Gertrude's injury was not serious, and that she was getting along all right.—Thorndale Champion.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

NEW OIL DRILLING MOVE IS NOW UNDER HEADWAY

A mass meeting of the land owners north of Milano was called for by the Commercial Club Tuesday night for the purpose of considering the leasing of their lands in a block for an oil drilling company that seems very anxious to get to work on the northern limits of town. Each land owner received notice by mail of the meeting and a good attendance was present. The land un-

der lease negotiations lies north and northwest of town, and a number of oil geologists have lately been looking the ground over and were surprised at the wonderful oil indications that are exposed to the scientific eye. The rocky ridge formation running from southwest to northeast across the town limits seems to have attracted the geologists' attention more than anything, and their idea is that drilling should be done somewhere north of this ridge which is supposed to have been caused by a

gas upheaval in ages past. At the meeting Tuesday night good results and some headway were made by land owners signifying their willingness to lease their land in a solid block and it will require some time to get these leases prepared and other necessary papers to the satisfaction of the oil men and also the land owners.—Milano Gazette.

Buy your bright alfalfa at the Oil Mill.

More Outlets--- MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more.

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any appliance without the bother of removing light bulbs, or to use two appliances at the same time if desired.

THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Bureau of Education, Department of the Interior.)

The Enchanted Princess Who Lives in Every Garden

"The next morning she was nowhere to be found. All the world was searched for her, but no one had seen anything of the beautiful Princess. People said she was too beautiful and too good for the earth, and so was spirited away to some enchanted land where beauty never fades. But they said that she would come back some day.

"Now, the Princess, you know, was, at heart, really good, and really beautiful, in spite of her one great fault. Now, real goodness and real beauty can never be killed no matter what happens.

"Therefore the little Princess kept her real beauty in her wonderful eyes, and her real goodness in her wish to do good for the love of others. She was very lonely with no one to praise her, and no one to see her real beauty, hidden in her ugly form, and no power to do any good for anyone. She was so used to being seen and praised that she missed that pleasure very much. But, worst of all, was the thought that she could not do good any more. She felt so little and helpless.

"Once a lively little boy ran through the garden and chased the Enchanted Princess, and caught her somewhat roughly in his hand. Her old pride rose up in horror that she had been a Princess should be treated this way.

"So, a sort of stinging juice broke out on her, and made the boy's hand smart so that he let her drop. Then she was ashamed of her pride. The boy called it a 'stinging juice,' but his teacher said the 'Toad's glands had secreted an acid fluid.' But, anyway, Garden Lady, I'm sure you'll understand. And the little enchanted Princess was ashamed of her pride, because she thought that if she had not hurt the boy with the 'stinging juice' that perhaps he would have taken her home. You see, she wanted a chance to do some good.

"Then the Spirit of the Garden came to the little princess. She came just at the moment which is neither night nor day. She was as beautiful as if all made of flowers and fruits, and her robe seemed woven of the pink cloudiness of an apple orchard in bloom.

"'Little Enchanted Princess,' she said, 'You still want to do GOOD? I will tell you how. There are creeping and flying, and biting, and sucking enemies that harm my Garden Babies. You may keep the gardens clear of these.'

"So the Enchanted Princess watched in the gardens for the enemies of the Plant Babies. She selected a good location, partly buried herself in the soil and sat quietly until an enemy insect came by. Then, quick as a

flash, the little Enchanted Princess shot out her sticky tongue, struck the insect, and pulled it quickly inside her jaws. You see, the thick, ugly skin of the toad so protected it that birds and animals left it alone.

"Thus the gardens grew more lovely every day, with their flowers and fruits, and beautiful vegetable creatures all protected by the efforts of the little Princess.

"Still she was lonely, for there had been a Prince who loved her. He always felt that she would come back, and he often walked in the palace gardens dreaming of her."

"One evening, just at the time that is neither light nor dark, he sat down to rest on the marble bench beside the fountain.

"The little Toad Princess saw him, and, hopping out of her hiding place, sat down very timidly close to his sandaled feet. He felt there, but he was careful not to move, for fear of frightening the little creature, because he was very gentle, although he was very brave. He looked down straight into the wonderful eyes, and then it seemed that he could not take his eyes away from those eyes, for they reminded him of his lost princess.

"As he looked and looked, tears seemed to tremble in the toad's beautiful eyes, and the tears seemed to change to a white mist, which rose and shaped itself into a lovely form. It was his Princess, dressed all in softest white, with a girdle of rich, glittering jewels. Her dark hair, floating away from her lovely face, fell far below her waist and seemed to mingle with the twilight shadows. Her eyes were very sweet and sad, yet full of a far-away hope. She asked, oh, so earnestly, to be allowed to speak to him, and was allowed. She told him all her story.

"The Prince cried out then: 'Oh, Spirit-of-the-Gardens, let me be like my Princess and live with her in the garden and keep it clear of things that harm the Plant Children.'

"His request was answered. He was a great Prince, and he might have been a great king with people to wait on him and praise him. He was a handsome prince, with fine clothes to wear and fine palaces to live in, but he chose to be a humble toad and work with his Princess for the good of the gardens.

"So the years went on and on, and the children's and great-great-ever-so-great grandchildren of these two spread all over the world.

"Now, wherever there are gardens, these creatures are happy in living their lives and carrying on their work.

"Now, Garden Lady," said the little toad, "I am one of those great-great-ever-so-great grandchildren. Tell the soldiers of the United States School Garden Army to look out for us, for we are on their side. We are glad to be in the garden army ranks in the effort to help the whole world. We see better and better times coming. It is whispered in the garden world that when all people are good-for-the-sake-of-goodness and not for the love of self, when there are no princes and princesses in worldly rank and all people are simple, kind and humble, then our beautiful great-great-ever-so-great grandmother may come back to her first lovely form.

"Indeed, she will be more beautiful than ever, because she will no longer be proud and she will no longer think only of herself. But that does not matter really, for in that day our true beauty will be enough. This was the use of our great-great-ever-so-great Grandmother's ADVERSITY and of our hard times. We have learned the True Goodness and the True Beauty."

When the Garden Lady had finished the story that was told her by the little toad, Big-Sister-Peggy softly repeated the words that she had first spoken about to the Garden Lady. She said—

Sweet are the uses of adversity, Which, like the toad, ugly and venomous, Bears yet a precious jewel in its head.

Tommy Thoughtful was the first to suggest that every garden soldier should have an enchanted prince or princess in his or her garden. If there is no little brown toad in your garden, you will surely find one along the roadside. Lift it gently up and take it home with you. It will do no harm to have several of them fighting your garden battles for you.—By Ethel Allen Murphy.

The End.

UTILIZE YOUR SPARE MOMENTS

Why not use your leisure time wisely? What have you gained from your spare time the past year? In every city, town and community in our great Union, some ambitious persons are studying by correspondence, are climbing upward, while their associates are standing around the foot of the ladder of success. Already thousands too busy or too poor to attend college are finding education at their door; already they are studying, mastering, succeeding. We are as near to you as your mail box. An hour a day for three months devoted to one of our courses will make you stronger, wiser, better fitted to cope with the world and wrest success from her hands, success which can be won only by those who are trained in their work.

The demand for trained office assistants, bookkeepers, stenographers, telegraph operators, is now greater than ever before, and salaries are in proportion to the demand. We are teaching, under our Money-Back Guarantee Plan, and have for years successfully taught by correspondence thorough courses of Bookkeeping, Shorthand, Typewriting, Telegraphy, Grammar, Spelling, Arithmetic, Business Law, Penmanship, Salesmanship, Advertising, etc. In a few months time, without interfering at all with our present employment we can equip you for a position as a trained office worker, and your income never ceases during the period of training. When you have completed a course of far better salary than you are now receiving. This is the age of specialization; the trained man gets the big salary.

The advantages of a correspondence course are in part as follows: Less cost, not one-sixth of that required to attend school. No lost time or salary. You "earn while you learn,"

save your leisure time that would otherwise be wasted. Make just as much salary as if you were not studying at odd times. You study at home, —the education comes to you. Three months free use of a standard typewriter is given with full shorthand course. If you decide when partly finished to enter for personal work you may do so without paying additional tuition.

For complete information as to our courses fill in and mail the coupon below for large free catalogue.

MENDENHALL'S CHILL AND FEVER TONIC CURED AFTER THE DOCTOR'S MEDICINE FAILED

"Nocatee, Fla., 9-9-1917. The doctor gave up our baby boy to die of malarial fever and bowel trouble. Mendenhall's Chill and Fever Tonic cured him in the last stage after the doctor's medicine failed. Praise the Lord for such a medicine; would to God that all mothers knew of its merits. I can recommend the medicine to all whom it may concern to be the best medicine that was ever made. Our babe was teething and had bad bowel trouble and fever."—O. J. Tooke. The foregoing is a sample of unsolicited letters we receive from grateful fathers and mothers. For sale by Avera's Drug Store.

Choice alfalfa for sale at the Oil Mill.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

The lasting friendships made by

MAXWELL

are due to fine steels

You never forget the lasting qualities of fine shoes, fine gloves, or fine furniture. They linger in your memory.

So it is with a Maxwell. The lasting friendships for this remarkable car multiply day by day.

These are friendships built upon steels, fine steels.

Steels that equal, pound for pound, those in any car built.

They are steels that make possible that wonderful combination of light weight and great strength.

For a Maxwell is built to be light in weight. A light car means economical transportation—if its steels stand up.

Therefore, only those steels that are of brute strength combined with quality go into a Maxwell.

That means paying the very top price for its steels.

But it has earned ever-increasing friendships for Maxwell.

It has given impulse to Maxwell sales. It has spread all over the world ready acceptance for Maxwell.

Reduced to figures, it shows nearly 400,000 Maxwells now in operation. 100,000 more in 1920.

Yet this number will supply but 60 per cent of the demand.

CAMERON STUDENTS AT THE UNIVERSITY

Austin, Texas, April 29.—The honor roll for the academic, educational and engineering departments of the University of Texas for the winter term contains the name of six students from Cameron, and one from Ben Arnold.

This honor roll takes into consideration both the quantity and the quality of the work of the students. In computing the scores of the students, an A is counted 12, a B as 9, a C as 6, and a D as 3. Practical courses, which run in thirds and are counted

Reese league in Milam County. Lease to remain in force for five years.

J. H. Tyler to A. D. Morton, \$197.25; 263 acres out of the J. H. Harris league. Lease to remain in force for five years.

W. L. Locklin to A. D. Morton, \$37.50; 5 acres out of the Wm. Pharris league in Milam County.

Jim Miligan to A. D. Morton, \$53.25; 71 acres out of the Wm. Isaacs league in Milam County. Lease to remain in force for five years.

E. C. Persky to A. D. Morton, \$60; 80 acres out of the James Reese grant in Milam County. Lease to remain in force for five years.

C. A. Doss to A. D. Morton, \$84; 110 acres out of the James Reese grant in Milam County. Lease to remain in force for five years.

proportionately; for example, a B made in chemistry 411, which is a four-thirds course, counts four-thirds of 9, that is 12, in the computation. To make the honor roll, a score of 45 is required in the case of a freshman and a score of 51 in the case of an upperclassman.

Upperclassmen making a score of 65 and above are among the best one per cent of students; freshmen making 61 and above, best two per cent; freshmen, 60, best two per cent; upperclassmen, 60, best three per cent; freshmen, 55-59, best three per cent; upperclassmen, 57-59, best four per cent; freshmen, 54, best four per cent; upperclassmen, 54-56, best five, six and seven per cent; freshmen, 49-53, best five, six and seven per cent; upperclassmen, 51-53, best eight, nine and ten per cent; freshmen, 45-48, best eight, nine and ten per cent. The grades were higher this term than last, and upperclassmen make higher grades than freshmen.

The students from Cameron are: Marvin Wise McClendon of Ben Arnold, among the best one per cent; Henry Hyttl Hammer and Annie Laurie Middleton, among the best three per cent; Florence Gill and Jay Dean Howell, among the best four per cent; Lola Greer among the best 8-10 per cent.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the Medicine line.—adv.

BAND MASTERS FORM STATE ORGANIZATION

J. N. CRAWFORD OF CAMERON IS SECRETARY AND TREASURER OF NEW BODY

Waxahachie, Texas, April 21.—Waxahachie was host today to the organization meeting of the Texas Band Masters' Association and at the same time paid tribute to J. E. King, leader of the famous Lone Star Band of this city, who has resigned to head a new band at Eastland. The Lone Star Band is one of the institutions in which Waxahachie's citizenship takes greatest pride, and during the five years of his leadership Mr. King has been largely responsible for its development.

Seven band masters from North and Central Texas cities attended the meeting, starting a movement which is expected to spread over the State, having for its purpose the encouragement of local bands and musical organizations. Besides the Waxahachie band, the full bands from Maypearl, Midlothian and Grandview were here today for the celebration and meeting, and there were also large representations from Ennis, Corsicana, Cleburne and Cameron.

The day being also San Jacinto day, music and patriotism held full sway in Waxahachie, and the business houses of the city closed their doors this afternoon, both because of the holiday and as a tribute to the Lone Star Band. That band is the official band of the Texas Rotary Club and of the Texas Confederate Veterans, having attended the conventions of both National organizations, and now the band is seeking the place of official band for the International clubs.

Band Master Organize
The day's program was opened with a special meeting at the Lone Star Band's hall. Mr. King, director of the Waxahachie band, called the meeting to order as temporary chairman, making a talk on the benefits derived from a band leaders' association. Others present spoke along similar lines and the Texas Band Masters' Association was formally organized, the purpose being to "promote the interests of bands and band masters in the State and to set a standard for bands that will put them on a business and a musical basis."

J. E. King of Waxahachie was elected president and J. N. Crawford of Cameron secretary-treasurer. A

resolution was adopted making all band masters accepted for membership within the next thirty days charter members. Plans were made for a big band reunion each year on San Jacinto Day in some Texas city, to promote interest in bands and also in Texas patriotism. The reunion today, it was declared, will prove but a small start in this direction. Those King, Mr. Crawford EETA OAA AR attending the meeting were Mr. King, Mr. Crawford, Charles Parker of Waco, Conway King of Maypearl, Ralph Beck of Midlothian, O. E. Hale of Grandview and Admire Lewis of Cleburne.

Following the business session Mr. King entertained the visiting band masters at luncheon, at which one of the features was a menu prepared by Mr. King, with sixty musical titles woven into the menu and program. In a guessing contest as to the number of such titles, Mr. Crawford won the prize.

Massed Concert Given
The visiting bands paraded Waxahachie's streets and then went to Getzendaner Park, where a massed concert of all the visiting bandmen was held. Mr. King leading one-third of the time, Mr. Crawford one-third of the time and Mr. J. C. Trimble of Corsicana one-third. The Waxahachie Chamber of Commerce entertained all of the visiting bandmen at supper at the park, and then a band concert was given at the park at 7 o'clock, led by the Waxahachie Spring Musical Festival at the Methodist auditorium.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headaches, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. S.C.
Made and recommended to the public by Parls Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless Chill Tonic.

HENRY FORD STARTED ON TRACTOR 15 YEARS AGO.

On February 19th at 9 a. m. Fordson tractors Number 100,000 left the assembly line in the Fordson Tractor Plant at Dearborn, Michigan, slightly less than two and one-half years after number one was completed. And here again has Henry Ford set a new high record in the manufacture of farm tractors via the quantity production route.

Although the Ford interests are very recent entrants in the ranks of the tractor manufacturers, yet Henry Ford really built a tractor—of the steam type before he started work on first gas car. And incidentally that tractor and the first car, still in very good running condition, and Mr. Ford occasionally demonstrates both to visitors at his farm in Dearborn.

Some fifteen years ago Mr. Ford began work on what has come to be the Fordson. This tractor was really a Ford Car equipped with special wheels and included of course some mechanical changes. By 1919 he had a workable tractor; it plowed, harrowed, and did much other work on the farm. Then ensued nine more years of Experimental work before the first tractor was put on the market.

Fordson tractors are now being assembled at a rate of 350 daily at Dearborn, 100 at the St. Louis Assembling Plant, and it is estimated that within a short time the Des Moines Branch will be in operation. There is also an assembling plant in Cork, Ireland.

ANNOUNCEMENTS

The following announcements for election to office are made subject to the action of Democratic Primaries to be held in July and The Herald is authorized to publish the candidacy of those whose names appear below:

For Congress:

HON. RUFUS HARDY.

For County Attorney:

A. J. LEWIS.

For Tax Assessor:

DICK CLARK.

For Tax Assessor:

MISS LEILA WOOLLEY.

(Re-election.)

For County Treasurer:

R. TODD.

(Re-election.)

THE STATE OF TEXAS, County of Milam.

Notice is hereby given that an election will be held on the 29th day of April 1920 at San Grove School House in Common School District No. 27 of this county as established by order of the county board of trustees of date the 22nd day of February, 1920, which is of record in book designated Record of School Districts, on page 39 to determine whether a majority of the legally qualified property taxpayers voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$1000, the bonds to be of the denomination of \$50 each, numbered consecutively from one to twenty, both inclusive, payable serially in 20 years from their date, and bearing 5 per cent interest per annum, payable annually to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material, and purchasing a site therefor, within said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and county and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words:

"For the Bonds."

And those opposed shall have written or printed on their ballot the words:

"Against the Bonds."

R. A. Hairston has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county by order made on the 24th day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 24th day of March A. D. 1920.

Unusual Value—In Tires for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health. . . I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

All Druggists

SPUD NEW WELL ON GILLILAND TRACT

ACTIVITIES AT ROCKDALE SHOW
BIG PREPARATION FOR OIL
DEVELOPMENT

(Rockdale Reporter.)
The oil situation for this week is very quiet, little or no new developments having been reported. Several rigs have been placed in the Tracy field and preparations are being made for spudding in. Quite a number of oil scouts have been circulating in and around Rockdale the past week, but no exciting lease purchases have been reported.

Through the courtesy of Mr. M. T. Skinner, manager of the Avo Oil & Refining Association, a Reporter representative and family were driven over the Tracy field Sunday afternoon, viewing the different wells and inspecting the large and small rigs that are being placed on locations. Several wells were trickling over the top and all were standing full of the liquid gold waiting for the time to be placed on the pump or run into pipe lines. For the first time this writer viewed with interest the method of harnessing several wells to one pump. This was on the T. S. Henderson farm this side of the little town of Tracy. On this place there are some twelve or fifteen shallow wells, and of this number we saw from three to five connected by rods to one large pump. There were several large storage tanks close by, each filled with oil ready for transportation to a refinery. We understand the product of these wells is being put on the market at \$5.10 per barrel.

As we go to press we learn from Mr. M. T. Skinner that their Gilliland No. 1 was spudded in this (Thursday) morning. The rig for this well has been on the ground for some little time but owing to a mistake in a shipment of tools the driller has not been able to spud in. The well is now starting down and barring accidents and other things over which the operators have no control, the drill will not be stopped until oil is reached. The bearing sands in this neighborhood are reached at from 350 to 500 feet and the drilling in of a well should not take more than two or three weeks' time.

The New York-Texas Oil & Gas Co. are pushing the erection of the derrick and are getting their rig in shape to commence work in the near future. This is the deep test to be made on the Joe Brown farm west of Rockdale. This location is only a short distance from the two gas wells on the Doss farm and local oil men are confident this test will prove a good one. This company will also develop their shallow holdings.

With the Texas-Oklahoma Petroleum Products Co., and the Davidson Creek Oil & Gas Co. on the southeast, the Underwriters Oil & Gas Co. to the south; the New York-Texas Oil & Gas Co. to the west and ten or twelve oil companies operating and preparing to operate north and northeast, practically surrounds the town of Rockdale with tests, and with the bringing in of the usual percentage of producers, places Rockdale in the very center of what is predicted one of the largest shallow fields in the State. Time will tell and the next twelve months should bring wonderful improvements in the town.

A bad sprain heals slowly if not treated with a remedy that has the power to penetrate the flesh. Ballard's Snow Liniment is especially adapted for such ailments. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace Marshall Drug Co.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

ANOTHER CAMERON CASE

It Proves That There's A Way Out
for Many Suffering Cameron Falls.

Just another report of a case in Cameron. Another typical case. Kidney ailments relieved in Cameron with Doan's Kidney Pills.

F. A. Mossley, farmer, 2nd St., Cameron, says: "Doan's Kidney Pills have been a standard medicine with me for many years. Several years ago I was right down and out with my back, and was in such a condition that I could hardly do a thing. My back ached all the time and my kidneys were irregular and the secretions contained sediment, that looked like brick dust and the passages were very painful. I tried several kinds of kidney medicine but the only kind that did me any good was Doan's Kidney Pills. They cured me of the attack. I am proud to recommend Doan's Kidney Pills for they are just what is claimed for them." 60c, at all dealers. Foster-Milburn Co., Mgrs., Buffalo, N. Y.

FEDERAL AID SECURED ROCKDALE ROAD

Federal Aid to Amount of \$11,000
Granted to Finish Rockdale-Mil-
nera Road

(Rockdale Reporter.)
Commissioner O. K. Phillips reports that federal aid has been obtained on the Rockdale-Milnera road. This aid, amounting to \$11,000, has been granted to cover the gap in this road from the forks to Milnera. This road constitutes part of the Sap Highway.

Mr. Phillips also states that Contractors Rice and Winder received a 3-ton grader Monday and took it immediately to the Milano road upon its arrival. This grader has a 12-foot blade.

The above mentioned contractors have also received a big Holt government tractor, which the County has turned over to them for use on the roads of this county. At present this tractor and grader are being used to finish up the work of grading on the Milano road. It is expected that this will be completed in the course of the week.

As soon as the Milano work is finished the grade will be used on the Kolb road across Brushy Creek. Graveling work is also progressing nicely. Jim Hamilton has started putting gravel on the Brushy bottom Kolb road. The graveling on the Holtzel road has been completed to the bridge from this side.

The latter part of last week the work on the Thorndale road was finished.

Mr. Phillips states that he is very well pleased with the progress of the road work. All roads that have been completed are of a quality not to be surpassed. C. B. Avery of the State Highway Commission, who was here last week, joined with Mr. Phillips commending Rockdale on the progress in road work and in speaking highly of the durability of the material used.

Banish Blood Sucking Insects
and keep your chickens immune from them by feeding INSECTIMUNE to your chickens. Your money back if not satisfied. Ask Geo. A. Thomas & Sons.

TEACHERS EXAMINATIONS

Notice is hereby given that on Friday and Saturday, May 7 and 8, there will be held an examination for all grades of teachers' certificates. The examination will be held in the Civil Service Room of the New Postoffice at Rockdale and the usual fee of \$2.00 will be charged each applicant.

The State Superintendent also notifies us that there will be a teachers' examination held each month for the balance of the year so that every teacher desiring to teach may have all opportunity of holding a certificate.

Schedule of Examination.
Friday Forenoon—Physical Geography, Physiology, Composition, Arithmetic, Literature, Solid Geometry.
Friday Afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry, Psychology, Book-keeping.

Saturday Forenoon—Spelling, Writing, Methods and Management, Civics Reading, Chemistry, History of Education.

Saturday Afternoon—United States History, General History, Agriculture, Algebra, Physics, Plane Trigonometry.

The examinations will commence at 9:00 a. m. and at 1:30 o'clock p. m. each day and applicants are required to be present promptly.

Yours very truly,
JIM F. CHADWICK.

OFFICERS OF COMMERCIAL CLUB MET MONDAY NIGHT

The Executive Board of the Milano Commercial Club held its regular weekly meeting Monday night at the Odd Fellows' hall with about 10 members present. Read matters were the principal subject discussed and Read Representatives W. O. Newton made a report on his trip to Austin where he appeared before the Highway Commission. Monday with several other parties from Cameron and Rockdale. He made a very favorable report on our Caldwell-Cameron highway and says that the State promised somewhere between forty and fifty thousand dollars to be used on this 19 miles of highway. The Milano road district to furnish a like amount and on which the Cameron people have agreed to do their part. The oil situation was also thoroughly agitated at this meeting and from information given out it seems that Milano is about to pop open soon with an oil scare that will attract statewide attention. The Commercial Club is going after business and if the Milano people will back it up it will produce some big results. The regular monthly meeting of the Club is held every second Monday night, while the officers, directors and the chairman of the various committees will meet every Monday night.—Milano Gazette.

An attack of heartburn or indigestion calls for a dose of Herbine. It relieves the distress instantly and forces the fermented food into the bowels. You feel better at once. Price, 60c. Sold by Pace-Marshall Drug Co.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine
"Bayer Tablets
of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c.

A FOOL AT 40

It is an old proverb that every man is either a fool or a physician at 40. Well, I fooled along for 40 years in the practice of pharmacy and the study of medicine and therapeutics before I discovered the wonderful prescription for Number 40 For The Blood. There is more of this wonderful prescription sold and used by the people of our home city than all other blood medicines combined. It is indicated in all depraved conditions of the system; in blood troubles, in sores, ulcers, eczema and skin diseases; in chronic rheumatism, catarrh, constipation, stomach, kidney and liver troubles. J. C. Mendenhall, Evansville, Ind., 40 years a druggist. "I suffered from 12 to 18 months with a nervous breakdown, said by physicians to be sciatic neuralgia, causing general toxic poisoning. Seeing your advertisement in the San Antonio Express, I called on Dr. A. M. Fisher, Druggist. He recommended Number 40 which I have been using for three months and I have received great benefit from it. Sleep well, good appetite, have gained several pounds, get up feeling fresh every morning. Have no pains. My nervous system has become nearly normal." Respectfully, J. L. Dupree, 1715 Common St., Houston, Texas.

DINNER AND PARTY AT THE WATT FARM

Miss Beatrice Rylander entertained all day last Friday at the home of her parents, Mr. and Mrs. R. B. Rylander.

A sumptuous dinner was served at high noon, after which all the delights of the farm life enjoyed and late in the afternoon Mrs. Rylander again refreshed the party by serving cream and angel food cake, and at a late hour they were brought back to Cameron in cars.

Those who were fortunate enough to be in the party were: Mrs. Lowe, Mary Sue Walker, Corrie Collins, Dorothy Blaylock, Ethel Collins and Catherine Atkinson.

WILTZ McCOWN ENTERTAINS

Mr. Wiltz McCown was host to a levy of his crowd at a dance and stroll party last Friday night, the lawn and porch were beautifully lighted and a Columbia furnished music for the dance.

The interior of the house was decorated with red roses.

A contest of writing the lives of each other was enjoyed also, and it was not until a late hour that Mrs. McCown gave the signal of home-going time by serving brick ice cream and angel food cake.

BRIDGE CLUB

Mrs. J. C. Clinton entertained the

Bridge Club last Friday afternoon in a handsome way.

The color scheme was pink, pink roses everywhere, LaFrance, American beauties and others adorned the house throughout.

Tally pads and score cards were pink wild roses and the tables covered with pink.

Four tables were arranged and the following guests played in addition to the club members:

Mesdames Emily Swift, of Maine, Vernon McIntyre of Marathon, S. A. Cottle, J. N. Crawford, Henry Hefley, W. A. Bonds, Misses Clara Curtis and Aline Work.

At the conclusion of a number of interesting games it was found Miss Aetna Smith carried off the prize for the club members, a novel variety of geranium, and Miss Aline Work the prize for the guests, which was a lovely Martha Washington geranium.

Mrs. Clinton was then assisted most charmingly and sweetly by her three little daughters in serving a two course luncheon consisting of chicken salad, pineapple fruit salad, olive sandwiches and strawberry ice cream and white cake iced in pink.

PRISCILLA CLUB

Mrs. Oxsheer Smith entertained the Priscilla Club last Thursday, with her mother, Mrs. Emily Swift of Maine, as honor guest.

Mrs. Smith's parties are always perfect in every detail and this one was second to none. The home was resplendent in decoration. The living room in LaFrance and American beauty roses, the hall in white lilies and dining room in red lilies.

There was a short business session as usual, roll call, minutes read, and the following note read by the Secretary:

Dear Priscillas:

The "Grandmother" of the Priscilla Club sends greeting and invites you to a reunion at her home the 5th Thursday, April 29th at four o'clock.

She invites all present members and all ex-members.

"Grandmothers" are proud and she wishes to gather her "children" together and show them her handiwork done since she last met with them four years ago.

Affectionately,
"Grandmother."

Mrs. Smith believing that "Variety is the spice of life," varied her entertainment from the usual needle work and had an observation contest. She invited her guests into the dining room where she had on display one hundred articles. They were given five minutes to observe the articles and ten in which to write down all they could remember.

Mrs. Judd Davis was winner in this contest and was given an individual butter mold.

Pink and green was carried out in a delicious two course luncheon, consisting of fruit salad, cheese balls, lettuce sandwiches, strawberry ice cream and watermelon cake. Plate favors were old fashioned bouquets.

Guests were: Mesdames T. S. Henderson, Sr., H. F. Smith, Sr., Geo. A. Thomas, Jeff Kemp, C. W. Lawrence, Cochran, R. H. McIntosh, Robert McLane, Ben Atkinson, C. N. Green and Tiff Moore.

WILL GIVE BOX SUPPER AT BEN ARNOLD SATURDAY

The announcement is made from Ben Arnold Wednesday that a box supper will be given there Saturday night under the auspices of the Parent-Teachers' Association.

The supper will be held in the High School Auditorium and the proceeds from the supper will go to the benefit of the school. The Parent-Teachers' Association of Ben Arnold extends an invitation to the citizens of Cameron to be present at the supper and to participate in the social features of the evening.

It is expected that a number of Cameronites will motor out to the little city of Ben Arnold for the supper.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

ty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and

draw it through your hair, taking the strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

Ford
THE UNIVERSAL CAR

When you want your Ford car repaired, insist always upon getting the genuine Ford Parts, made by the Ford Motor Company, in order to insure Reliable Quality. There are "spurious," "counterfeit," "imitation" parts made by outside concerns who have no regard for quality in material, so insist on your Garage or Repair Man furnishing you the genuine Ford Parts. All reliable garages may now buy the genuine Ford Parts from us—so there's no excuse for any one using the "bogus" parts. To be sure, bring your car to us for repairs and replacement.
